Green Campus initiatives

Green Campus initiatives in the college include efforts to preserve existing trees which are 38 in number and also plant new ones to enhance the campus environment. Each tree has been given a scientific name and numbers to preserve the trees. Our college is committed to foster a sustainable environment through the preservation and planting of trees on campus. This enhances the overall well-being of the campus environment. Numerous activities like 'HARITHA HARAM' and SWACHH BHARAT were organized to bring awareness on College Green Campus.

S. No	Scientific Name	Common Name	Herb/shrub/Tree	Family	Medicinal Properties
1	Tecoma stans	Yellow elder	Shrub	Bignoniaceae	curing cancer, diabetes
2	Jasmine	Saraswati jasmine	Shrub	Oleaceae	liver diseases, diabetes
