EBSB CAMP

Name of the program : **EBSB Camp**

Date : 25th June to 30th June 2020 Mode : Online camp

Camp by : L/CPL Harshitha reddy

✓ EBSB Camp -

- As the name suggests ek bharat shreshth bharat involves cadets from different directorates. The main aim of the camp was unity in diversity. As compared to all other ncc camps which lay emphasis on drill, pt, weapon training, etc, the focus of ebsb was on cultural activities and from my point of view, we were encouraged to live with people from all over India, a diverse country in which more than 400 languages are spoken. we got to learn and share about our different traditions and aspects of culture of other states. we were paired up with northeastern directorate.
- On the first day of the camp we learned about each other's history, culture and traditions among which I discovered a very interesting fact. Did you know that northeastern states have some of the highest gender and literacy ratios? Women are treated equally and are given equal opportunities as men.
- Second day was very interactive in which we learned each other's languages , we became so competitive to learn each other's language I couldn't believe my ears when they started using complex telugu words that even I couldn't pronounce and they learned telugu faster than us and we lost the game.
- Food is one of the most important expressions of cultural identity. So on the third day, cadets presented videos of different food cuisines.
- Fourth day was my best pick because cadets of both directorates performed folk dances live, showing us their hard work and talent .
- And the last day ended with a public speaking competition , and also a Quiz competition in which I won 1st prize.
