**REPORT:**

**Inter-Collegiate Science Fest at St. Mary's College - Feb 23, 2024**

St. Mary's College hosted an exhilarating Inter-Collegiate Science Fest on February 23, 2024, attracting students from various institutions to showcase their talents and passion for science. The science fest featured a diverse range of competitions designed to challenge participants' scientific knowledge, creativity, and problem-solving skills.

1. **Jest Jotter:** A competition that tested participants' ability to articulate scientific concepts with wit and humor, fostering communication and scientific skills
2. **ODE to Code:** An event focused on programming skills, where participants were tasked with solving coding challenges within a specified time frame.
3. **Treasure Hunt:** A thrilling adventure that combined scientific knowledge with deductive reasoning and teamwork, leading participants on a quest to uncover hidden treasures while solving scientific puzzles along the way.

B. Shiva Prasad, P. Vishnu Priya, M. Vivek Kumar, K. Ganesh from BSC MECS III showcased their talent in the various competitions, with notable achievements including securing the second position in the "ODE to Code" competition. Their commendable performance reflected their dedication, skills, and preparation for the event. In recognition of their achievements, St. Mary's College honored the participating students with certificates acknowledging their participation and achievements.
