Gender Audit Initiation

INTRODUCTION

Little Flower Degree College believes in gender equality and treats all genders fairly, no matter what gender they belong to. Gender audit is a survey whether the college is maintaining gender balance.

- Through this process, institutions meticulously examine to identify and rectify any gender-related discrepancies or biases. The overarching goal is to ensure fairness and inclusivity for individuals of all genders.
- Our institution conducts a gender audit to foster awareness about the importance of respecting all genders and to devise solutions for ensuring the safety and security of female students on campus. It is imperative that girls and women have access to a diverse range of activities and programs tailored to their needs and life experiences to attain gender equality. Our college is steadfast in prioritising the holistic development of all genders and pursuit of excellence in all endeavours.

Objective of gender audit:

- Promoting gender balance across all decision-making processes within the college.
- Cultivating a culture of gender equality within the college community.
- Implementing strategies to bridge the gender gap
- Instituting effective measures to prevent sexual harassment.
- Identifying and empowering strong leaders and change-makers among both genders.
- Fostering a culture of respect and equality for all genders.
- Boosting self-respect and self-confidence in all genders.
- Providing counselling services for students, which involves offering professional support and guidance to help them navigate through personal, academic and emotional challenges they may face during their college journey.
- Organising seminars to raise awareness about women's rights and arranging activities to promote women's health, sports, and self-defence awareness.
- Encouraging young women entrepreneurial spirit and offering comprehensive empowerment programs for their growth and job creation.
