St. Louis De Montfort (31-01-1673 to 28-04-1716)

Founder of Montfort brothers of St. Gabriel, The Company of Mary (Montfort Priests) and Daughters of Wisdom (Montfort Sisters).

Montfort - The Founder

Born on 31st January 1673, Louis Mary Grignon, popularly known as Montfort, grew to be a prophet of his times. He saw God in the poor and gave his life for their cause. In him welled up a constant spring of love, courage, self-surrendering service and commitment for the cause of the poor and the down trodden. The source of this unending spring was God always. He died on 28th April 1716, but his spirit lives on today in the Congregation of Montfort Brothers of St. Gabriel, Priests of the Company of Mary, Daughters of Wisdom and the numerous Montfortian Associates.

Montfort Brothers of St. Gabriel

Though the Montfortian society was founded in the 18th century, it is only in 1903 that the Brothers came to India. Today they work in over 200 educational, social and cultural establishments throughout the country.

The activities of the Brothers of St. Gabriel in India are as multifarious as the needs of the country. They can be found in schools, technical institutes and colleges of higher learning, in the special education and rehabilitation of the blind and the deaf, in care for the aged, disabled and orphaned, in youth organizations, in the urban slums and remote tribal villages and in movements for civil rights and communal amity.

You being a member of this institution are a part of this Montfortian family, a part of the growth process in which we all travel together inspired by St. Montfort - Our Founder.

Vision

Quality education that fosters academic excellence, value enrichment and social responsibility, which promote holistic development, inclusivity and nurture individuals who contribute positively to society.

Mission

Cultivate academic excellence, instill ethical values that promote integrity, social responsibility through community engagement and prepare individuals with essential skills to navigate the challenges of the dynamic world and foster holistic development by embracing diverse perspectives.

- To encourage staff and students to strive for the highest standards in academics, sports, and extracurricular activities.
- To instill honesty, responsibility, and moral uprightness in all aspects of life.
- To enhance skills to face the challenges of the competitive world.
- To celebrate the diverse talents and interests.
- To promote a spirit of selflessness and compassion towards others.
- To develop responsible leaders in society.
- To cultivate Self Discipline, Self-esteem and a strong work ethic.
- To Nurture spiritual development within an ethical framework

OBJECTIVES

Founded on the principles of academic excellence and holistic development, LFDC is a beacon of learning, innovation and social responsibility. LFDC stands as a testament to the transformative power of education and has dedicated to nurturing not only scholarly minds but also compassionate hearts preparing students to excel academically while embracing values that enrich their lives and society.

- Foster a culture of intellectual curiosity, critical thinking and to engage in continuous academic excellence to enhance teaching and learning.
- Integrate ethical values and principles across curriculum to instil integrity, empathy and social responsibility.
- Promote diversity and inclusivity by incorporating sustainability practices into campus operations and curriculum.
- Encourage initiatives that address social justice issues, promote inclusivity and advocate for the rights of the marginalised communities with a sense of shared humanity.
- Emphasise the importance of lifelong learning and adaptability to prepare for future challenges in a rapidly changing world.

CORE VALUES

Excellence, **I**ntegrity,
Equality and **U**niversal brotherhood

Correspondent's Message

Dear Students, Faculty, Parents, and Friends of Little Flower Degree College,

It gives me immense pleasure to present to you the annual magazine of Little Flower Degree College, a testament to our commitment to academic excellence and holistic development.

The past year has been remarkable in many ways. Our dedicated staff have worked tirelessly to ensure that our students not only excel academically but also develop into well-rounded individuals. Through rigorous academic programs and a well-structured schedule, we have nurtured a conducive environment for learning and personal growth.

Our students have participated in various activities, tournaments, workshops, and exposure events throughout the year. These opportunities have allowed them to broaden their horizons, develop new skills, and showcase their talents. It is heartening to see the enthusiasm and dedication with which our students engage in these endeavors.

We are also proud to share that Little Flower Degree College is on the path to obtaining NAAC accreditation this year. This milestone reflects our continuous efforts to meet and exceed the standards of educational excellence and infrastructure. We believe that NAAC accreditation will further elevate the quality of education we provide and enhance our institutional reputation.

In addition to academic and extracurricular achievements, we have been focusing on the infrastructural needs of the college to support our growing community. Enhancements in our facilities are aimed at creating an optimal environment for learning and development.

As we look forward to another productive year, we remain committed to the holistic growth of our students. We are confident that the experiences and knowledge gained here will empower them to achieve their dreams and contribute positively to society.

I extend my heartfelt gratitude to all the faculty members, students, parents, and well-wishers who have been a part of this incredible journey. Your support and dedication are the pillars of our success.

Warm regards,

Bro. Arun Prakash
Correspondent

Principal's Message

"INNOVATION IS SEEING WHAT EVERYBODY HAS SEEN AND THINKING WHAT NOBODY HAS THOUGHT "

- Dr. Albert Szent-Gyorgyi

Dear Students, Parents, staff and all well-wishers of Little Flower Degree College, I want to thank you for all your support in our endeavour for academic excellence and holistic development of each individual.

Reflecting on our theme for the year, **"Inspire Innovate Integrate,"** summarizes our commitment to realizing our vision of delivering quality education. This approach involves nurturing creativity, critical thinking, and innovative skills among students. It aims to equip students not only with academic knowledge but also with the essential skills needed to navigate the ever-changing world effectively. We believe in providing quality education and continue to strive towards maintaining and improving our standards.

In today's fast-paced world, the cultivation and refinement of skills are vital. Our emphasis lies in recognizing, cultivating, and unleashing the dormant talents and potential within each student through co-curricular and extracurricular activities. Through a diverse range of literary, cultural, and sports engagements, we nurture their holistic growth. This is evident in our student's achievements at university, National and International level. Adding an extra feather to this endeavour we are proud to announce the sanction of NCC Unit in our institution, **'1 TELANGANA ARMD SQN NCC SECUNDERABAD GROUP'**.

The strength of our partnership with all stakeholders is evident in the progress and achievements of our students. Our management and staff embrace a supportive and inclusive approach, ensuring each student receives personalized support to develop into capable, responsible and productive citizens of our country. Looking ahead, I am confident that we will sustain this journey with renewed enthusiasm, consistently offering a platform for comprehensive learning to the next generation of students and achieve new milestones.

All the Best

Mrs. Jayanthi Reddy P.
Principal

Fifth Generation Technology 5G

Alongside 4G LTE is 5G technology, which is the fifth generation of mobile network communication which promises to outperform previous generations in terms of speed latency, and simultaneous connections with many more devices.

Peak speeds on 5G networks could reach up to 10 Gbps (gigabits per second), which is significantly faster than those of 4G networks at the moment

The term “latency” describes the time lag that exists between sending and receiving data. In order to make real-time applications such as online gaming, driverless cars, and remote surgery possible, 5G promises to cut latency down to as little as 1 millisecond (ms).

5G networks are capable of supporting far more devices per unit area.

Network slicing, which allows a single physical network to be split up into several virtual networks, is a notion that 5G introduces. To ensure more effective use of network resources, each slice can be tailored for certain users or applications.

Industries including manufacturing, healthcare ,transportation, and entertainment are predicted to undergo a transformation because of 5G. Innovations like real-time factory equipment monitoring, remote robotic surgery, and immersive augmented reality experiences will be made possible by it.

More tiny cells and denser network coverage are required for the deployment of 5G networks, necessitating major infrastructure modifications.

As a whole,5G technology promises to open up new avenues for connectivity and communication, opening the door for innovations that may completely change the way we interact, work, and live in the years to come.

In spite of the disadvantages of 5G such as infrastructure costs,Compatibility Issues, Potential Health Concerns,Interference and Reliability and Security Risks there is a significant potential benefits, to realise the full feasibility and reduce dangers and concerns related to technology.

Mr. S . V. VIJAY REDDY
Head, Dept. of Physical Sciences.

समाज और साहित्य का अंतः संबंध

साहित्य और समाज के बीच अटूट संबंध है। ये दोनों एक दूसरे को पोषित करते हैं, सशक्त बनाते हैं। समाज की विभिन्न संवेदनाएँ साहित्य में प्रकट होती रहती हैं जैसे कि सुख, दुःख, संघर्ष आदि। इस प्रकार, साहित्य और समाज एक सिक्के के दो पहलू की तरह हैं। साहित्य मानव जीवन में अत्यंत महत्वपूर्ण भूमिका निभाता है। इसके बिना जीवन नीरस और अधूरा हो जाएगा। साहित्य केवल मनुष्य के विचारों और भावनाओं का आदान-प्रदान नहीं करता, बल्कि यह जीवन को रंगीन, सुंदर, आनंदमयी और सुखदायी बनाता है। यह समाज की आत्मा को परिष्कृत करके उजागर करता है। समाज के मनोवैज्ञानिक और सामाजिक मूल्य उद्घाटित करता है। साहित्य समाज की समस्याओं को समझने और उनके समाधान के लिए मार्गदर्शन प्रदान करने का एक मुख्य माध्यम हो सकता है। साहित्य व्यक्ति के चरित्र निर्माण में भी एक अहम भूमिका निभाता है। जिस प्रकार अच्छे मित्र जीवन में महत्वपूर्ण होते हैं, उसी प्रकार अच्छा साहित्य भी व्यक्ति को समाज के प्रति जिम्मेदार और कर्तव्यनिष्ठ बनाता है। यह जीवन मूल्यों की शिक्षा देता है। बेहतर इंसान बनने की प्रेरणा प्रदान करता है। इसके माध्यम से व्यक्ति को आत्मज्ञान प्राप्त हो सकता है। साहित्य के निरंतर अध्ययन से उसकी सोच में गहराई आती है। साहित्य समाज में सकारात्मक परिवर्तन लाने के लिए भी महत्वपूर्ण है। यह सामाजिक संरचनाओं में सुधार के लिए मार्ग प्रशस्त करता है। समस्याओं के समाधान के लिए नए कोण से विचार करने के लिए प्रेरित करता है। समाज की बुराइयों को उजागर करता है। इसके साथ ही, साहित्य का सांस्कृतिक और ऐतिहासिक संदर्भ समाज की धरोहर को संरक्षित करता है और भविष्य की दिशा तय करने में मदद करता है। समाज और साहित्य के बीच यह अंतर्संबंध एक दूसरे को निरंतर प्रगतिशील बनाता है। साहित्य के माध्यम से समाज की समस्याओं का समाधान प्राप्त किया जा सकता है और एक समृद्ध, सुखी और संवेदनशील समाज का निर्माण संभव है।

Emerging Trend Blockchain Technology

Emerging Trend: A new or developing pattern, phenomena, technology, market dynamics, or social standards that is gaining popularity and has the potential to have a bi impact on its particular field is known as an emerging trend. These tendencies are frequently brought about by developments in technology. Rising trends have the power to disrupt current norms, practices, or markets, leading to substantial changes in how businesses operate, how consumers behave, or how policies are formulated.

Blockchain Technology: Peer-to-peer safe and transparent transactions over a distributed network of computers are made possible by blockchain technology. Blockchain runs on a decentralized network of computers (nodes), in contrast to conventional centralized systems where data is stored and managed by a single organization (such as a bank or a firm).

A collection of records called blocks, which are connected and guarded by cryptography, make up the blockchain. This list is constantly expanding. Time stamps, transaction data, and a cryptographic hash of the previous block are all contained in each block.

After a block is recorded, its data cannot be changed backward without changing all of the blocks that come after it. Any member of the network would observe and comprehend transactions on a blockchain.

Consensus techniques are used by blockchain networks to reach an understanding among nodes regarding the legitimacy of transactions prior to their recording on the blockchain.

Practical Byzantine Fault Tolerance (PBFT), Proof of Stake (PoS), and Proof of Work (PoW) are some examples of these variants.

Blockchain technology has several challenges, including high transaction volumes, energy consumption, platform compatibility, and privacy concerns.

Blockchain technology offers a new method for secure, transparent, and decentralized digital transaction and data administration. Research and development on its possibilities are still being conducted globally and has the potential for man to perceive it as a future sophisticated network.

Faculty Orientation Programme

Teacher-Student Relationship and Self Awareness

Internal Quality Assurance Cell (IQAC) organized a Faculty Orientation Program on July 12, 2023, to enhance faculty's understanding of fostering positive relationships with students and increasing self-awareness in teaching practices. The resource person, Dr. G. Padmaja, Associate Professor and Head, the Centre for Health Psychology School of Medical Science, University of Hyderabad, explained both topics in two sessions, actively engaging the faculty. Talking about the teacher-student relationship, ma'am explained Transactional Analysis, a psychoanalytic theory used for determining the ego state (parent-like, childlike, or adult-like) as a basis for understanding behaviour. And to help improve and develop self-awareness. Dr. Padmaja expounded on the Johari Window Model, which would aid in understanding relationships with ourselves and others. Sessions were lively, interactive, and practical strategies and insights were discussed.

Mentoring & Stress Management

Internal Quality Assurance Cell (IQAC) organized a Faculty Orientation Program on July 13, 2023, on the topics “Mentoring” and “Stress Management” to help the faculty understand the intricacies of mentoring and stress management. The Resource Person, Dr. B. Hymavathi, a psychological counsellor at the University of Hyderabad, explained in her session on “Mentoring” that it is a skill that has to be acquired. She discussed elaborately on how one can become successful in the art of mentoring.

Session on “stress management” was delivered by Mr. M. Subhash, Psychological counsellor, University of Hyderabad. He explained the causes for stress, long term effects of stress and discussed different approaches that could be adapted to manage stress. Sessions were lively, interactive, and practical strategies were discussed, which led to an insightful learning.

Faculty Induction

The Internal Quality Assurance Cell (IQAC) organized a Faculty Induction Program on July 14, 2023. This program was conducted to orient lecturers on various generic aspects of teaching-learning, instructional methodologies, assessment and evaluation techniques, and ICT-enabled teaching-learning and equip them with knowledge of rules and regulations. The induction program started with the introduction of the new faculty. Ms. Jayanthi Reddy, Principal, elaborated on the vision and mission of the college, along with the roles and responsibilities of the teaching fraternity. In addition to that, coordinators of various cells and committees explained their expectations.

PG Farewell

M.Sc. Statistics and M.A. Psychology students of first-year organised a farewell for the first outgoing batch of PG final year students at Montfort Hall on July 15, 2023. The event started with the lighting of a lamp, followed by prayer. Correspondent, Rev. Bro. Arun Prakash administered the oath of the students. In addition, he addressed them, and wished them success. Moreover, several games and dance performances were conducted to entertain the students. Principal Ms. Jayanthi Reddy gave the prizes to the winners of the competitions, Mr. and Ms. Fresher, Best costume as well as Mr. and Ms. Confident. The event ended with a scrumptious lunch.

Winners of the competitions

1st Year Orientation

Little Flower Degree College, Uppal, has organized the orientation program for first years, centered on the theme “Impact of Parents Involvement in Their Ward’s Well-rounded Performance” on July 31, 2023. A soulful prayer song by the choir group set the tone for a meaningful day and continued with an engaging dance performance. Throughout the event, the pivotal role of parents and mentors in shaping students’ overall growth was emphasized. Informative presentations were shown on various aspects of college, which include NSS, NCC, cultural, literary, sports, and languages, to motivate the students. Esteemed speakers, Principal Ms. Jayanthi Reddy and Father Vijay Joseph, delivered insightful messages that resonated deeply with the attendees, leaving a lasting impact. The program concluded with heartfelt expressions of gratitude from parents, fostering a sense of unity and enthusiasm among the students as they stepped into their academic journey.

COLLEGE EVENTS

Orientation Program for Second & Final Year's

Little Flower Degree College has organized an orientation program for the II and III-year students on August 1, 2023. Separate sessions were held for III-year and II-year students. Principal of the college, Ms. Jayanthi Reddy gave the welcome address. Rev. Brother Arun Prakash, Correspondent of the college, addressed the students. In his address, he spoke about how students should embrace change and face challenges to become better individuals. It was followed by a session by Father Vijay, a psychologist, on 'Self-Esteem and Personality Development'. Fr. Vijay interacted with students, made them realize the importance of self-worth, and explained to them how to 'unlearn' their previous knowledge to gain new knowledge. He also stressed the importance of hard work to achieve long-term goals and attain success in life. This program motivated the students to begin the academic year with confidence and take on challenges that will come their way.

Elections

The student election at Little Flower Degree College, held on August 14, 2023, showcased vibrant participation and engagement. Candidates campaigned vigorously across classes and on social media, presenting innovative ideas. The voting process, conducted online, saw a commendable turnout, underscoring significant student interest. Results were promptly announced after counting, marking the election's successful conclusion. In conclusion, the student election was a testament to the power of student voice and the importance of active participation in college governance. It provides invaluable lessons in leadership, responsibility and civic duty, setting a strong foundation for future student led initiatives and elections.

Independence Day Celebrations

The NSS Unit of Little Flower Degree College conducted an online quiz on August 15, 2023 as a part of Independence Day Celebrations. The youth rarely have time to remember our rich history and culture in today's fast-paced, intensely competitive daily life. This is especially important while the country is celebrating Azadi ka Amrit Mahotsav. The NSS program officer, Mr. M. Prashanth, prepared the quiz and posted the Google Form link in the WhatsApp groups where the students could access the link and attempt the quiz. Link for the quiz was available for 12hrs(9AM-9PM). The quiz was taken by 83 students and many students successfully attempted the quiz and scored above 75%. Online Certificates were given for those students.

Little Flower Degree College celebrated India's 77th Independence Day with a disciplined NCC cadet parade on August 16, 2023. Led by Rev. Bro. Arun Prakash and Principal Ms. Jayanthi Reddy, the event highlighted unity and patriotism. Cadets displayed impeccable skills, honouring the "Azadi ka Amrit Mahotsav" spirit. The ceremony included a Guard of Honour and Sword Honour, symbolizing their commitment. Students' enthusiastic participation enhanced the event's significance, fostering unity and national pride.

COLLEGE EVENTS

Investiture Ceremony

The Investiture Ceremony held at Little Flower Degree College on August 19, 2023, marked a significant milestone in the college's annual calendar. The primary objective of the ceremony was to officially confer responsibilities on the newly elected student council members for the upcoming academic year. The Chief Guest, Mr. L. V. Subramanyam, IAS (Retired) not only graced the event, administered the oath to the Students Council but also appreciated the resourcefulness of management to pledge to teach and encourage leadership skills during the learning process and congratulated the students for being part of such a great institution. He also appealed to the students to work hard, maintain the reputation of the college, not allow others to decide for them, learn the habit of listening, carry a smile on their faces and positivity around them.

Inter Collegite Cultural Competitions for Educators

Inter-collegiate competitions for educators were held on August 29, 2023. The event began with a ceremonial lamp lighting, led by Principal Ms. Jayanthi Reddy, Cultural Coordinator Ms. Gayatri, and Cultural Secretary B. Jithender. Following a prayer, the competitions commenced, featuring categories such as Solo and Duo Singing, as well as Solo and Duo Dance. Faculty members from institutions like Little Flower Degree and Junior College, St. Ann's High School, Rishi School, and others participated and won prizes. In the afternoon, the Valedictory ceremony honoured winners of the event's competitions through prize distributions. In the singing event, organized by LFDC, Ms. Gayatri and Ms. Prativa were positioned as judges and Ms. Gomathi secured the first position, followed by Ms. Gayatri in second place and Ms. Radha Anila in third in the competition. For the dancing competition, the judgement was given by Ms. Hema and Ms. Deepika, where Ms. Rani Srinivas from St. Ann's High School claimed the first place, with Ms. Radha Anila from LFDC securing second place, and Ms. Prasanna from St. Ann's High School earning third place.

Teacher's Day Celebration

The Student Council of Little Flower Degree College celebrated Teacher's Day on September 5, 2023, in Montfort Hall. Students from various groups, along with the Student Council, came together to host a special event for the teachers. The program commenced with a welcome dance, followed by the lighting of a lamp by the Correspondent, Rev. Bro. Arun Prakash, Principal Jayanthi Reddy, and senior faculty members. A prayer marked the beginning of the event, followed by the president's welcome speech dedicated to all the teachers. Dance performances were showcased by the final-year BSc MSCS students and first-year BSc BTMC students. The Harmonix team delivered a melodious performance, and gifts were distributed to the faculty members by the Student Council. As a token of appreciation, the Student Council, with the assistance of the media corner, prepared a brief video presentation for the faculty. Rev. Bro. Arun Prakash expressed gratitude to the students for organizing the program. Later, Lakshmi Ma'am, the Head of the English Department, delivered a vote of thanks.

Ethnic Day Celebrations

On September 30, 2023, Little Flower Degree College, Uppal, celebrated Ethnic Day in Karunya Court from 12:00 p.m. to 01:40 p.m. Students dressed up to celebrate the day, emulating the varied traditional garb of the country. These were planned as a way to remember this day. After Chaitanya of B.A. 2 gave a speech about the day's significance, there was a welcome dance. Third-year students showcased various dances from various states, along with a traditional Telugu song played. Additionally, a mellow and melodic song mash-up was done. The winners of the competition received awards from the LENVIN club. As the vibrant and colourful event came to an end, council members gave the vote of gratitude.

COLLEGE EVENTS

Educational Tour

The Educational Tour Committee organized a week-long educational tour for the students from October 16, 2023, to October 23, 2023. As it was an educational tour, it was decided to visit places that would help students learn, experience, and understand. Three staff members accompanied the students. This trip allowed us to experience the vibrant culture of the capital city, explore the wilderness of Jim Corbett, and unwind in the serene hills of Nainital. In Delhi, students visited historical monuments, enjoyed its street food delights, and shopped in the magnificent market of Karol Bagh. In Jim Corbett National Park, we experienced and enjoyed an exhilarating jungle safari. Jim Corbett National Park emphasizes responsible tourism and conservation efforts, making it a perfect travel destination for nature enthusiasts. The final leg of our journey was in Nainital, a charming hill station nestled in the Kumaon foothills of the Himalayas. In Nainital, we enjoyed the beauty of Naini Lake and Naina Devi Temple. Our students also participated in thrilling adventures such as paragliding, riding the ropeway, boating, and more. Our journey through Delhi, Jim Corbett National Park, and Nainital was a diverse and enriching experience. We were able to immerse ourselves in India's history, admire its wildlife, and find solace in the serene hills. This mesmerizing trip left us with lasting memories and a deep appreciation for the cultural and natural treasures of Northern India.

Xavier Board Annual General Meeting - 2023

The Annual General Meeting of the Xavier Board of Higher Education in India was held at Rajagiri College of Social Sciences in Kochi, Kerala from October 21st to October 23rd, 2023. Ms. Pannaga, the Coordinator of the Collaborations Committee, attended the meeting. On the 21st and 22nd of October 2023, sessions were conducted by the Xavier Board where eminent speakers were invited to share their insightful views on the future of higher education in India. The meeting was conducted on October 23rd from 9:00 a.m. to 11:30 a.m. The objective of the meeting was to discuss pending tasks, such as closing unused bank accounts and renting additional space at the Xavier Board office in Bangalore. Other details such as receipts, payments, and financial statements were discussed. The board members, including the regional boards, shared their opinions on the points discussed and agreed to offer assistance on board-related matters.

PG Freshers' Day

The PG Freshers' party for first-year students of MSC in Statistics and MA in Psychology took place on December 9, 2023. It commenced with the lighting of a lamp by Correspondent Rev. Bro. Arun Prakash and Principal Ms. Jayanthi Reddy, alongside the first-year students. A prayer was held, and the event started off with a welcome dance. Correspondent Rev. Bro. Arun Prakash addressed the students, emphasizing the significance of discipline. Following this, various cultural programs and games were conducted. Later the Mr. and Miss. Fresher contest was conducted. This contest comprised two rounds: the first round involved self-introductions, followed by a second round of questions and answers. Principal Jayanthi Reddy announced the results for Mr. Fresher and Ms. Fresher. The winners were: • Mr. Fresher: P. Rahul, MA Psychology • Ms. Fresher: Geetha Krishna, MA Psychology • Mr. Best Costume: Venkateswarlu, MA Psychology • Ms. Best Costume: Shruthi, MA Psychology. The event concluded with a vote of thanks by Ms. Fresher, Geethika Krishna, followed by the National Anthem.

Pre-Christmas Celebration For Students

Little Flower Degree College, Uppal, has conducted Pre-Christmas celebrations for the students on December 19, 2023 at Monfort Hall. The celebration started with invoking God's help through prayer and worship. Students from different streams, actively played a role in Christmas celebrations, by taking part in carols, nativity skit, candle light service accompanied with blessing song. Later, a short message on importance of Christmas was given by the Correspondent, Rev. Bro. Arun Prakash where they understood the motive behind the celebration i.e to spread love, to forgive and most importantly to be grateful for the life that God has given. The celebration ended with Santa Claus engaging students in competing for chocolates, followed with cake cutting and joyful singing.

Faculty Pre - Christmas Celebration

The Prayer Committee of the Little Flower Degree College organized a festive gathering on December 22, 2023, ahead of Christmas, at Montfort Hall. The stage was adorned with festive decorations including a brightly lit Christmas tree, a Nativity scene, and gifts. Rev. Brother Arun Prakash, Correspondent of Little Flower, Uppal, Ms. Jayanthi, Principal of LFDC and Ms. Sadhana, Principal of LFJC, were present at the event. The program emphasized the significance of Christmas, focusing on the birth and sacrifice of Jesus Christ for humanity, conveyed through scripture reading, carols, and intercessory prayers. The Nativity Scene depicted the essence of love, joy, and peace, symbolizing Christ's humble birth. Reverend Brother Arun Prakash extended Christmas greetings and encouraged everyone to embrace and spread love, joy, and peace, following the essence of Christmas. A highlight of the event was a gift exchange, with Santa distributing gifts to all attendees. The gathering concluded with a delightful lunch, fostering a sense of Christmas merriment among all present.

Potluck

On January 3, 2024, the Recreation Committee of Little Flower Degree College organized a faculty potluck lunch to promote fellowship and kindness among faculty members by sharing homemade dishes. The faculty members showcased their culinary skills and cultural diversity through a wide array of delicious dishes. There was a joyful atmosphere, fostering deeper connections and goodwill among participants. This initiative not only encouraged teamwork and collaboration but also provided a platform for faculty members to relax and unwind, enhancing overall morale within the institution.

The institutional Heads, teaching and non- teaching staff of the college, enjoying the delicacies of potluck.

Staff Tour

The recreational trip organized by the recreation committee for college staff to Vizag from January 24 to 28, 2024, proved to be a rejuvenating experience, fostering friendship and relaxation. Coordinated by Ms. Sheela, the itinerary struck a balance between team-building activities and leisurely exploration, enriching the staff's perspectives beyond their daily academic engagements.

Day One commenced with an evening departure from Secunderabad station by Godavari Express, culminating in an early morning arrival at Vizag's Hotel Athidi Inn.

Following breakfast, staff members visited Simhachalam Temple and Ross Hill Church for spiritual solace. The day continued with explorations at Kailasagiri, Rishikonda Beach, and the museums at RK Beach, concluding with a communal dinner.

Day Two saw an early start with checkout from Hotel Athidi Inn and a journey to Araku Valley. En route, the group explored Borra Caves and Katiki Waterfalls, engaging in a challenging yet rewarding hike. The evening at Hotel Rajadhani featured a campfire and Dhimsa tribal dance, enhancing cultural appreciation.

Day Three began with sunrise viewing and fog experiences, setting a tranquil tone before visiting Chaparai Waterfalls. The trip concluded with a return journey to Hyderabad via VSKP NED SF train by 7:00 pm.

Overall, the trip to Vizag not only provided relaxation but also strengthened interpersonal relationships among the staff. It facilitated a broader cultural and natural exploration reinforcing the recreation committee's goal to bridge classroom learning with real-world experiences. The successful execution of the itinerary ensured that all participants returned with enriched perspectives and fond memories of their time in Vizag.

LF FEST 2K24

Little Flower Degree College, Uppal, Hyderabad, hosted its vibrant annual festival, “LF Fest 2k24,” on February 11, 2024, with great enthusiasm and meticulous planning. Preparation began a month ahead, with students forming teams overseen by council members to manage every aspect from social media to venue design. The event kicked off with a lively banner unveiling on January 18, attended by celebrities Roll Rida and Madhu Nandan, adding to the anticipation. The fest officially commenced with a traditional lamp-lighting ceremony on the event day, led by Rev. Bro. Arun Prakash and Principal Ms. Jayanthi Reddy, followed by engaging performances and contests. Renowned figures like MC Mike and Satyam Master dazzled the crowd with rap and dance performances, while movie crews interacted and promoted their films.

Food Carnival offerings delighted attendees with diverse cuisines, complemented by activities like tattoo kiosks and a popular photo booth. The festival’s success was evident as it attracted around 2000 students from various colleges, fostering a lively atmosphere until its conclusion at 6:00 p.m. The organizers’ meticulous planning ensured smooth operations, leaving a lasting positive impression on participants and organizers alike.

One Day Trip to Wonderla

The Education Tour Committee organised a one-day trip to Wonderla, Hyderabad, on 16th February, 2024. The main objective of planning a trip to Wonderla is to give students a break from their studies and allow them to enjoy their day with their friends. Students from the first, second, and third years of various streams joined the trip. Wonderla offers numerous amusement rides and entertainment options, making it an ideal destination to visit and enjoy with friends. The day turned out to be a wonderful and memorable experience for everyone.

Alumni Meet

The alumni meet held on 17th February, 2024 at LFDC was a resounding success, bringing together graduates from various batches. The event commenced with a warm welcome address by Principal Ms. Jayanthi Reddy, followed by engaging activities and networking opportunities. Alumni actively participated in Mr & Miss Alumni competitions. Highlights included nostalgic moments shared through anecdotes and memories, showcasing the enduring bond among alumni. Alumni delivered insightful talks on their career journeys. The evening concluded with a lively dinner and informal discussions, fostering renewed connections and plans for future collaborations. Overall, the event was a testament to the enduring spirit and unity of our alumni community.

International FDP on Citation and Reference Management for Scholarly Writing

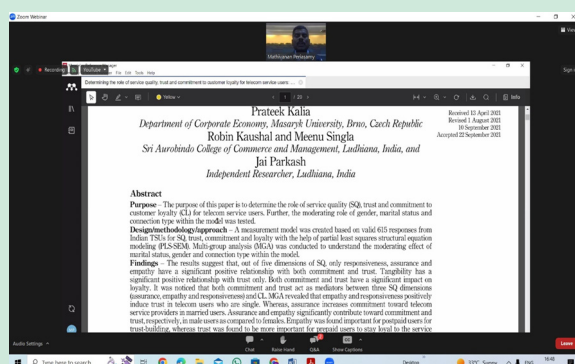

Mr. Prashanth & Ms. Swapna, Faculty of Mathematics, Ms. T. Naga Lakshmi, Faculty of Electronics, Department of physical sciences as well as MS. Suvarna, Faculty of Modern Language, Department of Arts, Ms. Sandhya, Department of Management attended a three-day International Level Faculty Development Programme on Citation and Reference Management for Scholarly Writing online from February 26th to February 28th, 2024. Dr. P. Mathivanan, Associate Professor of Decision Sciences at NSB Bangalore in Karnataka, India, is the resource person for the three-day International FDP. Dr. P. Mathivanan demonstrated how to search for articles using Journal Finder Elsevier, as well as how to find impact factors, add references by using Mendeley Reference Manager, references for the research publications. The objective of the FDP is to equip learners with the knowledge of using Mendeley Reference Manager software. Participants learned how to use the software and understood its helpfulness in their research work.

Annual Day

The Annual Day Celebration held on April 26, 2024, was a resounding success, marked by memorable moments and achievements. The esteemed presence of Rev. Fr. Dr. V. K. Swamy, Former Principal of St. Joseph's Degree & PG College, Hyderabad, added grandeur to the occasion. The event commenced with the ceremonial lighting of the lamp by the dignitaries and the student council, followed by a soulful prayer song. A captivating Welcome Dance by Vaishnavi & group extended a warm reception to the guests. The media corner showcased a virtual report of the college's achievements in 2023-24. Highlighting the commitment of faculty members, those who dedicated over a decade to the institution were felicitated. Awards were also bestowed upon students excelling in various categories including Cultural, Literary, Sports, Allrounder, Class, and Department. Special recognition was given to students with perfect attendance and outstanding academic performance, with cash prizes.

Mission Teacher Training*

*Online Session on NEP by UGC-Malaviya
Mission Teacher Training*

UGC-Malaviya Mission Teacher Training Centre under Osmania University organized an online “NEP Orientation and Sensitization Programme” throughout the year. The duration of the programme was 3 hours for 8 days from 2pm to 5 pm in any given slot. The main objective of this program was to increase the focus on strengthening teacher training and restructuring the framework of education. All the faculty members registered and participated in sessions held during various slots of the year. Each day consisted of two sessions, and each session had a highly qualified person focusing on topics related to NEP. On the last day of the program, a test was conducted with 30 MCQs to be completed within a stipulated time for the E-certificates to be generated. The faculty members answered the MCQs successfully and qualified for the certificate. The outcome of this 8-day program was that the faculty understood that every student must have equitable access to quality education, with the main focus on learning our ancient scriptures and texts to inculcate pride in our ancient form of education among teachers and students.

Birthday Celebrations

To foster a sense of community and appreciation, LFDC started a monthly celebration of staff birthdays from January 2024. Each month, a unique celebration is planned to honour staff members whose birthdays fall within that month. To create a happy mood, these get-togethers feature cake cutting, refreshments, personalized messages, and videos. This initiative has significantly improved team work and self-confidence.

Birthday celebrants for the month of January: Ms. Jayanthi (Principal), Ms. Pannaga, Mr. Nagalakshmi, Ms. A. Bhavani, Ms. Suhana, Mr. Prashanth , Mr. Naveen and Mr. Kumar

Birthday celebrants for the month of February: Ms. Sudha (Sub staff), Mr. Vijay, Mr. Ganesh and Mr. Samuel

Birthday celebrants for the month of March: Ms. Lakshmi (Accountant), Ms. Gomathi, Ms. Vanitha, Ms. Prathiva, Ms. Sheela, Ms. Manjusha, Ms. Husna, Mr. Irfan and Mr. Alex

Birthday celebrants for the month of April: Ms. Rama, Ms. Neelima, Ms. Sridevi, Mr. Jayasheelan

Birthday celebrants for the month of May: Ms. Shivani and Ms. Maheshwari

Pre - Eid-Celebrations

The Interfaith Committee organised Eid-Celebrations on 13th April 2024, at Montfort Hall at 11:30 am for the Staff members. The objective of this celebration was to embody the Values and Sacrifice symbolising both Faith and Submission. The event featured delicious traditional dishes- "SHEER KORMA" and Date palms, festive decorations and distribution of "EIDI". The event not only honoured the spirit of Eid but also strengthened understanding among colleagues, fostering a true sense of unity in diversity as well as inclusivity within our diverse workforce at LFDC. It was a memorable occasion marked by laughter, joy, and appreciation of our team member's contribution.

Farewell

The students of 1st & 2nd years arranged a farewell party for their seniors (Batch 2021-24) on 27th April 2024. The event started with the lighting of the lamp by our Correspondent Rev. Bro. Arun Prakash, Principal Ms. Jayanthi Reddy, and Student Council members followed by a Prayer song, prayer, and a welcome Dance. Every ending has a new beginning – for a good start and to build up a healthy society by our outgoing students, Rev. Bro. Arun Prakash executed an oath. He addressed the gathering by appreciating the seniors for their performances in the college during their period. Also, he advised them to work hard to reach their goals and to uphold the reputation of our institution. The students wished good luck for their future years. Volunteers of the National Service Scheme (NSS) were awarded certificates & mementos for their active participation in serving society. A short college Video was played by the 'Media Corner' about the Laurels achieved by various departments. The program continued with the cultural activities and a video prepared by the juniors about the memories with their seniors. Simultaneously Mr. & Miss LFDC, Mr. & Ms. Confidence, and Mr. & Ms. Costume contests were also conducted for the outgoing students.

9th Convocation Day

Little Flower Degree College, Uppal, Hyderabad celebrated its 9th Graduation Day on May 11, 2024 in a resplendent manner. Prof. S. Ramachandram, Former Vice Chancellor, Osmania University, graced the occasion as the Chief Guest. The Ceremony commenced with the lighting of the lamp and invocation to the Almighty. The Principal of the college, Ms. Jayanthi Reddy welcomed the gathering and applauded the graduants for their achievement and urged to hold on to the values that were instilled in them. The Chief Guest, Prof. S. Ramachandram, sharing from his own experience of his humble beginnings, said that family circumstances should not be allowed to become hurdles in educating a child from acquiring education. He further added that Education should be the highest priority of any nation, an educated child becomes an asset of the nation. Quoting Thomas L. Friedman's book, '*The World Is Flat: A Brief History of the Twenty-first Century*', The title suggests the world has a level playing field for commerce in which most competitors have an equal opportunity. Prof. Ramachandram encouraged the graduates to keep themselves updated with the advancing technology to remain competitive in a global market.

Rev. Bro. Arun Prakash, Correspondent, Little Flower, administered the Graduation Oath to the Graduants. The Chief Guest Prof. Ramachandram presented degree Certificates; it was a moment of great pride for the College as about 351 graduates from disciplines of Arts, Commerce, Management and sciences were conferred Degrees. It was a nostalgic moment as few graduates shared reminiscences of their college days. The program ended with a Vote of Thanks and National Anthem.

Sense of Accomplishment

Green Audit

Green Audit is a tool to evaluate environment management system which is systematically executed to protect and preserve the environment. It is also known sustainability audits or environmental audits and are comprehensive evaluations of an organization's sustainability practices and their impact on the environment. The Green audit constitutes the environment friendly practices and education combined to promote sustenance of green environment by adopting user-friendly technology within the campus. Nature Science Foundation Coimbatore, Tamil Nadu, India had inspected the campus for Green, Environment and Energy Audits on 3rd May 2024. Facilities for human comfort, natural topography, vegetation and monitoring, flora and fauna, rain water harvesting, waste management and air quality was analysed. The conclusion by the green audit states that the organisation has made significant progressive contributions with respect to teaching learning, research and consultancy, innovation and transfer of technology, community service and value education. The college has taken enormous efforts to maintain green campus in a sustainable manner. The installation of a rainwater harvesting system, organic waste management, vermiculture unit in campus, medicinal & terrace gardens for providing an eco-friendly atmosphere, reduce environmental impact and promote sustainable practices.

*International Seminar on Applications of
Matlab*

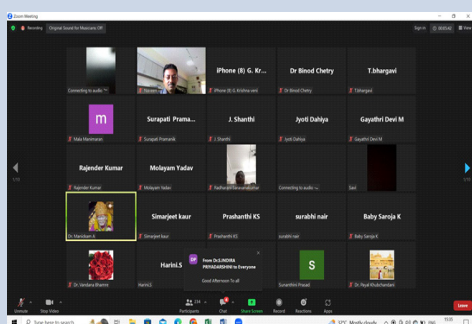

Mr. M. Prashanth, Mr. V Naveen Kumar from Faculty of Mathematics, Department of Physical Sciences attended the One-day International Seminar on “Applications of MATLAB ” was organised by the Department of Mathematics and Statistics, St. Francis college, Koramangala, Bengaluru on 13-07-2023 at 3.30 to 5.00 PM with zoom as online platform. The speaker for the session was Dr. A. Manickam, Assistant Professor, school of advanced sciences and languages, Department of Mathematics, VIT Bhopal University, Madhya Pradesh. The main objective of the seminar was to make participants aware of the MATLAB software and how to analyse, visualise the data and apply numerical techniques to solve real life related problems. The resource person started session with the definition of MATLAB and its applications in various fields and also explained in detail all the windows and basic operations, order of operations, matrix operations, linear indexing, tools for 2-D and 3-D plots as well as graphs. This seminar gave an overall understanding of applications of MATLAB.

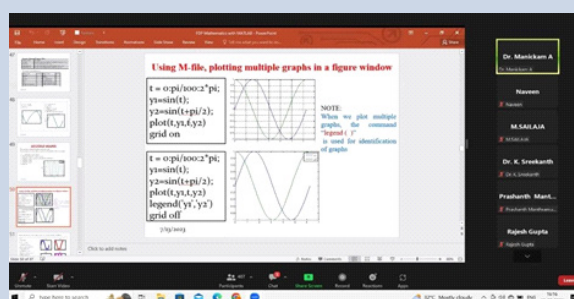

The speaker Dr. A. Manickam, Asst. Professor, School of Advanced Sciences and Languages, Dept. of Mathematics, VIT Bhopal, giving the insights of MATLAB.

The speaker Dr. A. Manickam, Asst. Professor, Dept. of Mathematics, VIT Bhopal, explaining the basic commands in MATLAB.

National Seminar on Sequence, Series, Limits, Continuity

The Faculty of Mathematics, Department of Physical Sciences in collaboration with Mar Gregorios College of Arts and Science, Mogappari, Chennai, organised the National Seminar on 5 August 2023, from 10 a.m. to 12.30 p.m. on Sequences, Series, Limits, and Continuity in hybrid mode. The resource person for the session was Dr. G. Upender Reddy, Assistant Professor, Department of Mathematics, University College of Science, Mahatma Gandhi University, Nalgonda, Telangana. In this session, the speaker enriched students' knowledge on sequences, series, boundedness of sequences, convergent and divergent sequences, oscillating sequences, and various tests to analyse whether the series is convergent or divergent. The speaker also explained the difference between limits and continuity by giving various examples. In this seminar, students learned about properties of real numbers, finding the infimum and supremum of sequences, convergent and divergent sequences, and different types of tests for finding the convergence of the series.

Field Trip to Physitech

The Faculty of Electronics, Department of Physical Sciences organised a field trip to Physitech Electronics, Secunderabad on 5th August, 2023, for III B.SC (MECS) students. The purpose of this field trip was to help the students understand the theoretical concepts that have been taught and put into practice. Students understood how lab training kits were designed, assembled, and tested. They also had hands-on experience of soldering the components on the PCB. This trip provided the students with an opportunity to understand the manufacturing process of a wide range of electronic equipment used by them in the Electronics Lab.

National Seminar on Emerging Trends in Electronics and Communication

The Faculty of Electronics, Department of Physical Sciences organised a seminar “National o Emerging Trends in Electronics and Communication” in collaboration with the Department of Electronics at St. Joseph’s College, Trichy, on 10 August, 2023, in hybrid mode. The event was conducted in I21 at 11.30 a.m. The chief guest for the programme was Fr. John W. Wilson, St. Joseph’s College. The resource person for the seminar was Dr. K. Venu Gopal Reddy, Retd. Professor, Department of Physics, Osmania University. The purpose of the programme is to help the students understand how the electronics industry is changing at a fast pace. Dr. Venu Gopal Reddy explained in his talk about the evolution of electronic technologies, challenges in these technologies, and career opportunities in this field. Students gained knowledge about the new branches that evolved with new inventions in electronics.

Ms. Likitha Sree from III B.SC M/ECS introducing the resource person.

Field Trip to Abacus it Park

The Faculty of Computer Science, Department of Physical Sciences organised a field trip for all BSC first year students to Abacus IT Park (WINDOW SOFT) at 11am on 12th August, 2023. Mr. Sathish Panniru, CEO of Window Soft IT Company, explained the company management as well as the tools like Chat GPT, Android, and iOS-based system development projects to our students. In addition, he enlightened the students on the work environment in the IT Company. The students actively participated and experienced the IT company environment. They asked some queries regarding the tools that are mostly used in the IT sector.

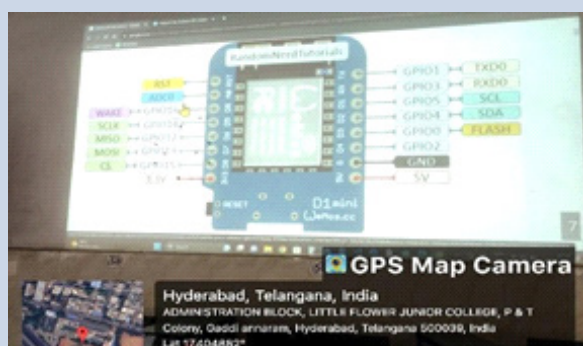

Ms. P. Bhavani & Ms. K. Swetha accompanied students to Abacus IT Park, Window Soft IT Company

FDP on Investing in Yourself Wellness for Performance

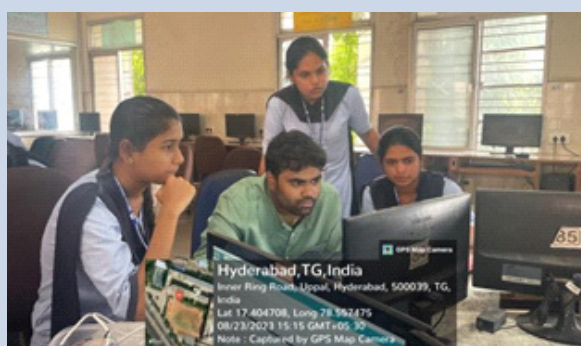

The Faculty of Computer Science, Department of Physical Sciences has attended the FDP on “Investing in Yourself: Wellness for Holistic Performance” organised by the Business Administration (BA) Spanning six insightful days from 7th to 12th August, 2023. The FDP aimed to empower participants with valuable strategies for enhancing their overall well-being, Personal growth, and Professional productivity. Participants learned about the importance of Work-Life Balance, Nurturing Healthy Relationships & Stress Management, Yoga techniques for Mindfulness, Books for self-help and self-care, Art therapy, Importance of Nutrition & Diet.

Three Day Workshop on Internet of Things

The Faculty of Electronics, Department of Physical sciences in collaboration with SanSah Innovations Pvt. Ltd., organised a 3-day workshop on ‘Internet of Things’ from August 21 to 23 2023, in the computer lab from 10 a.m. to 3.30 p.m. The purpose of conducting the workshop is to make the students understand the basics of IOT and how to get started with the IOT concept. As a part of this workshop, students learned how to use various sensors to transmit and receive data by programming them using Arduino software. They also understood the basics of ‘Thing speak: An Analytics IOT Platform’ and ‘Blink App’. Students enthusiastically participated in the workshop and successfully executed simple projects.

One Week National Level FDP on Cloud Infrastructure

Mrs. Adepu Bhavani, Lecturer, faculty of Computer Science, Department of Physical Sciences attended a one-week National-level FDP (online) on “Cloud infrastructure” from 21 to 25 August, 2023, from 7 p.m. to 8 p.m. by the Dept. of Information technology, CMR Engineering college, Hyderabad. Various speakers enlightened the participants with their vision to fulfil the ideas on the Cloud. In addition, to this the speakers covered various topics in Cloud computing and related applications. They explained Cloud computing trends, presented a complete exposure to mobile enterprise opportunities driven by enterprise platforms, allocation of resources, and enlightened the participants with security and privacy techniques.

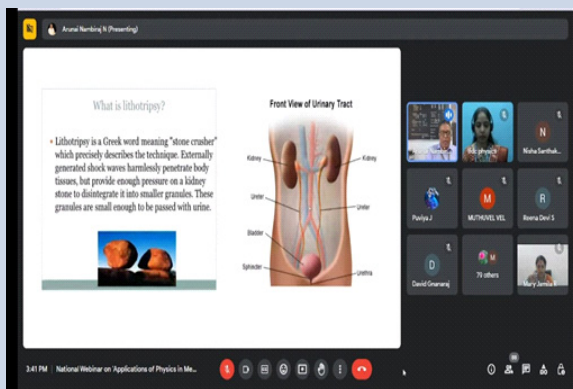

MoU-National Webinar on Physics in Medicine

A National Webinar was organised by the Faculty of Physics, Department of Physical Sciences, Little Flower Degree College in collaboration with Auxilium College, Vellore on “Applications of Physics in Medicine”. Webinar was organised on 22nd August, 2023 on Google Meet platform. The guest speaker of the webinar was Dr. N Arunai Nambi Raj, Professor & Dean, School of Advanced Sciences, Vellore Institute of Technology, Vellore. Professor Arunai Nambi Raj Spoke about Nanotechnology, hyperthermia, Piezoelectricity, In Vitro Laser Lithotripsy, Fiber Optics, RT Technology etc and how these concepts are used in medicine Like Radiation Therapy Treatment, PET Scan, Whole Body Scan, 3D Bioprinting in Urology, Biomechanical testing of spinal instrumentation in calf spine model etc. At the end of the session the Professor also discussed various programs for students and opportunities for research scholars available in the University. All the participants actively participated and gained knowledge on various applications of physics in medicine.

MS. Shahjahan Begum, Faculty of Physics, Dept of Physical Sciences, introducing Guest Speaker Dr. N Arunai Nambi Raj, Professor & Dean, School of Advanced Sciences, Vellore institute of Technology.

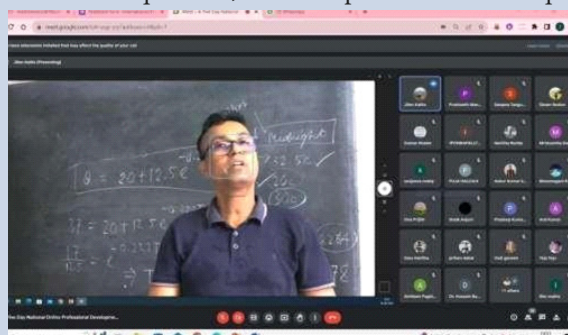

Sir Explaining Students About Lithotripsy (Kidney stone Removal)

Five Day National Online PDP on Computational Fluid Dynamics Methods and Applications

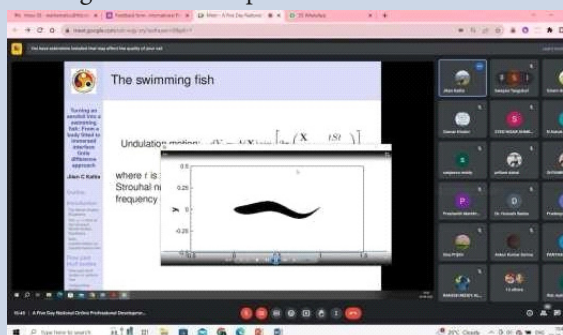

A Five-Day National Level Online PDP on “Computational Fluid Dynamics Methods and Applications” was jointly organised by the faculty of Mathematics, Department of Physical Sciences, Little Flower Degree College, Uppal, Hyderabad, Telangana and Sonapur College, Sonapur, Assam from 04.09.2023 to 08.09.2023. The main aim of this program is to enhance the participants in the area of computational fluid dynamics by using various methods.

Day 1: (04.09.2023)

The resource person of the day was Prof. Jiten Chandra Kalita, Assistant professor, IIT Guwahati. He gave a lecture on the topic “Scientific Computing and Turning an Aerofoil into Swimming Fish”. Prof. Jiten Chandra Kalita explained about the importance of scientific of Mathematics namely Fluid Dynamics, Partial Differential Equations, and Computational Techniques which give a lot of scope in the field of research.

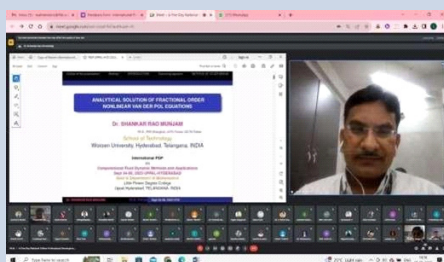

Prof. Jiten Chandra Kalita, Assistant professor, IIT Guwahati explaining about the concepts of Scientific computing, how to calculate the death time of a person by using Mathematical Modelling in FDP

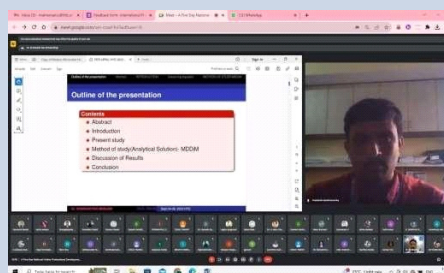

Prof. Jiten Chandra Kalita, Assistant professor, IIT Guwahati explaining about the concept of Navier Stokes equation and explaining how to turn an aerofoil into Swimming fish in FDP.

Day 2: (05.09.2023)

The resource person of the day was Dr. Shankar Rao Munjam, Assistant Professor of Mathematics, School of Technology, Woxsen University, Hyderabad. Telangana, India & Adjunct Professor, Department of Basic Sciences, University of The Peoples, Pasadena, California, USA. Sir gave a lecture on the topic “Analytical Solution of Fractional Order Non- Linear van Der Pol Equations”. His talk focused on Vander pole equations with initial pole conditions, fractional order derivatives and how they are used in day-to-day life.

Dr. Shankar Rao Munjam, Assistant Professor of Mathematics, School of Technology, Woxgen University, Hyderabad explaining about the concepts of Analytical Solution by fractional order of Nonlinear Vander Pol Equations.

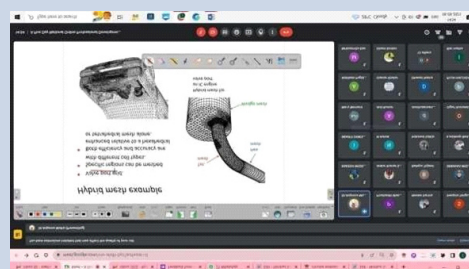

Mr. M. Prashanth, Faculty of Mathematics, Department of Physical Sciences participating in the second day's session in Five Day National Level Online Professional Development program.

Day 3: (06.09.2023)

The resource person of the day was Dr. Anjanna Matta, Assistant Professor of Mathematics, IFHE University who provided insights about Methods of solution of PDE in Fluid Dynamics. The speaker explained the working process of CFD by taking Navier-Stokes equations in Cartesian coordinates and various types of CFD codes. Using GAMBIT and FLUENT models, as well as the advantages of CFD, which include the ability to simulate conditions and increase speed levels in a cost-effective manner.

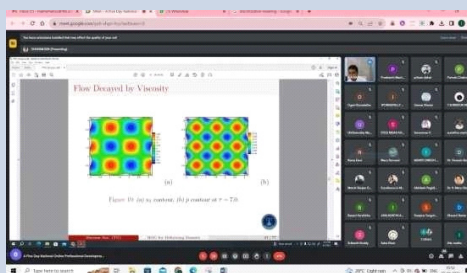

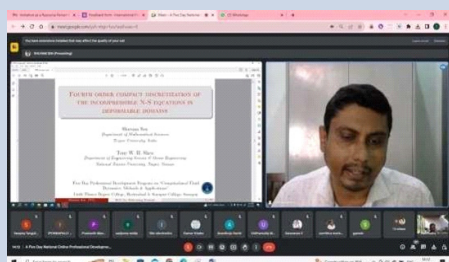

Dr. Anjanna Matt, Assistant Professor of Mathematics, IFHE University explaining the applications of CFD by giving different examples in Five Day National Level Online Professional Development Program.

Day 4: (07.09.2023)

The resource person of the day was Prof. Shuvam Sen, Professor of Mathematics, Tezpur University and the topic was The Fourth Order Compact discretization of the incompressible N-S Equations in Deformable Domains. Sir started with the session by explaining about the mathematical observations by taking a small pic which is painted by Leonardo Vinci and visualisations of vortex shedding halla Jeju Island in Korea which was taken by NOAA-11 satellite. In addition to this sir explained by taking Taylor's series problem of first and second order derivatives and solving by using finite difference method.

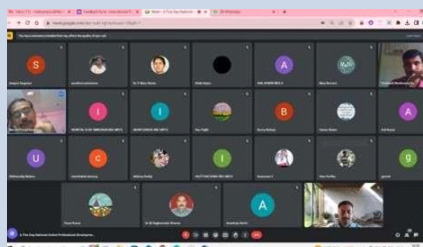

Prof. Shuvam Sen, Professor of Mathematics, Tezpur University explaining about the fourth order Compact Discretization in deformable domains.

PHYSICAL SCIENCES

Day 5: (08.09.2023)

The resource person of the day was Prof. A. Maruthi Prasad, Professor of Mathematics, Gitam Deemed to be University who provided insights about Methods of Solutions. Sir has explained about the recent work research work analysis which is done by the researchers using analytical methods which includes, power series methods, asymptotic series solutions, perturbation methods, non-perturbation homotopic methods, a domain decomposition method which is also known as semi-analytical method. Sir gave a brief description on Perturbation methods. The Five-day programme was interesting, inspiring, and informative.

Mr. M. Prashanth, Faculty of Mathematics welcoming the Resource person Prof. A. Maruthi Prasad, Professor of Mathematics, Gitam Deemed to be University in Five Day National Level Online Professional Development Program.

Prof. A. Maruthi Prasad, Professor of Mathematics explaining the Governing Equations and also about Partial Differential Equations and Ordinary Differential Equations.

Seminar on Statistics Importance, Application & Career Opportunities

The Faculty of Statistics, Department of Physical Sciences conducted a seminar on “Statistics- Importance, Applications & Career Opportunities” on 25 September, 2023. The event was conducted in LFDC at 10.40 am. The Guest speaker for the programme was Dr. D. Sumalatha, Assistant Professor, Telangana Mahila Vishwavidyalayam, Koti, Hyderabad. The objective of the guest lecture is to highlight the crucial role of statistics in various fields, showcasing its practical applications and emphasising the diverse career opportunities it offers.

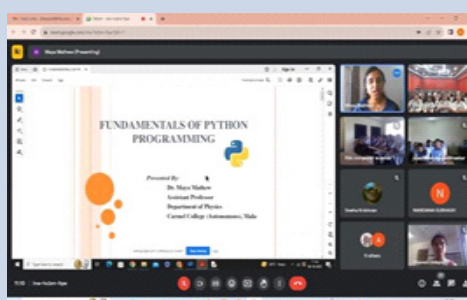

Ms. P. Jayanthi Reddy, Principal, LFDC felicitating the speaker Dr. D. Sumalatha, Assistant Professor, Telangana Mahila Vishwavidyalayam, Koti, Hyderabad.

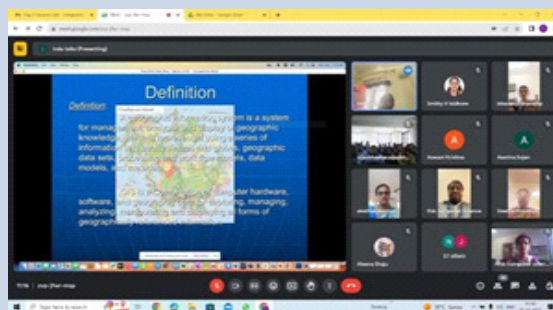

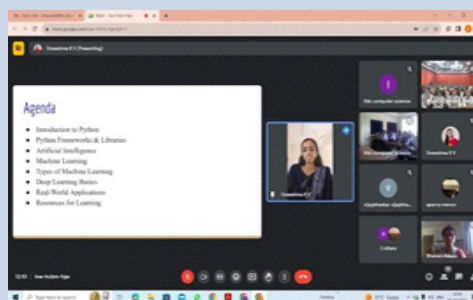

Dr. Sumalatha delivering a lecture on Career opportunities.

Two Day Workshop on GPS Mapping

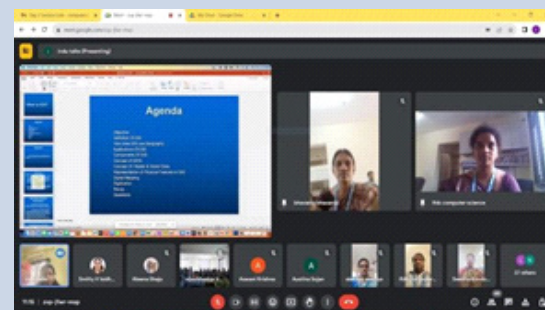

The Faculty of Computer Science, Department of Physical Sciences LFDC, in collaboration with Carmel College Mala, Kerala, has organised a 2-day workshop in online mode on October 6 and 7, 2023, at 11 a.m. for all BSC (MSCS, MPCS, and MECS) final year students. Dr. Maya Mathew, an assistant professor at Carmel College, and Greeshma KV, an assistant professor at the Kerala Police Academy in Tiruvannamalai, spoke as guest speakers for the first day. Dr. Mathew led the Fundamentals of Python Programming class. Greeshma conducted the workshop on utilising Python programming at full potential. She elaborated on the various applications of deep learning and machine learning. Pupils gained more knowledge about Python programming. On the second day, the session on GPS (Global Positioning System) Mapping was led by Ms. Vardhani Chinta, Quality Manager of TCS in Hyderabad. Ms. Vardhani outlined the advantages of GPS mapping as well as its uses. Students had gained a thorough understanding of many GPS mapping-related topics by the end of the course.

Dr. Maya Mathew Sharing her insights on Fundamentals of Python Programming.

Ms. Vardhani, TCS, Guest Speaker sharing her views on GPS Mapping.

Prof. Maya Mathew Giving her thoughts on the foundations of Python programming.

Intra Collegiate Competition-Group Discussion On Spacetechnology

The Faculty of Physics, Department of Physical Sciences has organised an Intra Collegiate Competition Group discussion on space technology on 9-10-2023, which helped students to talk about recent advancements in space technology and how our country can build stronger diplomatic ties with other countries and improve its international standing. 34 students from various groups have registered and they spoke about how space missions (satellites) are helping us in our day-to-day lives in the form of google maps, GPS tracker, satellite Communication etc.,

Group discussion on Space technology

Students discussing about Space Missions

Intra Collegiate Competitions - Math Rangoli

As a part of intra-collegiate literary competitions, the Faculty of Mathematics, Department of Physical Sciences conducted Math Rangoli on 9th and 10th October, 2023. In this event, students from various streams participated with a lot of interest and enthusiasm and exhibited their creative skills to show that mathematics can be learned by drawing mathematical pictures using binary operations. The duration of the event was one hour. Moreover, judging was on the basis of creativity, presentation, theme, and neatness. **First Prize** was bagged by Vishnu Priya and Bhavana of MECS III, **Second Prize** by Vinuthana and Pranitha Reddy of MPSC II, **Third Prize** by Sathvika and Nandini of MECS II, Rajeev and Vanshika from MPSC-I

Ms. Sathvika and Nandini students of II MECS representing Mathematical operations in Math Rangoli

Mr. Rajeev and Miss. Vanshika of MPSC-I showcased trigonometric functions

Miss. Bhavana and Vishnu Priya of MECS-III with beautiful rangoli by drawing triangles in a pattern.

Miss. Varshittha and Vhitha of MPSC-III demonstrating Aryabhata in Math Rangoli competition.

Miss. Vinuthana and Pranathi of MPSC-II showcasing Evolution of Maths in competition

Miss. Tejeshwini and Anjum of MPSC-III drew algebraic expressions in competition.

Intra Collegiate Competitions - Code Monkey

The Faculty of Computer Science, Department of Physical science organised “Code Monkey” as a part of intra-literary competitions in the Computer Lab on 9th October 2023, at 10:40 a.m. The objective of this competition is to draw attention towards programming. In the Code Monkey competition, puzzles related to programming in C were given in pieces. The students were asked to arrange the program in the right order within a stipulated time. The students actively participated in it. A total of 58 students participated from different streams. First prize was bagged by K. Pranay, P. Ashish, and K. Teja (III BCOM CA-A), second prize by Vamsi Phanindra, Durga Sai Sharan, S. Varun (II BSC (MSCS)) and third prize by P. Kavya Sri, G. Ashwini, and Tulasi Priya (I BSC (MPCS))

Students arranging the program in order monitored by Faculty of Computer Science

Students sorting the pieces of program

Students check the sequence of steps after arranging.

Ms. Swetha, the CS faculty member observing the modules

Intra Collegiate Competitions - Crossword Puzzle

The faculty of statistics, Department of Physical Sciences conducted an Intra-Collegiate competition on crossword puzzles on 9th October 2023 for graduate students. Students of BSC (MSCs) have participated actively in this event. The aim and objective of conducting Intra collegiate crossword puzzle competition is to foster intellectual engagement, promote critical thinking, and create a fun, competitive atmosphere that encourages students to enhance their vocabulary and problem- solving skills and showcase their cognitive abilities through solving crossword puzzles.

Students participating in the CROSSWORD PUZZLE competition.

Intra Collegiate Competitions- Quantitative Insight Challenges (PG)

The faculty of statistics, Department of Physical Sciences conducted an Intra-collegiate competition on quantitative insight challenge on 10th October 2023 for both undergraduate & postgraduate students. 10 students of MSc & BSc (MSCs) have participated actively in this event. The aim and objective of conducting intra college competition quantitative insight challenge is to Provide a platform for students to enhance their quantitative skills, problem-solving abilities, and analytical thinking. Practical experience gained through competitions prepares students for the demands they might encounter in their future careers in quantitative disciplines.

M.Sc. Statistics students of L.F.D.C. participating in the Intra Collegiate Competitions

Intra Collegiate Competitions - Logo Quiz

As a part of the intra-collegiate literary competitions, the Faculty of Electronics, Department of Physical Sciences organised 'LOGO QUIZ' competition on 9 October, 2023, from 12.40 p.m. to 1.40 p.m. The purpose of organising the event was to assess the students' knowledge of identifying the logos of various electronics manufacturing companies. Students were asked to identify the logos of popular electronics companies as well as organisations. 15 students participated in the competition. This competition led to increased interest in students to keenly observe the logos. Ganesh from III B.SC/MECS won the prize by achieving first place. Srihari from II B. Com Hons won the second place, however, N.C.V.S. Goutham from II B.SC MECS got the third place.

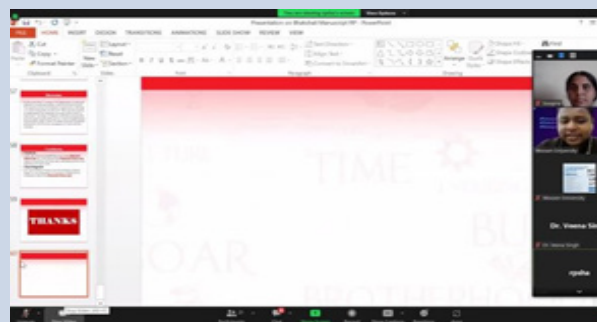

Quiz Master Ms. Naga Lakshmi explaining the Rules to The Students.

Students trying to Identify the Logo on the Screen in the competition.

Five Days International FDP on Vedic Mathematics & Basic Sciences

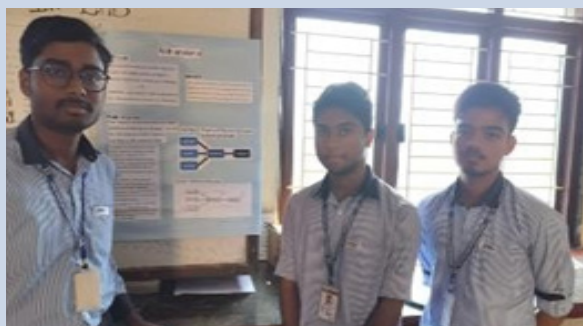

Ms.T. Swapna, faculty of Mathematics, Department of Physical Sciences, attended Five-Day International Faculty Development Programme on Vedic Mathematics and Basic Sciences from 14th to 18th October 2023, organised by Woxsen University. Distinguished speakers from various institutions, such as IITs and NITs, provided insights into the historical context, advantages techniques, and applications of Vedic mathematics. They demonstrated the application of sutras by solving examples, highlighting how Vedic mathematics contributes to solving mathematical arithmetic in an easy and simpler way to gain speed and accuracy. In addition, some of the speakers delivered lectures on mathematical modelling, fundamental theorems of real analysis, and Topology.

Ms. T. Swapna, a Faculty of Mathematics, Department of Physical Sciences, attended Five-Day International FDP on Vedic Mathematics and Basic Sciences.

Model and Poster Presentation

The faculty of statistics, Department of Physical Sciences conducted a model and poster presentation on 31st October 2023 at physics lab, second floor, Little Flower Degree College on the occasion of World Statistics Day. Different models, games and posters were presented by BSc (MSCs) students. The aim of conducting a model and poster presentation on world statistics day is to raise awareness about the importance of statistics in decision-making and policy formulation. Around 11 students of BSc (MSCs)-II have presented models and posters. Five teams participated actively in the event. Students showcased the models on attributes, regression, curve fitting and role of statistics in data mining and path analysis.

Students Presenting their models and posters on Statistical methods.

Educational Field Trip - Rastrapathi Nilayam

The faculty of Mathematics, Department of Physical Sciences organised a field trip to Rashtrapati Nilayam, Bollaram on Nov 4th 2023 for BSC I, II, III-year students. The purpose of the field trip is to learn about the history, importance and architecture of 163 year-old Rashtrapati Nilayam which was constructed in 1860. 183 Students from B.SC I, II, III year accompanied by 6 faculty visited the place. The students were divided into groups and were guided by the staff of Rashtrapati Nilayam. During this field trip, art gallery, meeting room, Kitchen Tunnel – on the walls which Cherial paintings were drawn with organic colours which reflects our history, Herbal Garden, Rock Garden, Nakshatra Vatika – all about the plants related to Nakshatras, Zodiac- Signs, Planets etc are seen. The students had a great time learning about the history of Rashtrapati Nilayam.

BSc Final year students along with the faculty members at Rock Garden

Picture depicting trees related to star and Zodiac sign

BSc Final year students along with the faculty members at Rock Garden

Picture depicting trees related to star and zodiac sign

Working Module Display on Computer Science and Technology

The Faculty of Computer Science, Department of Physical sciences organised a “Working Module Display” on Computer Science and Technology for all streams at karunya court on 6th November 2023 at 10:30am. This program’s primary goal was to inspire students to investigate their understanding of computer science and technology through workable modules. The students showcased many working modules and presentation models pertaining to the most recent advancements in computer science and technology. This module emphasised information acquisition and was highly inventive. The pupils took an active role in the activity. Students and faculty were the ones that enjoyed it the most.

M.S. Jayanthi Reddy, Principal , LFDC with PSLV Aditya L1 Module Display

Different types of modules presented by students in the event.

Students presenting Air cooler module

Students explaining the water level indicator alarm.

Guest Lecture on Career Opportunities in Physics and Electronics

The faculty of Physics and Electronics, Department of Physical Sciences observed World Science Day on November 10, 2023 in collaboration with St. Joseph’s College for Women in Alappuzha, Kerala. This programme was organised with the intention of making students more aware of the significance of the day. WSD-2023’s topic is “Building Trust in Science.” MS.Naga Lakshmi, Faculty of Electronics, presented as part of this event, discussing the significance of today’s history as well as a few elements that go into “Building Trust in Science.” Dr. Morris Marieli was the day’s guest speaker. She spoke to the students about career options following P.G., national level entrance tests for M.SC. programs, and the several P.G. courses offered in Physics and Electronics. Pupils learned about the significance of World Science Day and what comes next for them after U.G.

Ms. Nagalakshmi, Faculty of Electronics speaking on the importance of world science day

Students and Faculty participating in the session

Cultural Exchange Program

The Faculty of Physics and Electronics, Department of Physical Sciences organised a cultural exchange program at Montfort Hall on November 10, 2023, at 11:30 AM In collaboration with St. Joseph's College for Women, Alappuzha, Kerala. The purpose of the program is to provide opportunities for students to develop an understanding of both cultures. As a part of this program, students from both colleges represented their college in traditional attire and performed dances and sang songs in their regional language. Students thoroughly enjoyed the program and got a glimpse of both cultures.

A. Sneha Priya I MSCS, Little Flower Degree College, performing welcome dance

Students from St. Joseph's college for women, Alappuzha, Kerala entertaining students with their dance on Diwali song

Miss.Sumayya from St. Joseph's college for women singing a traditional song in Malayalam.

B.A Final year of LFDc Mr. Pradit rendering a devotional song in Telugu

Paper Presentation at ICCSAI

The 2nd International Conference on Communication, Security and Artificial Intelligence (ICCSAI) was held at Galgotias University from 23rd to 25th November, 2023, emerged as a pivotal nexus of innovation and collaboration organised by the school of computing science and Engineering, the conference drew together researchers, academicians, and industry professionals globally. On the third day MS. Manjusha, Faculty of Statistics presented a paper in the conference and the Paper title was, "Analysing the State of Nutrition and Factors influencing occurrence within children between 0-59 months in India: key findings from the NFHS-5 Data" On 25th November, 2023 at 9:30 AM. The study emphasises that maternal educational level and ethnicity are pivotal determinants influencing children's nutritional status concerning stunting, underweight and wasting.

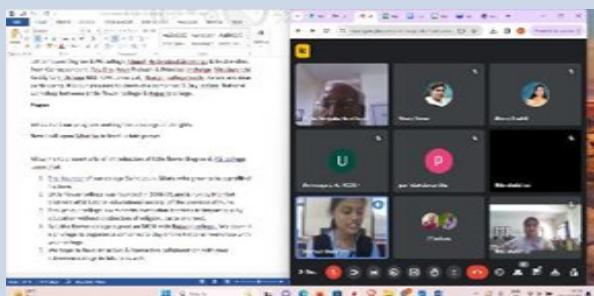

Chief Guest Prof. S.N. Singh, addressing the conference on the occasion of Inaugural of 2nd International conference

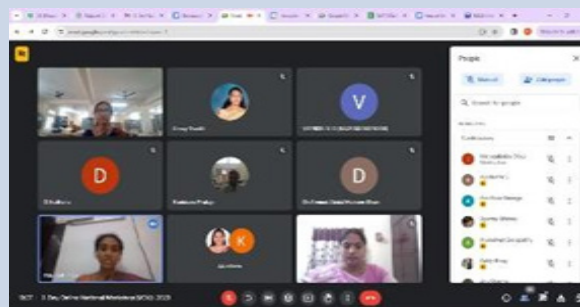

MS. Manjusha, presenting the paper in the conference.

Three Day Online National Workshop

The Faculty of Statistics, Department of Physical Sciences Little Flower Degree College collaborated with Rajagiri College to host a 3-day online national workshop titled "Advanced Machine Learning Techniques." The workshop, held on 22nd, 23rd, and 27th, December 2023, under a Memorandum of Understanding (MoU), witnessed the participation of approximately 250 registered individuals. Impressively, 125 participants actively engaged in the event over the three-day period. On the inaugural day of the three-day workshop, the focus was on "Multivariate Analysis". Prof. Haragopal (retd), Osmania University, the esteemed speaker, delivered an insightful lecture covering various aspects of multivariate analysis. On the second day of the workshop, the spotlight shifted to "Python-based machine learning: Regression and Classification techniques". Dr. Rajini, Assistant Professor at Bhavan's Vivekananda College, Hyderabad, took the stage as the distinguished speaker by concluding the workshop on its third day, Dr. Bindu Krishnan took the stage as the speaker, shedding light on the intricate realm of "Neural Networks". Her lecture encompassed crucial concepts, ranging from the Perceptron Learning Algorithm to Multi-layer Perceptron Learning Back-Propagation Algorithms and Hidden Markov Models.

Prof. V.V. Haragopal addressing the participants on Multivariate Analysis in the workshop.

Dr. Rajini addressing the participants during the queries session in the workshop.

Collaborative Project Work

The faculty of statistics, Department of Physical Sciences conducted a Project work in collaboration with Inside Facts Training institute from 28th Dec to 15th Jan for post-graduate students. Total 12 students of MSc (Statistics)-II have participated actively in this event. The aim of undertaking a project in machine learning within higher studies is to apply theoretical knowledge, apply theoretical concepts learned in coursework to real-world problems or datasets, thereby gaining practical experience. In the session the speakers explain concepts like Random Forest, Decision Trees, and Support Vector Machines (SVM) implementation using Python with real-time datasets.

The speaker Dr. Rajini delivering lecture on research methods to the students.

Mr. Raju explaining the concepts of machine learning

Certificate Course on Skills for Her - Data Science for Beginners

To maintain the momentum of the MOU signed between DEED and LFDC delegate from NASSCOM, HGS and DEED. The Faculty of Computer Science, LFDC has conducted a certificate course- "Data Science For Beginners" for 180 Hours as a Part of "SKILLS FOR HER" Project in collaboration with Deepam for Education Empowerment & Development (DEED) to aid and support the girl students in providing necessary knowledge and skills to succeed as Data Professional. National Association for software Service Company (NASSCOM Foundation) is a non-Profit industry Association which gives platform to students to chart out their own career path as well as create an impact on the technology growth of India, it is a foundation which supports the certification course called Data Science for beginners in LFDC. Under Skills for Her Project sponsored by Hinduja Global Solution (HGS) with DEED trust being a passage between NASSCOM/HGS and LFDC. Mr. Vijay Reddy, faculty of Cs explained topic, Python and SQL. Ms. Pannaga, Dept of Commerce explained topic Soft & Communication Skills. MS. A. Bhavani, Faculty of Cs explained topic on Data Science and Excel. The Certification course for 180 girls Sponsored by HGS, Supported by NASSCOM Foundation and DEED Trust Concluded on 14-March-2023 with two certificates-Online certificates were awarded by the Ministry of Electronics and Information Technology-Government of India. The Offline certificates were awarded to the candidates. MS. Shilpa Harsh-Sr. Vice President HGS applauded the efforts made by faculty members and requested the girls to give a standing Ovation to the Faculty. The Girl Participants also shared their views and Opinion about the course, its utility for their career in future and shared their Happiness in doing this certificate course. This Program Concluded with certificates being distributed to girls and later felicitation ceremony of the delegates took place with Rev. Bro. Arun Prakash and Principal, MS. Jayanthi Reddy doing the Honors.

Empowering 180 girl students with a Data science Certificate course

Recognizing students with certificates upon successful completion with the team of HGS, NASSCOM Foundation & DEED TRUST.

Two-Day Faculty Development Program on “Mathematical Software for Teaching and Research”

Mr. M. Prashanth, Mr. V Naveen Kumar faculty of Mathematics, Department of Physical Sciences attended the Two-Day Faculty Development program on “Mathematical Software for Teaching and Research” which was organized by the St. Francis College for Women, Hyderabad. Faculties from the various institutions participated in this event.

First day of the session was by Dr. D. Vignesh with the basics of the Mathematical Software tool MATLAB and its instillation process and how to start the MATLAB software in the system and key features related to MATLAB. Sir explained the various commands related to programming and how we can apply for the problems to get the solutions. Second day the session was on SAGEMATH, its instillation process and how to start the SAGEMATH software in the system. Sir explained the various commands related to programming and to draw the graphs, modify them and also to solve the equations, and get the solution for a higher degree.

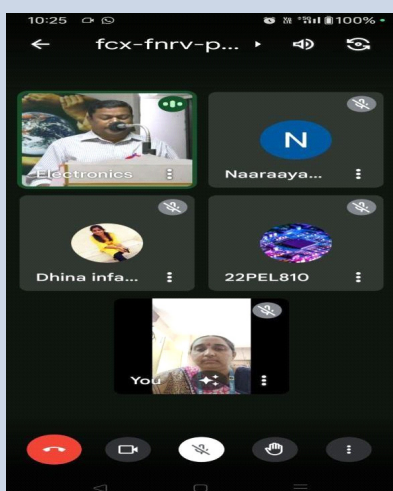

Ms. Lavanya, Faculty, Dept. of Mathematics introducing the speaker Dr. D. Vignesh in the FDP program

Mr. V. Naveen Kumar, Faculty, LFDC receiving the participation certificate from Ms. Rekha Jai Chander in the FDP program

International Conference on Emerging Trends in Electronics and its Applications

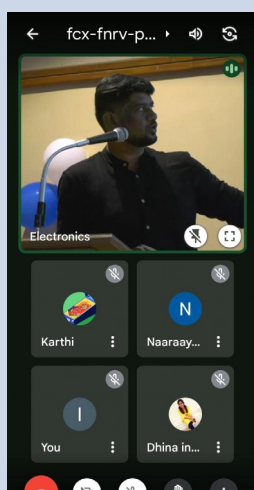

Mrs.T. Naga Lakshmi, Faculty of Electronics, Department of Physical Sciences has attended two-day International Conference on Emerging Trends in Electronics and its applications conducted by St. Joseph's College, Trichy on 8th and 9th February, 2024. It was conducted in Hybrid Mode. The objective of the conference is to bring together leading academic scientists, professionals from industries and research scholars to exchange and share their experiences and research results about all aspects of Electronics. Research scholars and PG students have presented their work. The topics presented in the conference were on Material science, Internet of Things, Energy saving batteries etc. The Conference gave an insight into the ongoing research and development in the field of Electronics.

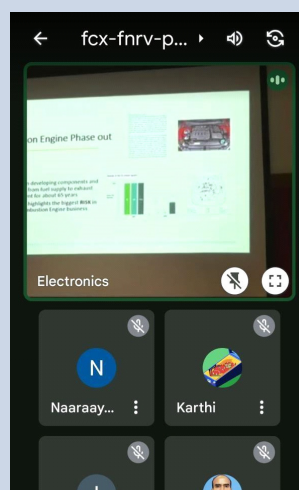

Fr. Wilson, introducing the Chief guest Dr. Lingasamy in the two-day international conference.

Mr. Narayanan, Research Scholar, Erode Institute of Arts & Science presenting his research work in the conference.

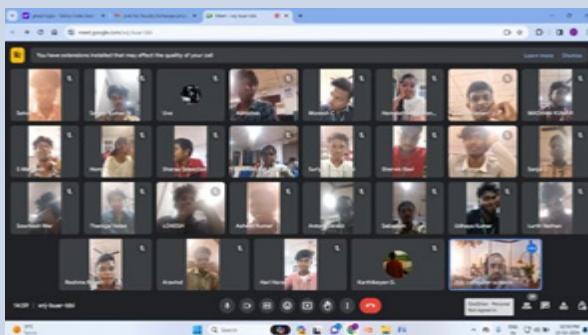

Dr. Nismon Rjo Robert, Department of Computer science, Christ University, Bangalore addressing the gathering

Mr. Nanda Kumar, guest speaker, explaining about application of electronics in the field of Automobiles.

One Week Faculty Exchange Program

The Faculty of Computer Science, Department of Physical Sciences in collaboration with Mar Gregorios College of Arts & Science, Chennai, organised an Online (Google Meet) one week Faculty Exchange program from 12/02/2024 to 20/02/2024, timings from 2.00PM to 3:30PM. As per the schedule, online sessions for both colleges' students were conducted. The Faculty from Little Flower Degree College, Mr. Vijay Bhaskar took classes for the students of Mar Gregorios College of Arts & Science, Chennai. The Faculty from Mar Gregorios College of Arts & Science, Chennai, Ms. R. Anitha took classes for the students of Little Flower Degree college on the topic Web Technology - PHP. Each day, different concepts in PHP were taught. They are: Classifications of Programming Languages, Algorithms, Flowchart, Compiler and Interpreter, Introduction to HTML & programs, Table tags, Introduction to PHP & Features of PHP, Web Development, Basics of PHP, XAMPP, Lamp Architecture variable, Data Types, Arrays with Programs, Types of Operators with example.

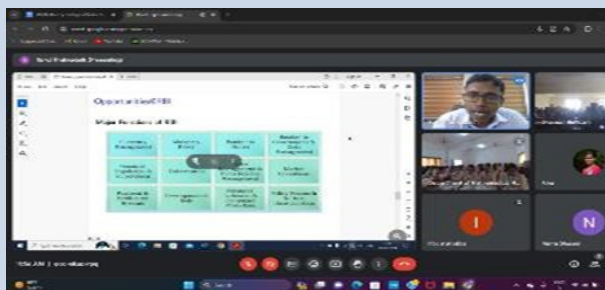

Ms. R. Anitha Assistant Professor, Dept. of Computer Science, Mar Gregorios College of Arts & Science, Chennai, Sharing her views on Web Technology - PHP.

Mr. P. Vijay Bhaskar, Assistant Professor, Dept. of Computer Science, LFDC, Hyd. Sharing his views on Web Technology - PHP

Webinar on Career Prospects in Statistics

The faculty of Statistics, Department of Physical Sciences collaborated with Little Flower Degree College and Mercy college to host a collaborative webinar titled "Career Prospects in Statistics." The webinar held on 16/02/2024 at 10:30am - 12:30 pm in P21 seminar hall, LFDC, under a Memorandum of Understanding (MoU), witnessed the participation of 90 individuals. The primary objective of hosting a collaborative webinar on career prospects in statistics is to provide attendees with valuable insights and information about the diverse opportunities available in the field of statistics and data analysis. Mr. Rahul, assistant advisor, shares key insights into the career prospects in statistics based on his extensive experience in academia and industry.

Mr. T. Rahul shared insights on career prospects in the webinar.

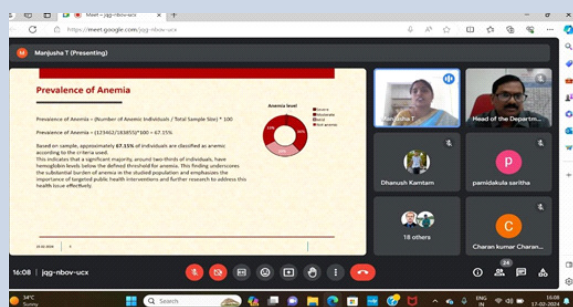

Students listening to the lecture of career opportunities

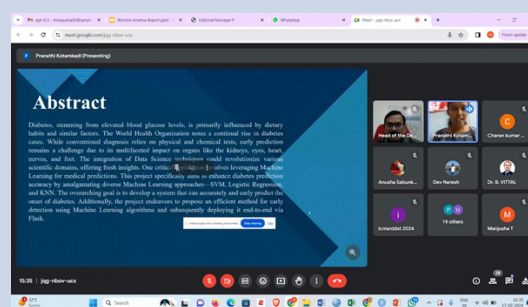

Two- Day International Conference on Modern Statistics for Recent Developments

The Two-Day International Conference on Modern Statistics for Recent Developments in Data Science Techniques from 16th -17th Feb, 2024, Hybrid mode at Department of Statistics, Sri Venkateswara University, Tirupati. Faculty Ms.T. Manjusha along with final MSC students attended and presented a paper in a two-day international conference. The event brought together professionals, researchers, and experts from various fields to explore and discuss the latest advancements in statistics and data science techniques. The presented papers in the conference were

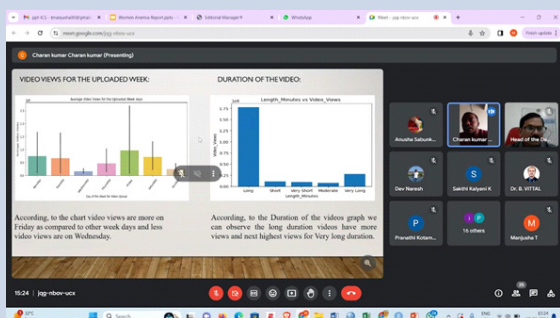

- “Assessing Anaemia prevalence among women: A comprehensive analysis using multivariate approaches with NFHS-5 dataset” by Ms. Manjusha
- “Utilising advanced machine algorithms for accurate prediction of YouTube video counts” by Anusha, Charan and Niharika
- “Innovative machine learning for diabetic risk assessment” by Pranathi and Nireesha
- “Proactive machine learning based- customer retention strategies” by Dhanush and Saritha.

Ms. Manjusha, Faculty of Statistics presenting the paper at the international conference organised by S.V. University on anaemia prevalence, presided by Professor Muni Swamy of Andhra University

K. Pranathi of MSC-II presenting the paper at the international conference organised by S.V. University on Diabetes risk assessment, presided by Professor Muni Swamy of Andhra University.

B. Charan Kumar of MSC-II presenting the paper at the international conference

Mr. Dhanush of MSC-II presenting the paper at the international conference.

Workshop on Cyber Security

The Faculty of Computer Science, Department of Physical Sciences organised a Cyber Security Workshop on February 17th, 2024, commencing at 10:00 am and concluding at 12:30 pm in the esteemed Heritage Hall, open to all academic streams. Mr. Prashanth Ejjumala, expounded on various facets of cyber security. He elucidated the merits and demerits of social media usage, strategies to shield oneself from cyber threats, techniques for safeguarding personal data on computers and mobile devices, importance of maintaining robust password security etc. Mr. Ejjumala recommended periodic password changes, and also elucidated on different cyber warfare scenarios, broadening attendees' understanding of contemporary cyber threats and provided practical advice, against unnecessary social media activity like indiscriminate sharing of personal content etc... He advised the students to dial the Cyber Security Helpline Number (1930) in cases of potential hacking or security breaches. The primary objective behind this workshop was to equip participants with the knowledge and tools necessary to shield themselves from cyber hackers and criminals.

*Ms. Jayanthi Reddy, Principal , LFD
felicitating the Guest Speaker Mr. Prashanth
Ejjumala with a Memento.*

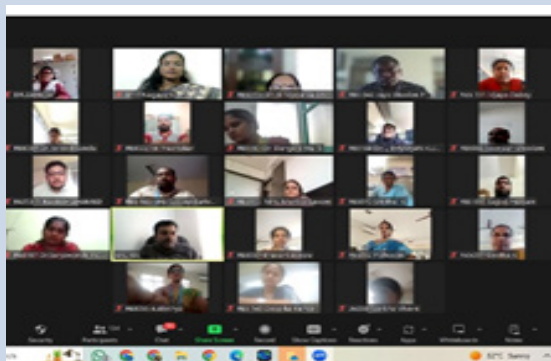

*Mr. Prashanth Ejjumala explaining and
giving insights on Cyber awareness.*

*Students in the cyber security workshop are paying
close attention.*

Certificate Course on Holistic Development

The Faculty of Computer science, Department of Physical Sciences attended a 30 Hours certificate Course from 21.02.2024 to 29.02.2024. for 10 days with a duration of 3 hours every day from 2 PM to 5 PM. The program was to throw light on the topics like student diversity and inclusive education, Academic leadership governance and management, practical skills for use of ICT in teaching and research, skill development, research development, Indian knowledge System, holistic and multidisciplinary education, higher education and society.

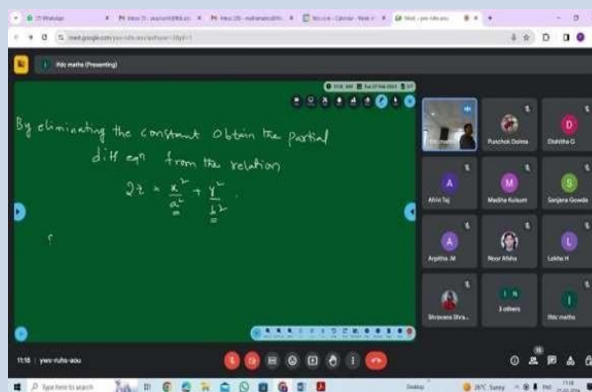

The Guest Speakers Enlightened the session for 10 days

One Week Faculty Exchange Program

The faculty of Mathematics, Department of Physical Sciences, Little Flower Degree College, Uppal, Hyderabad, organised a one-week Faculty Exchange Programme with Teresian College, Karnataka for second-year students from February 24 to March 1, 2024. Mr. M. Prashanth, faculty of mathematics, Little Flower Degree College taught Teresian College students as part of the faculty exchange program. The lectures focused on ODE - higher-order linear differential equations Complementary Functions, Particular Integrals, PDE fundamentals, including how to form PDEs by eliminating arbitrary constants and functions, the Lagrange method methods of Non-Linear First Order Partial Differential Equations.

Mr. Prashanth, Faculty of Mathematics, Dept. Of Physical Sciences, LFDG taking the session for the students of Teresian College, Mysore Under faculty exchange program

Field Trip to Survey of India

The Faculty of Statistics, Department of Physical Sciences organised a field trip on February 28, 2024 for BSc (MSCS & MSDS) students to the Survey of India on the occasion of National Science Day. The purpose of the trip was to provide students with practical exposure to theoretical concepts taught in class and to demonstrate the real-life applications of statistics in surveying. The field trip to Survey of India provided students with a valuable learning experience, building the gap between theoretical knowledge and practical application in the field of statistics.

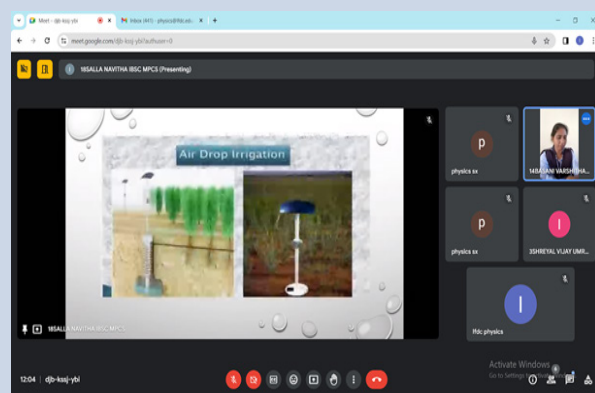

Students visited the National Institute for Geo-Informatics Science and Technology

MoU-Guest Lecture on Embracing Computational Thinking

A Guest lecture was organised by the faculty of physics, Department of Physical Sciences Little Flower Degree College in collaboration with St Xavier's College, Aluva, Kerala on "Embracing computational thinking: a Beginners guide to understanding and visualising simple plots". The guest speaker for the webinar was Dr. Roby Cherian, HOD Department of physics, Sacred Heart college, Thevara. The webinar was organised on 28/2/2024 on National science day. As a part of it PowerPoint presentation competition was conducted, six teams from little flower degree college and three teams from St Xavier's college presented ppts, II BSc MPCS and III BSc MPCS students from little flower degree college secured second and third positions.

B. Sc Second and Final year students listening to the webinar.

Ms. Tejasvi from III BSc MPCS Presenting on Airdrop irrigation

6 Day National Level Faculty Development Program

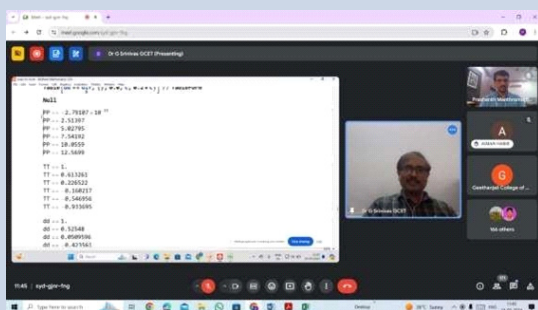

The Faculty of Computer Science, LFDC has attended a 6-DAY FDP conducted by IQAC of St. Anns College for Women, Mallapur on the topic Enhancing Teaching & Learning Competencies of HEI Teachers from 03-May-2024 To 09-May-2024.

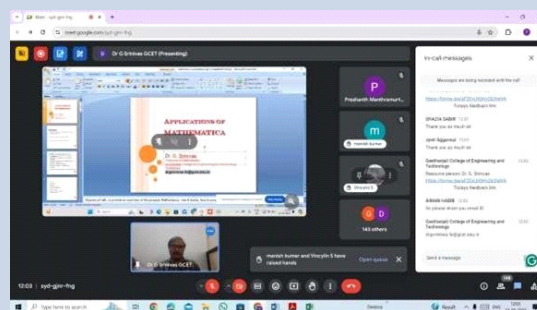

Ms. Bhavani, Faculty of Computer science, Department of Physical Sciences attending the National FDP.

Workshop on Scientific Computing Using Mathematica

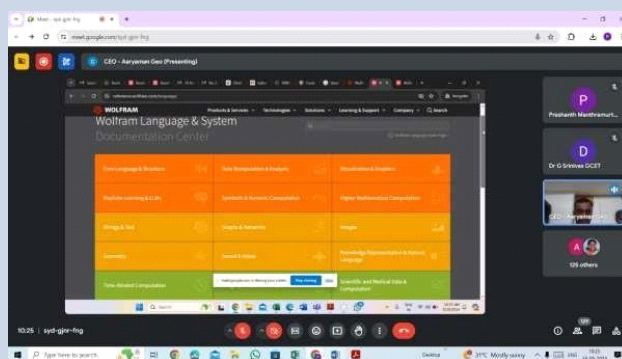

The faculty of Mathematics from the Department of Physical Sciences attended the workshop on Scientific Computing using MATHEMATICA from 23-5-2024 to 25-5-2024 through online mode Google Meet organised by Department of freshman engineering, Geethanjali college of Engineering and Technology, Cheeryal (V), Kesara (M), Medchal (Dist.), Telangana. Dr. Nirmal, Resource person explained about the basics of MATHEMATICA, Mathematica is widely used for symbolic computation, solving mathematical equations, calculus, algebra, and symbolic manipulation. It's extensively used for data analysis, including statistical analysis, regression, and data visualisation through plotting functions and graphics. Mathematica provides tools for machine learning tasks such as classification, regression, clustering, and neural networks. Dr. G. Srinivas, Resource Person taught about Mathematica Software and focused on how to find solutions to fluid flow problems by using Mathematica Software. He also explained various applications of Mathematica such as engineering disciplines for simulation, optimization, and design analysis. It's employed for image processing tasks such as image manipulation, filtering, and feature extraction, as well as signal processing applications. Dr. Arayan, Resource person spoke about the Wolfram Mathematica, is a software system with built-in libraries for several areas of technical computing that allow machine learning, statistics, symbolic computation, data manipulation, network analysis, time series analysis, NLP, optimization, plotting functions and various types of data.

Dr. G. Srinivas, Resource Person explaining the applications of MATHEMATICA

Dr. G. Srinivas, Resource Person, clarifying the doubts of the participants

Dr. Arayan, Resource Person addressing the gathering on the topic Wolfram Language & System.

Orientation on Setwin Courses

The Faculty of Electronics, Department of Physical Sciences has organised an orientation programme on 16.05.2024 about various courses offered by Physitech Electronics Pvt. Limited. The event was organised to bring awareness among These courses offered by Physitech Electronics in association with SETWIN (Society for Employment & Training in Twin Cities). Mr.Mohd Tauqi along with his team explained the various technical courses offered by them especially Microsoft Office, Python, Electrical Vehicle Repair, IOT. Students enquired about the other details regarding course fee, duration of the course and validity of the certificate. This event helped students to understand the various job ready courses that can be pursued along with their regular studies.

*Ms.T.Naga Lakshmi, Coordinator, Faculty of Electronics
introducing the team*

*Mr.Tauqi presenting a video on how the courses are
organised*

Students actively participating

National Statistics Day Celebration

The faculty of Statistics, Department of Physical sciences celebrated National Statistics day on 29th June 2024 on the eve of birth anniversary of Prof. P. C. Mahalanobis. The event was Glimpses of Prof. P. C. Mahalanobis. 9 students of MSc Statistics have participated in the event. The aim of conducting this event is to highlight Prof. P.C, Mahalanobis's significant contribution in statistics, economics in India. Mahalanobis played a crucial role in establishing the Indian Statistical Institute and promoting the use of statistics in various fields including agriculture, industry, and economic planning. Videos which highlighted the inventions and work of Prof. P.C. Mahalanobis were shown to the students. This event serves to illuminate Professor's impact on Statistics and its applications highlighting his legacy as a Scientist and Statistician.

Video presentation on National Statistics Day on the eve of birth anniversary of Prof. P. C. Mahalanobis

Students actively watching glimpses of Prof. P. C. Mahalanobis

The Faculty of Chemistry, Department of Life Sciences organised a field trip to CDFD, Nagole, for all students of BSc Life Sciences on August 7, 2023, in order to enlighten students on a cardinal topic called DNA fingerprinting. Dr. Varsha (a forensic scientist and resource person) presented a vivid explanation on the topic by citing various live cases that have been solved by CDFD since their establishment. The examples included many issues related to paternal cases of finding a lost child and many criminal cases where the court has given its verdict based on the unequivocal proof given by the experts on CDFD staff. The students by attending this field trip enriched their knowledge related to DNA.

DR. Varsha Mam who has sparkled students with knowledge

The experts of CFD explain the detailed processes to the young aspirants

The Faculty of Biotechnology, Department of Life Sciences, Little Flower Degree College organised a workshop in association with Atlantis Phytotech at Quthbullapur on 9th August, 2023. The workshop focused on hands on training of inoculation, sterilization, and subculturing of the plant species. It encouraged them to explore new ideas and concepts in the field of plant biotechnology. The workshop was open to all final year BSc. (BTMC) Life Science students. Students actively interacted with the resource person Dr. K. B. Rao (scientist). The workshop allowed students to have live experience of the PTC unit and the commercial production of the cultures. This workshop was a great opportunity for students to develop their technical skills and research skills.

AUGUST 9, 2023: Students of BtMC 3, Little Flower Degree College, visit Atlantis Phytotech for a plant tissue culture workshop.

Field Trip to Varsha Bioscience and Technology India Pvt. Ltd., Choutuppal, Hyderabad

The Faculty of Microbiology organised a field trip for undergraduate students of I, II, and III years of B.Sc. Life Sciences to Varsha Bioscience and Technology India Pvt. Ltd., Choutuppal, Hyderabad, on Augus 12t, 2023, at 11:00 AM. Two faculty members, Dr. J. Usha Rani and Ms. Rama Devi accompanied the students. This visit was mainly focused on understanding the procedures involved in the production unit technology of biopesticides and biofertilizers. Students were split into two groups and guided by Dr. Jagan and Dr. Shivraj, the production manager. They explained about the facilities available inside the industry, their methods of culturing bacteria and fungi, the production unit, the equipment and culture media used for growth, and the storage and maintenance of labs, R&D units. Students were able to see and learn about the technology, equipment, fermenters, lyophilizers, and spray dryers used for the cultivation and storage of microorganisms. The various processes involved in cultivation, fermentation, production, tissue culture, and storage of cultures were explained. A discussion on the difficulties, contamination, and possible solutions to overcome these difficulties was held.

World Ozone Day Celebration that was Organised by Zoological Survey of India

The faculty of Zoology Dr.Gomathi.K and the students of BZC attended and presented in World Ozone Day Celebration that was organised by Zoological Survey of India, Ministry of Environment, Forest & Climate change, Govt. of India, Attapur, Hyderabad on 6th September 2023. World Ozone Day, also known as the International Day for the Preservation of the Ozone Layer, is observed annually on 16th September. This day serves as a reminder of the critical role played by the ozone layer in safeguarding our planet Earth. The theme for World Ozone Day 2023 is "Montreal Protocol: Fixing the Ozone Layer and Reducing Climate Change." This theme emphasizes the pivotal role of the Montreal Protocol in not only protecting the ozone layer but also mitigating climate change. Students of BSC BZC and MZC I, II & III years prepared model for Ozone layer conservation and also participated in the elocution competition held during the event. The topics covered by the students were Montreal protocol, Ozone layer depletion, its conservation, after effects of the protocol. Dr. Deepa Jaiswal, Scientist In charge of the station had commenced the program after briefing on the occasion. The overall outcome of the program emphasised on the pivotal role of the Montreal Protocol in not only protecting the ozone layer but also mitigating climate change. The following students bagged prizes in the program:

- Rishika BZCII - 1st Prize in Model
- Vaishnavi BZC III - 2nd prize in Elocution
- Ganesh MZC II - 3rd Prize in Elocution
- Kasthuri Keerthi MZC I - Consolation prize in Elocution

Field Trip to Agro Biodiversity Park

The faculty of Botany organized a field trip to the Agro Biodiversity Park on August 26, 2023, for students from BZC and BTBC II year, as well as BZC III year. The trip aimed to provide first hand exposure to diverse agricultural biodiversity, offering a deeper understanding of sustainable agricultural systems and the conservation of plant genetic resources. Throughout the visit, students engaged with a wide array of plant species, various agricultural techniques, and biodiversity conservation efforts. Interacting with experts at the park provided invaluable insights into the significance of preserving agro-biodiversity for sustainable food production.

Advances in Parasitic Diseases - A PowerPoint Presentation

The faculty of Zoology organised an awareness program on Advances in Parasitic diseases- A PowerPoint presentation on 30th August and 01st September 2023. Recent advancements in the diagnosis and treatment of parasitic diseases have become an inevitable topic after the pandemic attack of Coronavirus. The aim of this program is to bring the recent trends and scientific advancements of diseases to the knowledge of the students. Students of BSC BZC, BtMC and MZC I, II & III years prepared PowerPoint presentations on various parasitic diseases, the causative factors, presumptive treatment and diagnosis which was followed by an active interactive session on control of the diseases. They also discussed preventive measures to keep oneself healthy. The overall outcome of the session was to provide information about the early signs, symptoms and how to take appropriate action to avoid complications.

PPT presentation on parasitic disease Malaria

Presentation on presumptive treatment of Leishmaniasis

Presentation on Viral diseases

Presentation on zoonotic diseases & its control

Nutrition Month Celebrations

One Week events were conducted by Faculty of Biotechnology as a part of nutrition month celebrations. Started with abstract writing, video presentation, food expo, Collage making, Quiz and guest talk. All events had a suitable amount of participants making the celebrations a success. The creativity of students was seen through the video and collage making competition. They enthusiastically participated in Quiz and food showcasing their knowledge and learning new things. The Guest talk followed by the valedictory was much anticipated event. Students were awarded prizes and certificates for their presentations in different events. Students gained knowledge on importance of traditional foods, role of different nutrients, local variety of foods and effect of nutrition on lifestyle.

SEPTEMBER 22 - 29, 2023: Students of Life Sciences, participating in the events conducted.

One Week Nutrition Month Celebration

The Faculty of Chemistry, Department of Lifesciences organised various competitions for a week as part of the "Nutrition Month Celebration." The programmes were conducted for the students of LIFE SCIENCES in P23, chemistry lecture hall, from September 22 to 29, 2023. The theme of Nutrition Month 2023 is "Healthy Diet Going Affordable for All." This theme was chosen to highlight the importance of ensuring that everyone has access to nutritious food, regardless of their income level. On the first day, an E-POSTER presentation was conducted on "Diseases caused by poor eating habits". On the second day, a group discussion on homemade food was held. On the third day, there was the nutrition quiz. On the fourth day, the food expo day, students brought traditional foods of high nutritional value. The fifth day was a video presentation on "Healthy Diet Going Affordable for all" On the sixth day, a guest lecture was organised. Mrs. Jharna Puppala, Assistant Professor from NIN-ICMR, Hyderabad, was the resource person. She spoke about "nutrition for a healthy life." She interacted with students and answered their questions. The students enthusiastically participated in the competitions.

BTMC - II, Edna participating in video presentation

Btmic - iii, sandeepthi Presentin her video

Students actively participating in group discussion.

Student of 2nd BTMIC presenting his E-poster.

Judgement time for food expo

*Student receiving certificate from guest speaker

the lecture on nutrition for healthy life.*

Cardiovascular Health- World Heart Day

The faculty of zoology organised an awareness program on Cardiovascular Health to commemorate the World Heart Day on 30th September 2023. It is an important annual event globally to raise awareness about heart diseases and its preventive measures. The theme for this year 2023 is “Use Heart, Know Heart” because one can only love and protect what they are aware of. The theme encourages the use of the heart emoji as a symbol to promote the theme and significance of the day. This global initiative aims to provide information about the early signs and symptoms of heart diseases and promote preventive measures to combat cardiovascular diseases. Students of BSC BZC, BtMC and MZC I, II & III years prepared e-posters and presented them followed by an interactive session. The topics that were presented are heart diseases, their diagnosis, nutrition and heart, health is wealth. The students discussed preventive measures to keep the heart healthy. The overall outcome of the session was the students learned about the healthy lifestyle, stress management and physical fitness to control the effect of cardiovascular diseases.

Ms. Prerana BZC III presentation on structure of heart

Ms. Yashashwini, MZC II presenting on pathogenicity

Ms. Priyanka, MZCII is discussing on recent advances in Cardiology

Ms. Edna, BTMC III presenting on World Heart Day celebrations

Guest Lecturer on-Principles and Applications of Genetic Engineering

Dr. J. Usha Rani, Faculty of Microbiology, was invited as guest lecturer on 3rd, October 2023 to deliver a lecture on the topic 'Principles and Applications of Genetic Engineering' in Keshav Memorial Institute of Commerce & Sciences. B.Sc. life sciences final year students attended the session. Dr. J. Usha Rani gave various examples of Genetic Engineering concepts and explained to the students about rDNA taking her own research concept. At the end students asked few questions and the session concluded with vote of thanks and felicitation of Dr. J. Usha Rani by Padmaja, HOD Microbiology and Principal V Shanthi, KMICS

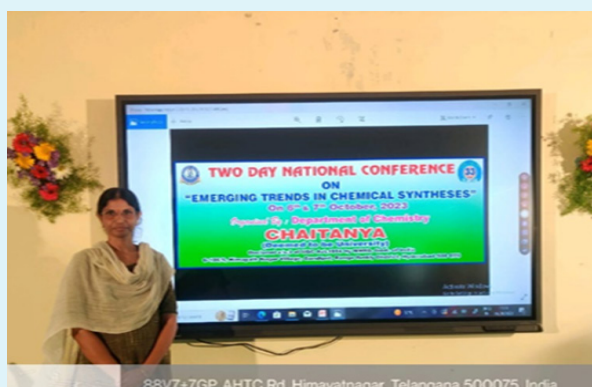

Dr. J. Usha Rani, Faculty of Microbiology taking session on topic Principles and Applications of Genetic Engineering in Keshav Memorial Institute of Commerce & Sciences.

National Conference on Emerging Trends in Chemical Synthesis

On October 6 and 7, 2023, MS. Rama, Faculty of Chemistry, Department of Life Sciences attended a National Conference on Emerging Trends in Chemical Synthesis, which was arranged by Chaitanya (deemed to be university). The primary topic of discussion at this conference was the state of research on medicinal substances that are synthetic or semi synthetic and how process chemistry affects human economics and health. There was a keynote address, four lead speeches, two oral sessions, and a poster display during the course of these two days. Every session was really interactive and educational. Everyone took an active part in every session and got their questions and doubts answered. In oral sessions, almost forty researchers presented their findings. The other participants and experts questioned these researchers. Experts also offered a variety of recommendations for improving performance.

Professor explaining about his research findings at the conference.

Ms Rama, faculty of Chemistry at the National Conference organised by Chaitanya (deemed to be university)

World Habitat Day-Awareness Programme

The World Habitat Day commemoration on October 7th 2023 witnessed enthusiastic involvement from botany students of LFDC in an impactful awareness program organized by the faculty of Botany, LFDC. The primary objective of the programme was to foster a deeper understanding and awareness among attendees regarding global habitat concerns and the significance of preserving and restoring habitats. The cornerstone of the event was the engaging series of PowerPoint presentations delivered by the botany students. These presentations were thoughtfully crafted, highlighting various facets of habitat conservation, biodiversity preservation, and the crucial role of botany in understanding and mitigating habitat degradation. The students showcased their dedication and understanding through well-researched content and innovative visual aids, captivating the audience's attention and sparking meaningful discussions.

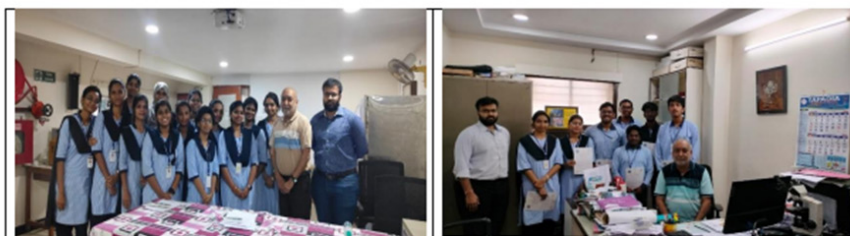

Student explained about importance of plants

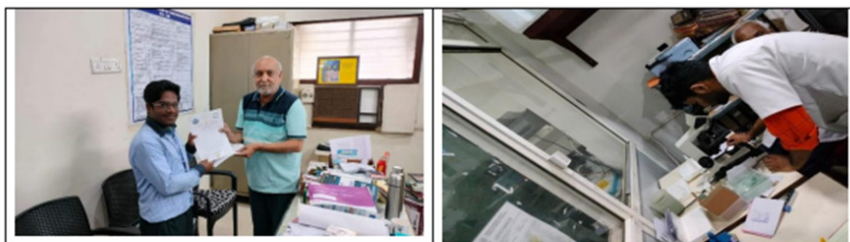

Students are giving seminars on renewable energy

Internship Training

Faculty of Microbiology, Department of Life Sciences Organised Internship program at Tapadia Diagnostics Centre, RTC Crossroad, Secunderabad. The students were trained at Tapadia Diagnostics Centre program in two batches from 8th October to 11th November 2023 & 30 Jan to 23 Feb 2024. Dr. Rohit Tapadia was the resource person for Internship training. The training was organised to develop microbiological skills in the B.Sc. students. Students learned sample collection, Biochemical lab test, Serological and Microbiological test in the Internship training. The training internship gave very good exposure in understanding the fundamental elements of experimental design, and generating, analysing data, various lab processes and Maintenance. instrumentation operation during training and gained knowledge about disease diagnosis in MICROBIOLOGY, Biochemistry labs.

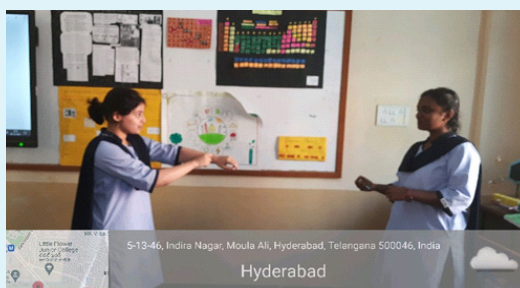

Group photo of students - Tapadia Diagnostics Centre, RTC crossroad, Hyderabad along with Dr. Rohit, Director.

Intra Collegiate Quiz Competition Brainvita -Fun Quiz

The Faculty of Zoology had organised an Intra collegiate quiz competition Brainvita -fun quiz on 9th October 2023. The aim of this competition was to impart knowledge to the students about biodiversity, animal behaviour, and the magnificent animal world in an interesting mode, the fun quiz. 26 teams with two participants per team from various courses and branches registered for the quiz. There were four rounds with interesting facts such as Pictionary round, Guess me, lost habitat, fastest finger and dumb charades round. Six teams were shortlisted for the final event and three were selected as prize winners. The overall outcome of the session was students found learning in a fun quiz as interesting and encouraging. They participated enthusiastically and interacted with the new information in a positive manner.

Dumb charades round

Pictionary round

Screening round in Brainvita quiz

Crack the round

Rapid fire round

Intra Collegiate Competition

The faculty of Botany organized an INTRA COLLEGIATE COMPETITION on 09-10-23, for all the streams. Students are actively participated in the competition, they use different colours, charts, soil cotton for making charts in the competition. Throughout the competition, students engaged with a wide array of ecosystem. The competition allowed students to practically apply their theoretical knowledge gained in classrooms, their enthusiasm and active participation demonstrated a genuine interest in exploring concepts beyond traditional learning environments.

Students are participating in collage making competition

tudents are showing their collage model

Students are explaining their model to judge

Students are presenting their model

Intra College Competitions

Faculty of Chemistry, Department of life sciences has organised intra college competition, chem-quiz on 9-10-2023, which helped the students to improve their knowledge in chemistry. 48 students from various groups have registered and participated, there were 4 rounds first 3 were elimination rounds and last round is the final round. Students participated enthusiastically and showcased their knowledge by answering the questions in a quick time. finally, they were enjoyed the quiz.

Adithya ram (BTMIC-3), LOKESHWAR(BTMIC-1) RUDRA RAI(MZC-1) WON THE 1 ST PLACE AND SREEKAR(BZC-3), Ajay Bhushan (BA-PSYCHOLOGY-2) SOWMIYA NIVASINI MZC-1 WON THE 2 ND PLACE.

Student organisers giving the instructions to the students for quiz

Participants of chem quiz attentive in observing the displayed pictures on the screen to answer

Intra Collegiate Competitions- Pictionary

The Faculty of Biotechnology at Little Flower Degree College organised a Pictionary game for students of all streams on 9th October 2023. The competition aimed to provide a platform for students to showcase their talents, improve their cognitive abilities and stimulate innovative thinking. The competition was conducted on with 4 persons per team. The competition was a great success, with many talented students participating and presenting their research on the given topic. Students learnt deeper understanding of the word at deeper level. Students showed improved teamwork skills and collaboration skills.

OCTOBER 9, 2023: Students of Little Flower Degree College participating in the Pictionary event.

Intra-Collegiate Competition -Immuno Rangoli

The Department of Life Sciences, Faculty of Microbiology conducted an intra-collegiate competition on the topic Immuno Rangoli on 10th October 2023 for students of I, II, and III years from different streams. The event was organised to bring awareness about our body's immune system function and how the defence mechanism works when a person gets an infection. All the students represented rangoli art with various colours, in which different defence cells involved in body protection against infection were drawn. Ms. Heena Asra from the Faculty of Biotechnology and Mr. P. Ganesh from the Faculty of Psychology were the judges for the event. I, II, and III prizes were given to the winners. Prize winners list 1. Ch. Manasa and G. Pranivaka (BTMC III) -----I prize 2. M. Dharani and Sandeepthi Kulkarni (BTMC III) —II prize 2. Shreeja and Charani (B. Com CA III) -----III prize

Students participating in Immuno rangoli competition drawing body defence mechanism cells San Deepti

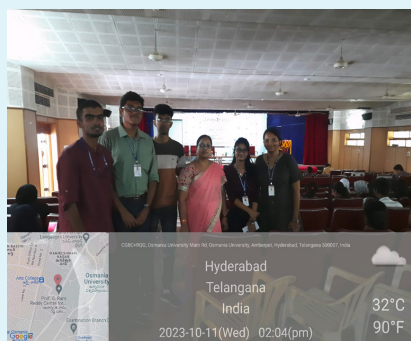

Ms. Heena Asra from the Faculty of Biotechnology and Mr. P. Ganesh from the Faculty of Psychology were judging the Immuno Rangoli art

National Seminar on “Post Pandemic Scenario: Impending Virus Research”

The faculty of Zoology Dr. Gomathi.K and Final year students of BSc BZC had attended and presented E-posters at the National Seminar on “Post Pandemic Scenario: Impending Virus Research” on 11th October 2023 organised by the Dept. of Microbiology, Osmania University. Experts from various fields of advanced medical science had given reviews and advancements in and after the Post pandemic. Dr. Nagendra Hegde from National Institute of Animal Biotechnology, Dr. Panduranga Rao Pavuri from Viral Vaccines, Biological E Ltd, Dr. Kalyani Putty from College of Veterinary Sciences, Dr. Gireesha Mohannath from BITS-Pilani were the invited speakers who had expertise insights on the developments in advanced research. The overall outcome of the session was the students got an opportunity to get firsthand information on the recent advances in the field. A picture on the post pandemic situation and the advancement in science to fight against the epidemic situation was portrayed well.

Ms. Vaishnavi of BZC III had presented an E-poster presentation in the event and she bagged the best poster appreciation award for her topic “Covid- Post lockdown scenario”.

Students & faculty Dr. Gomathi. K attending National Seminar presentation

Ms. Vaishnavi bagged the best E-poster

UGC-Malaviya Mission Teacher Training Center

Eight-day ONLINE NEP Orientation and Sensitization Program

Osmania University, Hyderabad has organised an online NEP orientation programme for the faculty. Dr. J. Usha Rani from The Faculty of Microbiology attended eight days ONLINE NEP Orientation and Sensitization Programme dated from 12-10-2023 to 21-10-2023, time 2 pm to 5 pm conducted by UGC- Malaviya Mission Teacher Training Program (UGC-MMTTC) Formerly UGC- Human Resource Development Centre (UGC-HRDC) Osmania University, Hyderabad. The program was to throw light on the topics like student diversity and inclusive education, Academic leadership governance and management, practical skills for use of ICT in teaching and research, skill development, research development, Indian knowledge System, holistic and multidisciplinary education, higher education and society. The NEP program gave insights to all the participants. about Strategies and Solutions in education., research, and policies.

Dr. J. Usha Rani from The Faculty of Microbiology attended the day ONLINE NEP Orientation and Sensitization Programme

Dr. Subhash Chander, Assistant Professor Department of Education (Central Institute of Education) University of Delhi. Presenting session on Student Diversity and Inclusive Education Pedagogical Challenges and Opportunities in an Inclusive Classroom: A Case for Technology Integrated Designs

Information & Communication Technology Modern Techniques of ICT in Education Prof. Jyoti Pareek Head, Department of Computer Science Gujarat University

One Day National Seminar on “Emerging Infectious Diseases: Causes, Remedies and Global Threats”

Dr. J. Usha Rani, Faculty of Microbiology along with four B.Sc. BTMC III year students attended and presented a paper in a one-day National Seminar on “Emerging Infectious Diseases: Causes, Remedies and Global Threats”. Organised by Seminal at Smt. A. Shyamala Devi Degree College for Women's College, Narayanguda, Hyderabad on 1st November 2023. Dr. J. Usha Rani along with two students from B.Sc. BTMC III submitted an abstract and gave Oral presentation under the Subtopic topic Public Health Intervention: Vaccination, Surveillance, and Healthcare. The title of the paper “Vaccine for Cervical Cancer? A little pain for a lot of gain”. Best Oral Presentation award cash prize of Rs 500/- was given during valedictory and certificate distribution. The seminar gave a better understanding of antimicrobial Resistant Pathogens and how to combat them.

Dr. J. Usha Rani along with Dharani and Margadavalli students from B.Sc. BTMC III year gave Oral presentation

Dr. J. Usha Rani along with Dharani and Margadavalli students from B.Sc. BTMC III year receiving cash award and certificate from Guest of Honours from Omni hospital

Dr. J. Usha Rani along with four B.Sc. BTMC III year students attended a one-day National Seminar on “Emerging Infectious Diseases: Causes, Remedies and Global Threats”.

Dr. Anupama Harshal. W from HSNC University, Maharashtra. Distribution Foldscopes to Participants

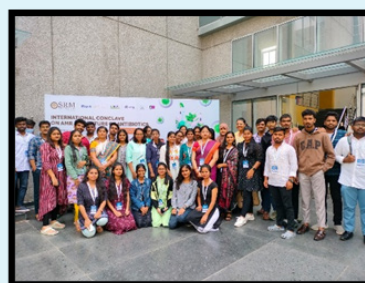

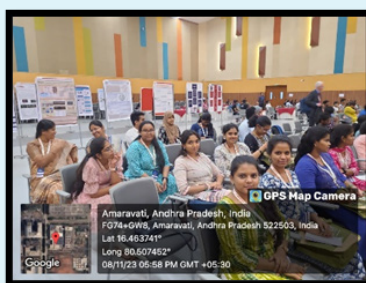

Dr. Anupama Harshal. W from HSNC University, Maharashtra in a round table discussion with our students gave important suggestions about how the survey of HPV vaccine can be carried out in future for further publication.

A Visit to ICAFA at SRM-AP

To provide students an exposure on the advanced research and increase their knowledge A two-day visit to International Conference on AMR at SRM-AP was organized for BTMC students on 8th and 9th November 2023. It was a 2-day conference of 7 sessions covering different aspects of resistance, next generation antimicrobials etc., A parallel session of poster presentation was also very informative. It was followed by a valedictory where students were given certificates and program came to an end. The students took home researchful attitude and got awareness on career opportunities. Students were able to build network by interacting with foreign delegates and scientists. Students were able to identify knowledge gap, boost confidence and retain information.

NOVEMBER 8,9 2023: Students of BTMC Little Flower Degree College participating in the ICAFA at SRM.

International Conclave on AMR and Future of Antibiotics (ICAFA-2023)

Dr. J. Usha Rani from Faculty of Microbiology and **MS. Heena** Faculty of Biotechnology along with 47 students of B. Sc BTMC 1,2, and 3 years attended International Conclave on AMR and future of Antibiotics (ICAFA-2023) Organised by Department of Biological Sciences at SRM University, Guntur, AP. The ICAFA program was Scheduled for Two days on 8,9th Nov 2023. The International Conclave gave very advanced learning to all the students and staff. Various Strategies and Solutions in combating AMR and alternatives to Antibiotics was the take home message from the conference.

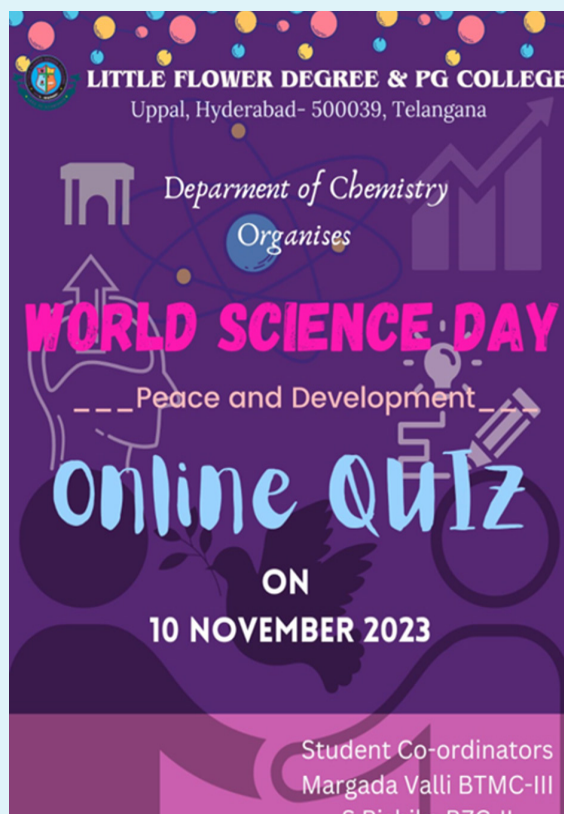

Students along with Dr. J. Usha Rani and MS. Heena faculty attended International Conclave on AMR and future of Antibiotics (ICAFA-2023) Organised by Department of Biological Sciences at SRM University, Guntur, AP. Group photo

Dr. J. Usha Rani and Ms Heena faculty along with students attended International Conclave on AMR and future of Antibiotics (ICAFA-2023), SRM University, AP

World Science Day- Online Quiz

On the occasion of world science Day i.e. 10.11.2023, Faculty of Chemistry, Department of Lifesciences organised an online quiz competition. The theme of the world science day for peace and development was "BUILDING TRUST IN SCIENCE". World Science Day for Peace and Development aims to inform citizens regarding scientific achievements by getting science closer to society. Furthermore, it highlights the importance of scientists in increasing one's understanding of the amazing and special planet and making one's communities more sustainable. Positive feedback was provided by the registered and participants from various groups.

Field Trip to Forest Trek Park, Chilkur

The faculty of Zoology organised a field trip to Forest trek park, Chilkur under Telangana State Forest Development Corporation on 17th November 2023. Students from the courses of BSc BZC and MZC I, II & III year visited the Forest trek park, Chilkur Reserve Forest block. The students went on a trekking trail among the green trekking route, they identified insect species, small wild animals like chameleons, garden lizards, tree lizards, water birds and peacocks. Small ponds and a lake were in the park which contained some common herons and egrets, Kingfishers and common aquatic birds. The students collected water samples from the ponds and small puddles to check the aquatic microorganisms and planktons. After reaching the lab the water was analysed by drop technique under microscope where Paramecium, copepods, vorticella and cyclops were identified. The overall outcome of the session was a nature loving experience with identification of the flora and fauna in the trekking area. This gave an informative and interesting experience to the students and also to blend into nature's vast stretch to be explored.

Field visit to Forest Trek Park, Chilkur

Exploring the trekking track

Students at the watchtower facing the trekking area

VANMAHOTSAV

The faculty of Botany at LFDC organized a Vanmahotsav celebration on November 17th 2023. Students are divided into two groups. One group of Students actively engaged in activities like labelling trees and studying various species across the campus. The other group are actively participating in sowing the seeds in soil. This hands-on approach allowed students to deepen their understanding of tree identification, species diversity, type of soil and environmental awareness. The primary goal of the event was to provide students with practical learning experiences related to botany and ecology. Throughout the day, students, guided by faculty members, learned to differentiate between various tree species based on specific characteristics. This practical involvement enhanced their knowledge of local flora and fostered a stronger connection with the environment. By actively participating in labelling trees and understanding different species, students developed a heightened sense of environmental consciousness.

students are observing different plant species with their flowering parts

students are noting down about plant creepers.

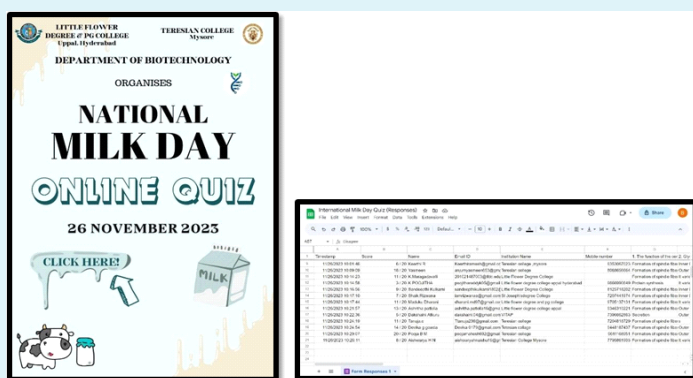

Students are analysing the type of soil for planting.

Students are sowing the seed of fenugreek, coriander.

MoU Activity - National Level Online Quiz on National Milk Day & Awareness Video on Aids Day

The Faculty of Biotechnology, Little Flower Degree College, Uppal collaborated with Department of Biotechnology, Teresian College, Mysore as part of MOU activity to conduct an online quiz on National Milk Day on 26th November, 2023. The main objective was to bring awareness about AIDS and the importance of consumption of milk to the students. The online quiz included 20 questions based on basic knowledge about both biotechnology and importance of milk. A time of 10 minutes was given to each participant to attempt the quiz. Total of 118 students from various states across India, participated in the quiz to test their knowledge. A video on AIDS was made and shown to the students highlighting the various aspects associated with the disease.

NOVEMBER 26 2023: Brochure of the event and responses.

Blanket Donation Drive

To promote social service among students and develop sense of helping nature towards the different communities of society, A Blanket donation Drive was organised on 29th November. Amount was donated by the students. The amount was used for purchasing blankets and towels for the old people at the old age home. Students Visited the Old Age Home and distributed the blankets to them. The students interacted with the old people and spent some time with them. Students were able to nurture kindness and compassion within them, connect with community. and face the reality of the situation. Students were able to bridge the gap and feel sense of happiness

NOVEMBER 29 2023: Students of BTMC distributing the essentials at Old Age Home

International Conference “Recent Advances in Zoology- Innovations, Challenges & Opportunities”

Dr. Gomathi.K, Assistant Professor, Faculty of Zoology attended and presented a scientific paper titled “Antioxidant enzymes SOD and Glutathione-s transferase in host *Mastomys natalensis* after infection of filarial parasite *Brugia malayi* at International Conference “Recent advances in Zoology- Innovations, Challenges & Opportunities” organised by Dept. of Zoology, Osmania University. The conference was held in the auditorium of Osmania University on 20th – 22nd December 2023. The paper presentation was proceeded by the lecture and discussions from the scientific community. Guest lecture from Experts Dr. Thangaraj, Former director, CDFD was very informative and thought provoking. The overall outcome of the session was presenting a scientific paper and getting appraised with the recent developments in the field of Zoology.

Dr. Gomathi. K Presenting scientific paper at International Conference

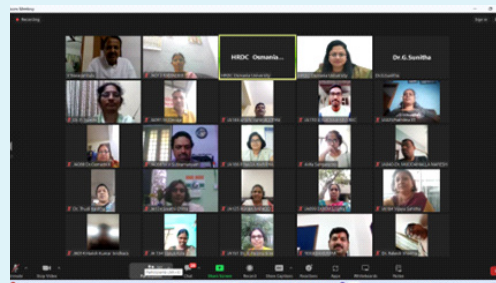

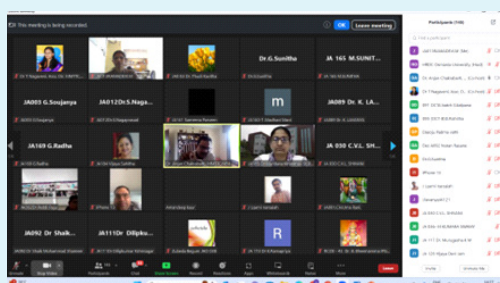

UGC - Malaviya Mission Teacher Training Center

NEP - Orientation and Sensitization programme report

EVENT NAME: UGC – NEP - Orientation and Sensitization programme report

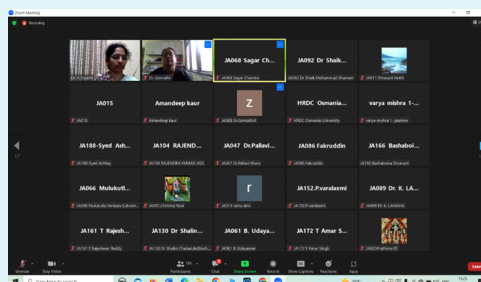

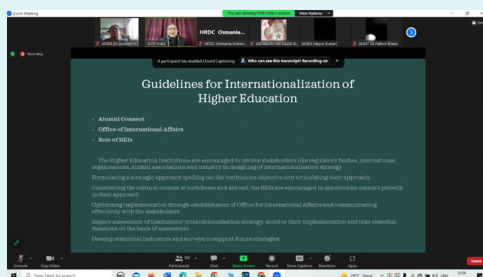

Osmania University, Hyderabad has organised an online NEP orientation programme for the faculty. Ms.M. Ramadevi Chemistry Faculty, LFDC has attended this program from 4th January 2024 to 12th January 2024 for 10 days with a duration of 3 hours every day from 2 PM to 5PM. The program was to throw light on the topics like student diversity and inclusive education, Academic leadership governance and management, practical skills for use of ICT in teaching and research, skill development, research development, Indian knowledge System, holistic and multidisciplinary education, higher education and society.

Attending the meeting

NEP orientation and sensitization program

Dr. Gomathi.K, Assistant Professor from faculty of Zoology attended the Online NEP orientation and sensitization program by UGC Malaviya Mission Teacher Trainingprogram, UGMMTTC, Osmania University from 04.01.2024- 12.01.24 through online Google meet. The eight days program was organised into two sessions per day covering aspects in each topic. The main objective of the session is to enhance the leadership, multidisciplinary education skill and improve the information and communication technical skills. The resulting aspects of the sessions were acquired knowledge on the latest developments in New Education policy and also developed the technical skills on ICT understanding, the centric pedagogical model and also the skill to develop information & communication technology. The overall outcome of the session was an informative and interesting experience with the researchers and other academicians from various institutions. The sessions helped to enhance the various aspects of teaching skills.

Dr. Gomathi. K attending the NEP orientation & sensitization program

Webinar Guest Lecture by Ramakrishna LFDC Alumni

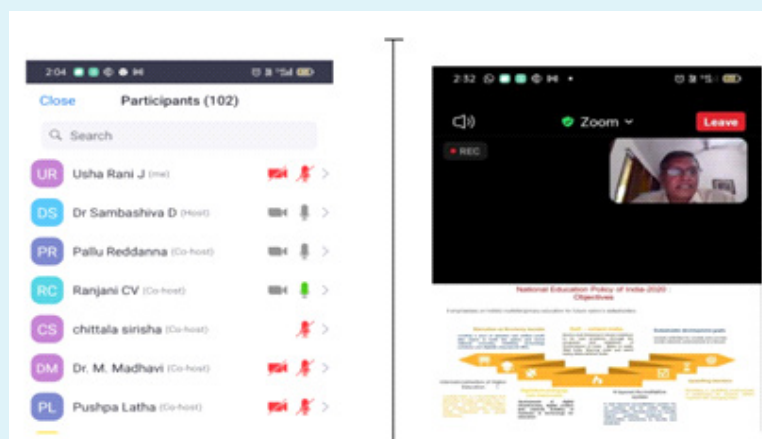

The Department of Lifesciences, Faculty of Microbiology organised a Webinar Guest Lecture by Ramakrishna LFDC Alumni from Latrobe University Melbourne, Australia on the topic “Career Opportunities in India and Abroad for Life Sciences on 12 January 2024. Students from B.Sc. BTMC and BZC III year attended the webinar and gained knowledge in the approach for higher education and placement opportunities in India and Abroad. Importance of Internships in placements was also guided by Ramakrishna to students in the webinar.

Ramakrishna Alumni and students attending guest lecture in webinar topic “Career Opportunities in India and Abroad for Life Sciences.

FDP on Recent Trends in Bioprocess Technology

Dr. J. Usha Rani from the, Faculty of Microbiology, Department of Lifesciences attended online FDP on ‘Recent Trends in Bioprocess Technology’ Five Days Faculty Development Program organised by Department of Biotechnology, Sinhgad College of Engineering, Pune from 15th -19th January, 2024. The FDP gave insights of advanced technology applied in the industry and research in the field of fermentation technology.

Dr. J. Usha Rani from the Department of Life sciences, Faculty of Microbiology attended online FDP on ‘Recent Trends in Bioprocess Technology

National Seminar on Artificial Intelligence and Disease Diagnosis

Students from B. Sc II year Department of Life Sciences, Faculty of Microbiology attended National Seminar on Artificial Intelligence and Disease Diagnosis Organized by St. Francis College for Women, Begumpet on 20th February 2024. Student participants in the Video presentation competition were asked to send the video presentation. Two students Yashashwini, Edana, won 1st prize in video presentation competition and Shreya and Srinidhi won 3rd prize in video presentation. Edana from B. Sc. BTMC II year also participated in a poster presentation competition. Students gained knowledge in scientific advancements and interacted with various scientist from various organisations

Resource person distributing certificates in the National Seminar session, Yashashwini, Edana, won 1st prize in video presentation competition and Shreya and Srinidhi won 3rd prize in video presentation. Edana from B. Sc., BTMC & MZC II year

Field Trip to IICT Report

The Faculty of Chemistry, Department of Lifesciences organised a trip to IICT-Tarnaka Hyderabad on 22nd February 2024. Students who participated were final year students of BtMiC, BZC & MPC and first year students of BtMiC & MZC. IICT is a constituent laboratory of Council of Scientific and Industrial Research (CSIR). With its expertise in chemistry and chemical technology, it provides solutions to challenges faced by industries and government departments through basic and applied researches. It was hosted by Sri N. Ramesh. A total of 60 students along with two faculty were taken for a complete tour of the institute. The student had an opportunity to look at the museum, followed by the NMR Mass and Synthetic organic lab. Students could interact with scientists and various research scholars. They were extremely motivated and felt proud of the work done by our eminent scientists.

Science Fest Anvesh 2024

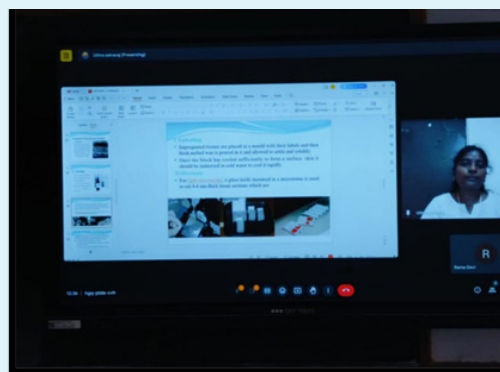

Two students from Department of Life Sciences Faculty of Microbiology attended SCIENCE FEST ANVESH 2024 and National seminar on Fermentation Technology in SRI SAI DEGREE COLLEGE, Dilsukhnagar, Hyderabad on 28th, 29th February, 2024 on National Science Day. Edana and Zoha from B. Sc. BTMC 2nd year students took part in a PowerPoint presentation competition on the topic of Fermentation technology and won 1st and 2nd prize, respectively. Students gained knowledge in advancements of fermentation technology in Industry and Research.

Edana and Zoha from B. Sc. BTMC 2nd year receiving the Prize photo

MoU Activity- Webinar on Histopathological Techniques

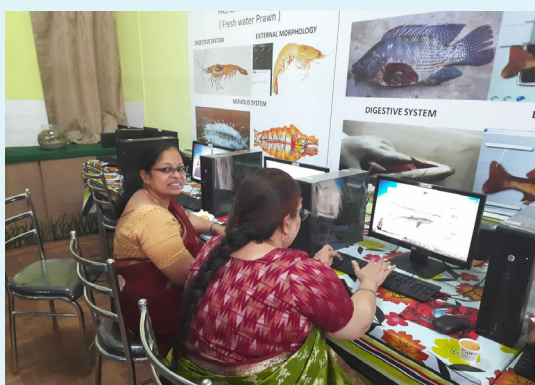

A collaborative effort was done by the Faculty of Biotechnology at Little Flower Degree College-Uppal Hyderabad and St. Josephs College (Autonomous), Tiruchirappalli in regard with the MoU activity. A webinar on Histopathological Techniques (HPT) was organized for the students of both colleges. The webinar was conducted on 23rd January 2024 at 12 pm in online mode. Dr.S. Uthra, Scientist-II, Kiba Bio-technology-Vijaywada AP. The talk focused on the studies of different samples, its collection and requirements of the protocol, role of HPT in disease diagnosis like cancer, fibroids etc., with a video presentation. An active Question and Answer session was also seen between the resource person and student.

JANUARY 23 2024: Students of Life Sciences attending the Webinar

Faculty Development Program “Innovations in Biosciences - Need of the hour”

Dr. Gomathi.K, Assistant Professor from Faculty of Zoology attended the 5 days Faculty Development Program “Innovations in Biosciences- Need of the hour” both on offline and in online mode at St. Anns college for women on 19th – 23rd February 2024. The day one session on virtual dissections was started after inauguration by Dr. Deepa Jaiswal, Station Director, Zoological Survey of India, Hyderabad. A detailed session and hands on training was given on virtual dissections of Frog and Scoliodon. The five days online session included the Preservation of museum specimens, by Mr. Naresh Nethawath, Senior Zoological Assistant, ZSI, DNA Bar-coding by Mr. Indranil Singh, Senior Zoological Assistant, ZSI, demonstration of Immunological techniques- Rapid Plasma Reagin % & Radio Immuno Diffusion by Mr. Sabitree Patel, Research Associate, Variant Genetics pvt ltd and session on Innovation in Research by Dr. Nagesh Babu, Associate Professor, School of Life Sciences, Dept. of Biochemistry, Maharani cluster University, Bengaluru. The overall outcome of the session was an informative and interesting experience with the researchers and other academicians from other colleges. The hands-on experience helped to enhance the teaching skills.

A Visit to Seminar on Bridging the Gap: Biotechnology Revolutionizing Medicine

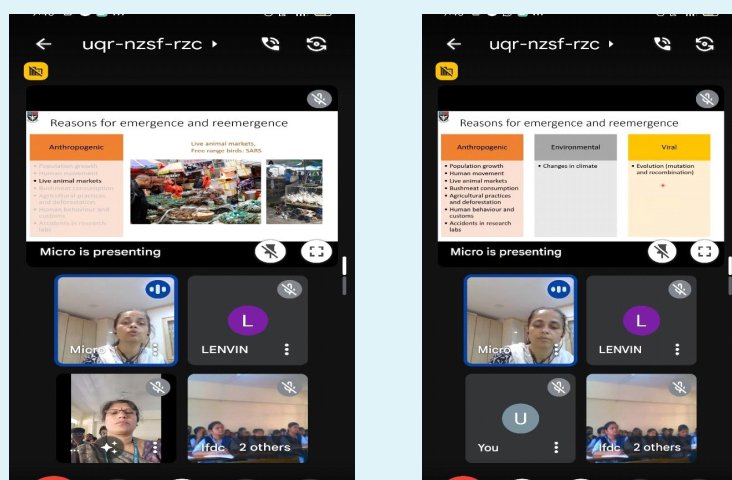

The Faculty of Biotechnology at Little Flower Degree College sent B.T.M.C students to attend a national Level Seminar organized by St. Francis College for Women. The students were able to interact with the resource persons and gain information on the health care research. Sessions on Medical Biotechnology and Cancer research by Asst.Prof. Sandhya Rani and Molecular tools by Dr. Ravikanth, TL at AIG Hospitals were a great source of knowledge. A hands-on session on genetic counselling was also given to the students which helped them to understand the need of it. The role of genetic counselling and procedure was explained in detail. The participants were given participation certificates at the end of the seminar.

Faculty Exchange Online MoU Guest Lecture

Department of Life Sciences, Faculty of Microbiology organised Faculty exchangeonline MOU guest lecture on 28th February 2024 by Dr. Aparna Shetty, St. Xavier college, Mumbai on the topic virus evolution, emergence, and epidemiology. The guest lecture provided a comprehensive insight into the dynamic nature of viruses, their adaptive capabilities, and the factors contributing to their emergence and epidemiology in human populations. The lecture was structured to cover various aspects of viral evolution, including genetic mechanisms, environmental influences, and human behaviours. The guest lecture provided a thought-provoking exploration of virus evolution, emergence and epidemiology, highlighting the interdisciplinary nature of infectious disease dynamics. Overall, the session served as a valuable platform for deepening understanding of the complex interplay between viruses, hosts, and the environment in shaping the landscape of global health.

Guest lecture by Dr. Aparna Shetty St. Xavier college, Mumbai on topic virus evolution, emergence, and epidemiology.

Internship In Molecular Biology at OU Campus

The Faculty of Biotechnology at Little Flower Degree College sent BtMC final year students to attend an internship on Molecular Biology techniques at Genetics Department, Osmania University. The techniques were demonstrated to the students by Dr. A. Sandhya Rani ma'am. The students were able to interact with the resource person and gain information on different aspects of molecular biology such as isolation techniques, and preparation of buffers. Hands on session on the various techniques was also given to the students which helped them to understand the need of it. The participants were given certificates at the end of this internship.

MARCH 1- 21 2024: Students of III BTMC attending internship at OU- Campus.

National Multidisciplinary Seminar

Dr. J. Usha Rani, Department of Life sciences, Faculty of Microbiology attended and presented an oral presentation paper titled 'Production of BIOENZYME from Citrus Peel Waste to Clean Up Polluted Water Bodies' in a National Multidisciplinary Seminar on Emerging Trends in Technology and Sustainability in St. Mary's Degree College, Perspectives from Business, Sciences, Social Sciences & Humanities from March 1 & 2, 2024. Dr. Y. Aparna from Bhavans Vivekananda College, Chaired the session and gave good insights for the paper publication proceedings.

Participants from various colleges attended and presented paper

DAY- 7: BUSINESS QUIZ
B. Com and BBA students are taking part in the Business Quiz, being judged by Ms. Lavanya, a faculty member of Psychology

Webinar “Scope for Research in Commerce”

The Department of Commerce, in association with St. Joseph’s College, Alappuzha, Kerala, organized a webinar in collaboration with the ICAI Business School on “Scope for Research in Commerce.” The webinar was conducted on 11th August, 2023, through online mode from 2:30 p.m. to 4 p.m. The platform was G-meet. Final-year students of both the colleges, LFDC and St. Joseph’s College, attended the webinar. The resource person for the webinar was Dr.G. Armar Raju, Assistant Professor, ICAI Business School. Dr. Amar explained the importance of research to students and the methods of data collection. The students learned about the areas of research in commerce and the various spheres of topic selection. The methodology of research and report writing was explained. The session ended with a question-and-answer session. It was a valuable and insightful session.

Resource person: Dr. Amar Raju, Assistant Professor, ICAI Business School, Presenting and Explaining the Scope for Research in Commerce and Methods of Data Collection

Intra Collegiate Competition-Article Writing on G-20 Summit-2023

As part of the intra-literary competitions, the department of commerce organized “Article Writing—G-20 Summit 2023, held in the college on October 9, 2023. The objective of the programme was to create awareness about article writing and keep them abreast of recent trends in the international arena. The participants included students from all the faculties of the college. They were required to write an article on the G-20 Summit 2023, which was conducted by the Government of India on 9 and 10 September, 2023. The students from various streams wrote on the topics discussed in the summit, which were themed on Vasudhaiva Kutumbakam: One Earth, One Family, One Future. The students participated in the competition with enthusiasm and fervour. This programme enhanced the student’s writing skills and their knowledge of the current affairs.

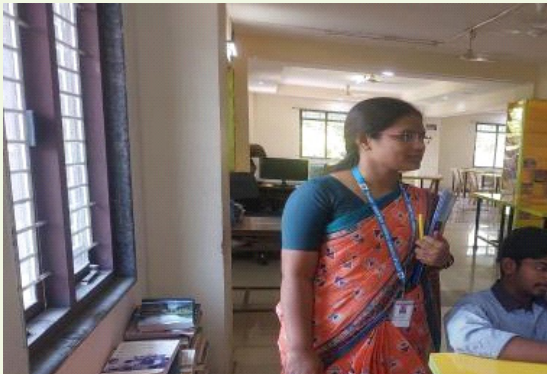

Students from diverse disciplines at LFD are participating in the Article Writing Competition organized by the Department of Commerce as part of the intra-collegiate competitions for the academic year 2023-24.

Library Books Audit 2023-24

The Department of Commerce, in collaboration with the Department of Library Science, conducted a one-day library book audit on 12 October, 2023. The participants of the library audit were students of III-B.com General and Honors. They were paired and assigned a specific department to verify the books. Students learned the basics of auditing as a part of their academic curriculum; hence, this programme served as an effective practical exposure to them. Students learned about vouching for library books by verifying their presence in the library access book. They recorded the accession number of each library book on a separate sheet to have better clarity about the presence of the books. Students learned the concept of auditing in a more interesting way.

Project - Recent Changes in Automobile Industry with regard to Four Wheelers-Cars

The department of Commerce, Little Flower Degree College has conducted a programme, “Recent Changes in Automobile Industry with regard to Four Wheelers-Cars” on Project work for II- & III-year B. Com students. The students were asked to research various innovations and marketing strategies for the survival and growth of four wheelers, especially cars. The objective of the project was to create awareness about recent changes in the automobile industry and market competition among various brands. Students learned marketing strategies and survival techniques in Market. Students researched on various brands of cars such as Maruthi, Tata, KIA etc. They have explained the changes in design and added features included in the newer models to stay abreast with the latest changes and customer requirements to gain maximum customer satisfaction.

07 COMPARISON WITH BRANDS

01. Compare Glanza with Similar Cars

Brand Name	Model Name	Price (Rs.)	Engine (cc)	Power (kW)	Transmission	0-100 (sec)	Top Speed (km/h)	Fuel Consumption (km/l)
Maruti Suzuki	Glanza	7.99 Lakh	1300	55	Manual	12.5	170	22.5
Tata	Nano	2.50 Lakh	600	15	Manual	15.0	100	15.0
Kia	Nano	2.50 Lakh	600	15	Manual	15.0	100	15.0

02. Compare Innova Crysta with Similar Cars

Brand Name	Model Name	Price (Rs.)	Engine (cc)	Power (kW)	Transmission	0-100 (sec)	Top Speed (km/h)	Fuel Consumption (km/l)
Maruti Suzuki	Innova Crysta	15.99 Lakh	2400	100	Manual	12.5	170	22.5
Tata	Innova	15.99 Lakh	2400	100	Manual	12.5	170	22.5
Kia	Innova	15.99 Lakh	2400	100	Manual	12.5	170	22.5

03. Toyota Fortuner Comparison with similar cars

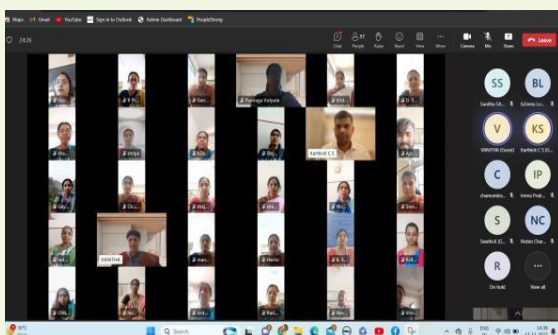

Brand Name	Model Name	Price (Rs.)	Engine (cc)	Power (kW)	Transmission	0-100 (sec)	Top Speed (km/h)	Fuel Consumption (km/l)
Maruti Suzuki	Fortuner	25.99 Lakh	2400	100	Manual	12.5	170	22.5
Tata	Fortuner	25.99 Lakh	2400	100	Manual	12.5	170	22.5
Kia	Fortuner	25.99 Lakh	2400	100	Manual	12.5	170	22.5

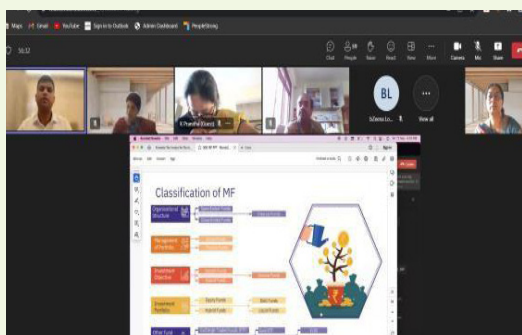

Students project on various brands of cars- Comparison between brands

Webinar- “Awareness on Investment Opportunities”

In collaboration with the Department of Commerce & Management, St. Aloysius Degree College, Bengaluru, the Department of Commerce, LFDC organized a webinar on Awareness of Investment Opportunities for 58 faculty members of both the college on 17 November, 2023 at 2.30 pm. The resource person for the webinar was Mr. Karthik co-founder of Knowise which is a firm for financial services. The resource person had a rich and varied knowledge of industry and had worked with more than 1.5 lakh professionals. The objective of the webinar was to create awareness among faculty on investment opportunities. The webinar was very informative and the faculty members gained an understanding of various avenues available for Investment in capital market.

Introduction of the resource person

Mr. Karthik explaining about mutual funds

Inter Collegiate Competitions: “Write – Up on National Education Policy”

The National Education Policy, 2020 (NEP) envisions a significant transformation in education, emphasizing the core values and principles that education should instill in students. As part of the intercollegiate competitions, the Commerce and Management department hosted a competition called “Write-Up” on the New Education Policy on February 1, 2024, from 11:30 a.m. to 12:00 p.m. in room D01. The main aim of conducting this activity was to help students learn about the National Education Policy (NEP) and enhance their writing skills. Students from LFDC and other colleges, representing various streams, showed keen interest in the topic. They actively participated and demonstrated their presentation skills by writing a report on the National Education Policy (NEP). Through their write-up, they shared their views and opinions about the New Education Policy.

Short Film

The Faculty of Mass Communication and Journalism produced a short film on Suicide prevention and Mental Health awareness. Pre- Production work of the movie began on 20th September 2023. The film was shot in multiple indoor and outdoor locations. The post- production work was completed by 4th Oct 2023. The short film aimed at giving hands -on experience to students on film production, cinematography, editing and other pre-requisites for an on-field production of a movie. Students learnt about the art of writing for screen and how to conceive it. On the first day of shooting students came across many difficulties regarding the angles and shots. It was a typical example of learning by doing. Students understood the importance of scripting and storyboarding it. The short film aimed at giving hands -on experience to students on film production, cinematography, editing and other pre requisites for an on-field production of a movie. The film was produced by students of BA 2.

FDP- Investing in Yourself: Wellness for Holistic Performance

The “Investing in Yourself: Wellness for Holistic Performance” Faculty Development Program (FDP) organized by the BA Faculty was a transformative experience spanning six days from August 7 to August 12, 2023. The program aimed to empower faculty members with strategies for enhancing their well-being and productivity.

Day 1 focused on “Mastering Work-Life Balance,” emphasizing the importance of maintaining a healthy equilibrium between professional and personal lives. Practical strategies for stress management and fostering a positive work environment were discussed.

Day 2 explored “Nurturing Healthy Relationships & Stress Management,” highlighting effective communication and stress reduction techniques.

Day 3 featured “Yoga for Mindfulness,” providing participants with yoga practices for mental clarity and relaxation.

Day 4 introduced faculty to self-help literature, emphasizing its benefits for personal growth and well-being.

Day 5 delved into “Art Therapy - The Healing Canvas,” showcasing the therapeutic benefits of artistic expression.

Day 6 concluded with “Components of Good Health - Nutrition & Diet,” focusing on the role of nutrition in overall well-being.

Throughout the program, faculty gained practical insights and strategies to invest in their personal well-being, manage stress, and foster mindfulness. The collaborative efforts of facilitators and enthusiastic participation of faculty members made the FDP a memorable and impactful event.

Cultural Show

The Faculty of English of Little Flower Degree College hosted a mesmerizing Cultural Show on 12th August 2023 at Karunya Court, celebrating diversity, talent, and unity. Students showcased their cultural heritage through traditional attire from different states of India. The event began with a serene prayer followed by a melodious prayer song, setting a tranquil atmosphere. The Welcome Dance added energy, captivating the audience with its cultural flair. Sabareesh from BBA3 B delivered an insightful speech on the significance of cultural celebrations, emphasizing unity in diverse traditions. Students representing different states showcased their culture and tradition, each act portraying unique elements and adding to India's rich diversity. The Concluding Dance left the audience enthralled, while Shreshtha from MSDS 2 delivered a gracious Vote of Thanks. The Cultural Show was a grand success, leaving a positive mark on all attendees' hearts and serving as a reminder of the beauty of diversity. The event concluded with a heartfelt rendition of the National Anthem, fostering a sense of patriotism and unity.

French Movie Screening - Storks

The Faculty of French has taken an initiative to showcase the French movie “Storks” to all the French students of 3 years. Storks is a 2016 American 3D computer animated adventure comedy film produced by the Warner Animation Group and distributed by Warner Bros. Pictures. The movie screening was done to develop the listening skills and bring awareness about the native French language. The screening of the movie was done in the 3rd floor smart board room I33 by MS A. Harini on 24th Aug 2023. The objective was to develop the listening and speaking skills of the students. The outcome is that the students could understand the movie and learn new words with the help of subtitles.

Sanskrit Diwas

The faculty of Sanskrit celebrated Sanskrit Diwas in the Montfort Hall on August 30, 2023. The guest speaker, Dr. Joshi Santosh Kumar, enlightened the gathering with his presentation on the topic Samskrita Bhasha Vidyana Parichayam. He enhanced the young minds of students by explaining them with the different meanings of various words in Sanskrit that were lost due to the domination of foreign languages (i.e., English). The event was a grand success as students from various streams participated in the event and understood the beauty and depth of the ancient language. After the presentation by the guest speaker, students from final B.SC presented PPT on the importance of Shiksha. The event concluded with the felicitation of the guest speaker, followed by a vote of thanks.

Eloquent Expressions

On September 5, 2023, LFDC's Faculty of English organized "Eloquent Expressions" at Karunya Court, providing students with the opportunity to express gratitude to their teachers. The event featured a board where students pinned handwritten thank-you note and letters dedicated to their educators. Throughout the day, the venue became adorned with colourful notes showcasing admiration, gratitude, and personal anecdotes. These heartfelt messages underscored the profound impact teachers had on students' lives, fostering emotional moments and shared experiences. The event facilitated open communication and further exchanges of gratitude and experiences, strengthening the bonds within the academic community. Even teachers expressed their heartfelt gratitude, adding to the poignant celebration of Teacher's Day. Overall, "Eloquent Expressions" served as a touching tribute to dedicated educators and highlighted the enduring connections they build with their students.

Journey Through Generations

On October 12th, the Faculty of English hosted “Journey Through Generations” at Karunya Court, featuring a Family Tree Exhibition. Students presented meticulously crafted family trees, showcasing their ancestral histories through photos, descriptions, and drawings of their forebears’ achievements. The event aimed to unite familial bonds across generations and celebrate the diverse narratives within our community. With an inspiring opening ceremony, attendees were captivated by the displays, offering an immersive journey through cultural diversity and traditions. The exhibition achieved its goal of revealing cultural richness and fostering unity among participants, providing profound insights into family legacies.

Attended One Day National Workshop on Self Learning Material

28 दिसंबर 2023 को मौलाना आज़ाद राष्ट्रीय उर्दू विश्वविद्यालय (MANU) द्वारा स्व-शिक्षण सामग्री (SLM) पर एक दिवसीय राष्ट्रीय कार्यशाला आयोजित की गई। कार्यशाला में दूरस्थ शिक्षा के छात्रों के लिए हिंदी में गुणवत्तापूर्ण स्व-शिक्षण सामग्री तैयार करने पर ध्यान केंद्रित किया गया। सामग्री विकसित करने के सिद्धांतों और तकनीकों पर गहन चर्चा हुई। SLM एक ऐसी सामग्री है जो शुरू से अंत तक छात्र-केंद्रित होनी चाहिए, ताकि विषय को आसानी से समझाने योग्य और सरल रूप से ब्राह्म हो सके। यह भी चर्चा की गई है कि SLM को मुख्य रूप से ‘पाँच स्व’ - स्व-व्याख्यात्मक, स्व-निहित, स्व-निर्देशित, स्व-प्रेरक और स्व-मूल्यांकन को ध्यान में रखते हुए विकसित किया जाना चाहिए। कार्यशाला की अध्यक्षता दूरस्थ शिक्षा निदेशालय, MANU के निदेशक मोहम्मद रजाउल्लाह खान ने की। प्रोफेसर गोपाल शर्मा, पूर्व प्रोफेसर, अंब्रेजी विभाग, अरबा मिंग विश्वविद्यालय, इथियोपिया ने मुख्य वक्ता की भूमिका निभाई। सुश्री शीला बालाजी, सहायक प्रोफेसर (हिंदी), एलएफडीसी, उप्पल ने पाठ्यक्रम के लिए इकाई लेखक के रूप में कार्यशाला में भाग लिया। भाषा विभाग के पूर्व डीन प्रोफेसर नसीमुद्दीन फारिस, सलाहकार एवं संपादक प्रोफेसर ऋषभ देव शर्मा, निदेशक एवं पाठ्यक्रम समन्वयक डॉ. आफताब आलम बेग भी मंच पर उपस्थित रहे। इस अवसर पर हिंदी विषय पर प्रकाशित 14 पुस्तकों के इकाई-लेखकों को उनकी प्रतियां प्रदान की गईं।

One Week Orientation on National Education Policy

UGC-training center for teachers known as Malaviya Mission Teacher Training Centre in collaboration with Osmania University organized 2 sessions of 8 day each “NEP-Orientation and Sensitization Programme” from 4th to 12th January and 4th to 14th March from 2: 00pm to 5:00 pm. The courses were equivalent to “One Short Term Course” (STC) organized online by Director Prof. Smita Pawar, Dr. Sandhya Rani and Dr. T. Nagaveni, Assistant Director and Associate Director respectively. A schedule was given to the registered participants along with a link for each day. Each day two sessions by highly distinguished resource persons, were organized in tune with 2 sessions each day with NEP in the afternoon. The aim of this program was to improve the quality of teaching and empower faculty members through training, induction, refresher and short-term programs and to ensure their continuous professional development. The faculty members attended the online program and understood the importance of holistic education, within the purview of India-centric ethics and human values. They understood the significance of how the Indian Knowledge System can be applied in real life for the advancement and betterment of students.

Trip to the Golconda Fort

The Faculty of Sanskrit, Department of Arts organized a field trip to Golconda Fort on 6th January 2024. This report provides a comprehensive overview of the field trip to Golconda, delving into its historical significance, architectural design, exploration, cultural aspects, highlights, individual experiences, and reflections. Each section offers detailed insights and rich descriptions, capturing the essence of the visit. Golconda, a majestic fort, holds significant historical importance and stands as a testament to the rich heritage of India. Built during the medieval period, it served as a central hub for trade and cultural exchange. The highlights

Field trip to Golconda

of the trip were Guided tour through the fortress, Panoramic views from the summit, Interactive demonstrations of ancient weapons, exquisite displays of architectural marvels, Personal Experiences and Reflections. The field trip left an impression, evoking a sense of awe and appreciation for Golconda's historical significance, architectural splendor, and cultural heritage. It was a journey through time, igniting a profound curiosity and admiration.

Anti-Drug Summit

The Anti-Drug Summit held at BITS Pilani, Hyderabad on 10th February 2024 aimed to raise awareness about drug abuse among teenagers and young adults. Students of LFDC took part in the summit by presenting their PowerPoint, "Impact of COVID on drug abuse trends - PANDEMIC PROTECTORS". The objective was to educate participants about the dangers of drug addiction and equip them with knowledge and resources to make informed decisions. Through engaging discussions, presentations, and interactions with experts, the summit provided valuable insights into the changing patterns of drug abuse during the pandemic. The outcome of the event was a strengthened resolve among participants to combat drug addiction in their communities. The summit served as a platform for collaboration between students and law enforcement agencies, contributing significantly to the collective effort to create a drug-free society.

Green Extension Day

The Faculty of Sanskrit, Department of Arts organized Green Extension Day on 10.02.2024. This day was organized to encourage and raise awareness about environmental conservation and sustainability practices on the campus. As a part of the event, Seed balls of methi, Tulsi etc. were distributed to the lecturers and students. The seed ball distribution activity successfully engaged participants in creating and dispersing seed balls to promote local biodiversity. Participants enjoyed hands-on learning about ecosystem restoration through practical conservation efforts.

Attended Two Days National Seminar and Presented Paper

18 और 19 मार्च, 2024 को हैदराबाद स्थित केंद्रीय हिंदी संस्थान में हिंदी में दो दिवसीय राष्ट्रीय संगोष्ठी का आयोजन किया गया। यह संगोष्ठी तेलुगु साहित्य के लिए राष्ट्रीय साहित्य अकादमी से पुरस्कृत प्रो. एन. गोपी और निखिलेश्वर के साहित्य पर केंद्रित थी। ये दोनों लेखक तेलुगु साहित्य के प्रमुख हस्ताक्षर हैं, जिन्होंने अपने विपुल लेखन के माध्यम से भाषा को अपार सम्मान दिलाया। उनके कार्यों ने अपने समय और बाद की पीढ़ियों के तेलुगु लेखकों पर अमिट छाप छोड़ी है। संगोष्ठी के जीवंत माहौल में, एलएफडीसी, उप्पल की हिंदी व्याख्याता श्रीमती शीला बालाजी ने अपनी विद्वतापूर्ण शोध पत्र को शानदार ढंग से प्रस्तुत किया। प्रतिष्ठित प्रो. एन. गोपी द्वारा रचित तेलुगु काव्य “वृद्धोपनिषद” के गहन छंदों में उतरते हुए, उन्होंने परिपक्व जीवन की यात्रा के सार को उजागर किया। उनके शोधपत्र का शीर्षक था “वृद्धावस्था: आरंभ है स्नेहिल जीवन का”, जिसमें स्नेहमय अस्तित्व के कोमल पक्ष को अभिव्यक्त किया गया। विषय ने श्रोताओं के दिल और दिमाग पर असर डाला।

Smt. Sheela Balaji eloquently presented her meticulously crafted research paper, capturing the attention and admiration of the audience with her profound insights.

Telugu writer Prof. N. Gopi, Prof. Rishabh Deo Sharma, and a captivated audience filled the seminar hall as they attentively listened to Smt. Sheela Balaji delivering her insightful research paper.

IQAC- National Seminar on Digital Teaching-Learning Strategies:

Advances & Challenges

St. Ann's College for Women organized a hybrid national seminar on Digital Teaching- Learning Strategies on April 29, 2024. The event, chaired by Prof. Limbadri and featuring Dr. N. Jaya Sankaran's keynote address explored various facets of digital education. session covered Open Education Resources, Designing Online Content, and AI-based game learning. Faculty members from institutions, including Little Flower Degree College, actively participated, enriching the discussions. The seminar, led by Dr. Sr. A. Vijaya Rani and Dr. Smita Asthana, highlighted the significance of embracing digital advancements in education for enhanced teaching and learning experiences.

Shramadhanam

LFDC NSS Unit volunteers participated in the Swachh Bharath on April 24th 2023 Program at Osmania University. The objective of conducting this program was to create awareness of the cleanliness of the premises. The program was inaugurated by the Vice Chancellor Prof. D. Ravinder and NSS Coordinator, Dr Saveen Souda. NSS Volunteers from different colleges participated in this event and divided the volunteers into different teams. Our college volunteers cleaned the premises of the VC Residence and Administrative block. Osmania University NSS Cell provided refreshments to all NSS Volunteers and we made this program a grand success.

Prof. D. Ravinder, Vice Chancellor, Prof. Lakshminarayana, Register, Dr Saveen Souda Programme Coordinator along with Programme officers, Prof. Ravinder flagged of the Shramadhanam program at NSS office, OU.

Education Film Festival

LFDC NSS Unit volunteers actively participated in the CEC UGC Educational Film Festival 2023 from April 27 to 29 at Tagore Auditorium, Osmania University. The inaugural event was conducted in Tagore Auditorium, while film screening was done at the Centre for Distance Education. The 24th edition of the film festival hosted by the Delhi-based Consortium for Education Communication (CEC) and the Educational and Multimedia Research Centre at Osmania University was opened by film producer and director Sekhar Kammula. Renowned Telugu Film Director Sekhar Kammula, an alumnus of OU, took part in the inaugural event. Mr. Kammula said film creators committed to society to make pictures with wide and long-lasting appeal. Cinemas should mirror the lives of the present day. In this direction, he complimented the efforts of CEC-UGC in encouraging instructional filmmakers. CEC director J.B. Nadda said the goal of the Central government was to enhance the national average Gross enrolment ratio of students from 27% to 50% by 2035. But it could not be achieved by the old school system. Only a digital education system will make it possible. Coordinator of the film festival Sunil Mehru said a total of 193 entries were received for this edition of the film festival. Of them, 13 films were picked for awards and 14 for commendation for their remarkable effort. Osmania campus vice chancellor D. Ravinder praised CEC for authorizing the festival to the campus

International Yoga Day – 2023

Every year on June 21, the globe celebrates International Yoga Day to bring attention to this age-old discipline and to recognize the benefits yoga has had on people's physical and spiritual well-being. Yoga is a technique that is effective for calming the body and mind and enhancing one's immune system. The LFDC NSS Unit observed the 9th World Yoga Day on June 21, 2023. Mr. Prashanth, NSS PO, gave a brief introduction to Yoga Day to kick off the event. Faculty and PG students attended. By observing that students were also practicing yoga asanas, we were able to show Mr. Vivek's Fit Tuber Channel video on the fundamental poses

Students are performing yoga asanas on the occasion of International Yoga Day

Independence Day Celebrations by NSS Unit

The NSS Unit of Little Flower Degree College conducted an online quiz on August 15, 2023 as a part of Independence Day Celebrations. The youth rarely have time to remember our rich history and culture in today's fast-paced, intensely competitive daily life. This is especially important while the country is celebrating Azadi ka Amrit Mahotsav. The NSS program officer, Mr. M. Prashanth, prepared the quiz and posted the Google Form link in the WhatsApp groups where the students could access the link and attempt the quiz. Link for the quiz was available for 12hrs(9AM-9PM). The quiz was taken by 83 students and many students successfully attempted the quiz and scored above 75%. Online Certificates were given for those students.

Independence Day Celebrations

On August 16, 2023, in celebration of Independence Day, a vibrant and patriotic “Rally with National Flags” was organized by the NSS Unit spanning from LFDC to Uppal X Roads. The rally aimed to honor the spirit of independence and instill a sense of national pride among the participants. The rally was meticulously planned by the NSS club with attention to detail given to logistics and coordination. Necessary permits were obtained, and arrangements were made for flags, and banners. The rally commenced with a stirring rendition of the national anthem, filling the air with patriotic fervor. Along the route, participants waved flags enthusiastically, chanting slogans of freedom and solidarity. It brought together people from all walks of life, reaffirming their commitment to the nation and its ideals. As we reflect on our journey as a nation, let us carry forward the spirit of independence and work tirelessly towards a brighter future for generations.

SVEEP (Systematic Voters' Education and Electoral Participation)

NSS unit of Little Flower Degree College organized a Voter Awareness Program in collaboration with Uppal Assembly Constituency, Medchal Malkajgiri (District), on 08 September 2023 to sensitize the masses about the importance of participating in the electoral process in a democratic nation and help them cast an 'enlightened vote' by electing the right candidate, knowing various parameters. Citizens must make use of the power and right to vote to choose a leader who will represent them and their ideas; and contribute their part in shaping the government. Volunteers enthusiastically spread awareness about the importance of the right to vote using Voter ID cards to eligible people in their locality. They made the people understand how even I vote can change the future of our country.

Aapada Mithra Training Program

The Aapada Mitra Scheme, initiated by the Indian government, aims to train volunteers in community preparedness and bolster their ability to respond adeptly during emergencies. In line with this endeavor, we, as NSS volunteers from the department of B.Sc. representing our college, actively participated in the training program held at the Disaster Response Force (DRF) Training Centre in Nagole from 18th – 24th March 2024. Daily sessions were conducted from 10 am to 5 pm. The program comprised a combination of theoretical and practical sessions, covering diverse topics such as floods, fire accidents, earthquakes, and building collapses, among others. The initial seven days predominantly focused on theoretical instruction, followed by hands-on practical demonstrations in the afternoon, fostering active engagement from participants. Overall, the training has equipped us with invaluable insights into safety protocols, discipline, and various measures to effectively respond to emergencies such as fire accidents or gas leakages, ensuring swift action to mitigate risks and prevent further escalation until formal rescue operations are initiated.

International Yoga Day-2024

Yoga is a practice which plays an important role in relaxing the mind and body and boosting people's immune system. 10th International Yoga Day was celebrated by the students and the faculty members of Little Flower Degree College NSS Unit, Uppal on 21st June 2024 with great eagerness and enthusiasm. Correspondent Rev. Br.Arun Prakash also joined the International Yoga Day celebration. The theme for international Yoga Day 2024 is 'Yoga for Self and Society' and revolves around self-enlightenment. This year's theme of International Yoga Day focuses on Yoga, a transformative practice, representing the harmony of mind and body, the balance between thought and action, and the unity of restraint and fulfilment for self & society. The function began with a brief introduction of Yoga Day and Yoga instructor Ms.Priya Thakur by Ms.Harini .Ms Priya, A Yoga instructor from Loyola Academy, started with prayer and explained the importance of Yoga in everyday life. She encouraged all to practice Yoga and meditation on a regular basis for a healthy body and mind. She explained the common Yoga Protocol. She demonstrated various Asanas like Tadasana, Vrikshasana, Pad-Hastasana, Ardha chakrasana, Trikonasana, Vajrasana, Ustrasana, Makarasana Etc. with their benefits & cautions. The function ended with felicitation of event guest Shri Priya & vote of thanks preceded by National anthem. The program concluded with the recitation of Shanti Mantra and the students and teachers carryinhome the message that,

"Yoga is not for only one – it's for everyone, Yoga is not for a day- it's for every day.

Students & faculty members Performing Yoga Asanas on 21st June 2024, International Yoga Day.

77th Independence Day

On the occasion of 77th Independence Day of India as a part of “Azadi ka Amrit Mahotsav” celebrations, Little Flower Degree College witnessed a remarkable display of discipline and patriotism as NCC cadets marched in college premises on August 16, 2023. The event was graced by the esteemed Correspondent, Rev. Bro. Arun Prakash, and Principal, Ms. Jayanthi Reddy, along with Mr. Vijay, the NCC coordinator, faculty and students. The Motto of NCC is “Unity & Discipline.” The event commenced with a meticulously choreographed parade, reflecting the dedication and rigorous training that the NCC cadets had undergone. With precise synchronization and unwavering commitment, the cadets showcased their skills, capturing the essence of unity and patriotism that the Azadi ka Amrit Mahotsav stands for. The parade was a stunning display of their dedication to the country’s rich history and the spirit of independence. The Correspondent, **Rev. Bro. Arun Prakash** received **GUARD OF HONOUR (WITH RIFLE)** from NCC Cadets and **SWORD HONOUR** from **SUO SANTHOSH KUMAR**, parade commander, 3 MSCs as a symbol of unity and discipline that they practice during their training. The Correspondent, Rev Bro Arun Prakash, expressed his pride in the NCC cadets’ performance and commended their efforts in upholding the values of discipline, leadership, and service to the nation. Principal Ms. Jayanthi Reddy and Mr. Vijay, the NCC coordinator, were also honoured for their vital roles in organizing and training the cadets for this momentous event. Their unwavering support and guidance have been instrumental in nurturing these young individuals into responsible citizens. The parade was witnessed by the college’s students, who turned out in full force to celebrate this historic event. The students’ enthusiastic presence added to the atmosphere of unity and pride, fostering a sense of togetherness among all attendees. In conclusion, the NCC cadets’ presentation on the occasion of Azadi ka Amrit Mahotsav was a resounding success, highlighting the dedication, discipline, and patriotism of the youth. The event not only honoured the country’s rich history but also inspired a sense of responsibility and commitment to building a brighter future. The college community came together to commemorate this momentous occasion and strengthen the bonds of unity that bind our nation.

ACADEMIC CLUBS

Model Presentation Competition on the topic "Reduce Waste" and a PPT on the topic "Adopt healthy Lifestyle"

LENVIN club has organized a Model Presentation Competition on the topic "Reduce Waste" and a Poster presentation on the topic "Adopt healthy Lifestyle" for the students of all streams on 24.08.2023 at 12: 40 PM. in Karunya court. The main objective of this program is to implement the best ways to reduce waste adopt a healthy lifestyle and create awareness. Students from various streams participated in this competition presented their posters and models and explained all the best possible ways to reduce waste in protecting the environment and to adopt a healthy lifestyle for a better way of living. All the Students were able to learn the ways of reducing waste and to adopt a healthy lifestyle. Queries in implementing the ways to reduce waste and adopt a healthy lifestyle were clarified by the presenters. Students from all the streams have viewed the models and posters, and awareness was created of leading a healthy lifestyle by reducing waste.

World Environmental Health Day

Johann Mendel club organized a movie screening on Environment and health to the students to commemorate World Environmental Health Day on 26th September 2023. It is celebrated annually on September 26 to raise awareness about the importance of environmental health and to advocate for measures to protect and improve the environment for the well-being of all living organisms. The theme for this year's celebration is, "Global environmental public health: Standing up to protect everyone's health each and every day." The movie "A Life on Our Planet" by Naturalist David Attenborough was screened. The movie laments over a drastic decline in wildlife, caused by humans. Attenborough ultimately articulates hopes for the future and brings to the forefront solutions that may restore biodiversity.

In a remarkable display of skill and determination, Telangana State cyclists secured two prestigious medals at the 28th Senior, Junior & Sub Junior National Road Cycling Championship held in Vijayapur, Karnataka from January 9th to 12th, 2024. Chirayush Patwardhan clinched the Silver Medal in the intense 80 Kms Mass Start category under the Under 18 Years group. Meanwhile, Aashirwad Saxena proudly earned the Bronze Medal in the same category, showcasing Telangana's prowess on the national cycling stage. Telangana State Association's President, Sri. Venugopalachari, and Secretary, Sri. K. Jagdishwar Yadav, along with the esteemed Telangana Cycling Chief Coach & Deputy Director, Mr. G. Chandra Reddy, expressed their joy on this remarkable achievement. State Cycling Association's President, Sri. P. Mallareddy, and Secretary, B. Vijay Kanth Rao, also conveyed their elation on the success of the Telangana cyclists. Adding to the commendable support system, coaches Sri. B. Vijay Bhasker Reddy, Venkat Narsaiah, Diwakar Rao, and Pandu Jadhav played crucial roles as they actively participated in the competition, contributing to Telangana State's triumph in the prestigious championship.

Brother Dr. Yuju Francis – Faithful Shepherd of the Lord.

“My flesh and my heart may fail, but God is the strength of my heart and my portion forever”

On the first death anniversary of Rev. Brother Dr. Yuju Francis, we remember a remarkable individual whose contributions as a teacher and student counsellor have left an indelible mark on countless students. Known for his soft demeanour and compassionate nature, brother was not only a spiritual guide but also a mentor who provided unwavering support to his students. His profound command over his subjects and English language made his teachings enlightening and engaging. He had an exceptional ability to connect with his students, understanding their struggles and guiding them with wisdom and empathy. Brother's dedication to education and mental health was unparalleled and his legacy continues to inspire those who had the privilege of knowing him. Today as we honour his memory, we express our deep gratitude for his life and the lasting impact he made on our community. Brother's courage and grace in the face of adversity serve as a testament to his unwavering faith and devotion to God. We are reminded of J. W. V. Goethe poem “Death is a commingling of eternity with time; in the death of a good man, eternity is seen looking through time”.

Rev. Bro. Dr. Yuju Francis
