

## LITTLE FLOWER DEGREE COLLEGE UPPAL, HYDERABAD

Dr. Gomathi.K, Assistant Professor from Faculty of Zoology attended the **Online NEP orientation and sensitization program by UGC Malaviya Mission Teacher Training program, UGMMTTC, Osmania University from 04.01.2024- 12.01.24 through online Google meet.**

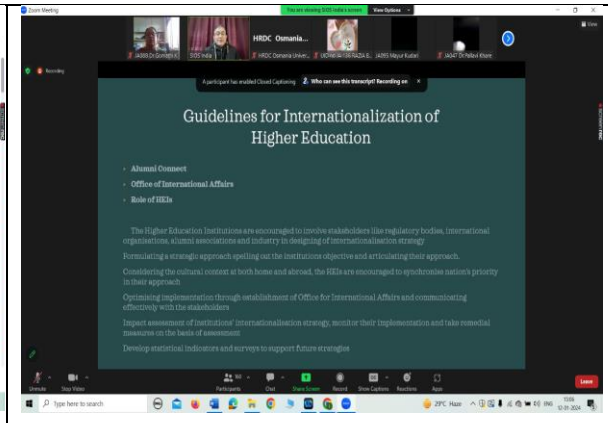

The eight-day curriculum was divided into two sessions per day, each covering a detailed element of each topic. The primary goal of the session is to strengthen leadership, multidisciplinary education, and information and communication technical skills. The sessions resulted in the acquisition of knowledge about the most recent advancements in New Education policy, as well as the development of technical skills in ICT comprehension, the centric pedagogical model, and the ability to build information and communication technology. Overall, the event was an instructive and interesting experience for the researchers and other academicians from various colleges. The lessons helped to improve a variety of teaching skills.

Online session on Skill development

Online session on Indian Knowledge system
