

**LITTLE FLOWER DEGREE COLLEGE  
UPPAL, HYDERABAD - 39**

**REPORT:  
EVENT – “BUILDING A PYRAMID”**

The Department of Library Science, conducted an event “**Building a Story Pyramid**”. It contains certain instructions to describe the important information from a story such as main character in a pyramid form.

The **objective** of this is to assist the students to produce and arrange the ideas and characters clearly before they start writing, as well as capture the essence of the story in few words.

The event saw 15 students participating enthusiastically and they understood the concept, storyline and its characters well.

The **outcome** was the students were able to pull out information, such as main character, their traits, setting, conflicts and solutions of the story.
