

Correspondent's Message

I am happy to note that Little Flower Degree College is bringing out its Annual Magazine, a reflection of the vibrant academic and co-curricular life on our campus.

This academic year has been particularly eventful and fruitful, marked by numerous academic pursuits and milestones. One of the most significant achievements has been the College being accredited with an 'A' grade by NAAC, a testament to the quality of education imparted and the collective efforts of the staff and students.

LFDC is steadily emerging as a strong and dynamic institution that not only imparts knowledge but also prepares students to meet the evolving demands of society. I place on record my heartfelt appreciation and congratulations to the entire staff for your dedicated involvement in the NAAC-related works, which contributed immensely to this achievement.

A special word of thanks to the different departments for your active engagement in organizing seminars, workshops, guest lectures, and certificate programs that enrich the students beyond the regular curriculum. It is also encouraging to note the growing focus on skill development and interdisciplinary learning.

The steady improvement in placements and the growing number of students pursuing higher education in their chosen fields reflects the academic strength and guidance provided at LFDC. Your efforts in mentoring students, guiding their aspirations, and nurturing their potential are commendable.

As we celebrate our achievements, let us continue to aim higher. I encourage the faculty to:

Keep innovating in teaching-learning methods to make classes more engaging and impactful.

Promote research culture among students and faculty.

Strengthen industry and academic collaborations.

Encourage students to take part in social outreach and community service activities.

LFDC has always believed in holistic education—helping students face life with confidence, compete with courage, and grow with resilience. Let us keep this spirit alive and continue to build a community of responsible, compassionate, and competent individuals.

Wishing the editorial team all the very best for this edition of the Annual Magazine.

Bro. Arun Prakash
Correspondent

Vision

Quality education that fosters academic excellence, value enrichment and social responsibility, which promote holistic development, inclusivity and nurture individuals who contribute positively to society.

Mission

Cultivate academic excellence, instill ethical values that promote integrity, social responsibility through community engagement and prepare individuals with essential skills to navigate the challenges of the dynamic world and foster holistic development by embracing diverse perspectives.

- To encourage staff and students to strive for the highest standards in academics, sports, and extracurricular activities.
- To instill honesty, responsibility, and moral uprightness in all aspects of life.
- To enhance skills to face the challenges of the competitive world.
- To celebrate the diverse talents and interests.
- To promote a spirit of selflessness and compassion towards others.
- To develop responsible leaders in society.
- To cultivate Self Discipline, Self-esteem and a strong work ethic.
- To Nurture spiritual development within an ethical framework

Director's Message

Dear Readers,

It gives me immense joy to share my thoughts and reflections on the academic year 2024-25, in this annual edition of LFDC College Magazine, "Little Fragrance". As we turn through the pages of our Annual Magazine, let us remember that we are not just reading pages filled with words and images but also turning the pages of our collective tale of resilience, determination and success. In the first place, I congratulate the Editorial Team of Little Fragrance for capturing the essence of this academic year brilliantly, and for compiling, editing and formatting the creations. My sincere congratulations also to the team that has been regularly bringing out the 'IN'SIGHT' periodical, showcasing the literary prowess, cultural heritage and poetic charisma of our students and the staff, and fostering a strong sense of belonging, togetherness and camaraderie that transcends the physical boundaries of the classrooms.

Being delighted to be a part of LFDC since July 2024, I feel confident to say that the past year has been one of growth and transformation, allowing us to spread our wings higher and farther. At Little Flower Degree College, we continually foster a thriving, nurturing environment that spurs intellectual curiosity, and encourage critical thinking. This would not be possible without the dedication and unwavering spirit of the faculty. We are immensely grateful to the student community, whose passion and drive for learning inspire us daily.

I am filled with pride as I commend our visionary Correspondent, dynamic Principal, dedicated faculty, and hard-working students, whose collective endeavours have led us to attain the coveted 'A' Grace in the NAAC Accreditation. This is a significant milestone, reflecting our consistent commitment to educational excellence. Equally inspiring is our pursuit of Autonomous status, indicative of our establishment's will to independently steer the course of its destiny. What strikes me most profoundly is that Little Flower Degree College does not merely impart academic knowledge, but also nurture a multifaceted growth, fostering an environment where intellect expands alongside creativity, empathy and service to society. The college remains committed to its holistic approach to education, allowing students to explore, innovate and evolve into compassionate leaders of tomorrow.

As we look forward to another year full of infinite possibilities, I would like to express my deepest gratitude and admiration towards our supportive parents, dedicated faculty, innovative students, and everyone who has contributed to our success story. As a Community, let's celebrate our achievements, embrace our challenges, and continue to nurture the spirit of collaboration and innovation that has been the cornerstone of our success.

Bro. John Kallarackal, SG
Director

OBJECTIVES

Founded on the principles of academic excellence and holistic development, LFDC is a beacon of learning, innovation and social responsibility. LFDC stands as a testament to the transformative power of education and has dedicated to nurturing not only scholarly minds but also compassionate hearts preparing students to excel academically while embracing values that enrich their lives and society.

- Foster a culture of intellectual curiosity, critical thinking and to engage in continuous academic excellence to enhance teaching and learning.
- Integrate ethical values and principles across curriculum to instil integrity, empathy and social responsibility.
- Promote diversity and inclusivity by incorporating sustainability practices into campus operations and curriculum.
- Encourage initiatives that address social justice issues, promote inclusivity and advocate for the rights of the marginalised communities with a sense of shared humanity.
- Emphasise the importance of lifelong learning and adaptability to prepare for future challenges in a rapidly changing world.

CORE VALUES

Excellence, **I**ntegrity,
Equality and **U**niversal brotherhood

Principal's Message

**SUCCESSFUL PEOPLE DO WHAT UNSUCCESSFUL PEOPLE ARE NOT WILLING TO DO. DON'T WISH IT WERE EASIER;
WISH YOU WERE BETTER.**

— *Jim Rohn*

It fills me with immense pleasure and pride to extend my warmest greetings to each of you. Looking back on the past year's achievements, it's truly heartening to witness our institution's remarkable growth and success, a testament to the unwavering dedication and hard work of our students, and staff. Your invaluable support in our continuous pursuit of academic excellence and the holistic development of every individual is deeply appreciated.

In our ever-evolving world, Little Flower Degree College, stands firm as a beacon of knowledge, committed to nurturing not only intellectual growth, but also the comprehensive development of our students. We strive to cultivate an environment where learning transcends textbooks, encompassing essential life skills, leadership qualities, and a strong sense of social responsibility. The challenges we encounter today are, in fact, opportunities for us to grow, and I am confident that our students will continue to meet them with unwavering determination and vibrant enthusiasm.

In this ongoing pursuit of academic excellence, we are incredibly proud to announce a significant milestone: the attainment of NAAC 'A' Grade. This achievement marks a pivotal point in our journey towards ever-greater excellence.

This magazine you hold is a reflection of our shared journey – a celebration of academic accomplishments, extracurricular pursuits, and the core values that unite us. It stands as a testament to the creativity, resilience, and passion that define our vibrant community. Within its pages, every article, every photograph, and every story shared, embodies the diverse talents and rich experiences that make us who we are.

As we move forward, let us continue to uphold the enduring values of excellence, integrity, and innovation that have always been the hallmarks of Little Flower Degree College. Together, we will strive to shape a future that is brighter, more inclusive, and more impactful for all.

With my warmest wishes and regards,

Mrs. Jayanthi Reddy P.
Principal

Optical Illusions and the Trick to Brain

Optical illusions challenge our perception and creativity. Optical illusions play on the brain's biases, tricking it into perceiving images differently than how they really are. They trick our minds by playing with shapes, colours and patterns. The brain relies on previous experiences and knowledge to make assumptions about what we see, leading to perceptions that may not match reality. Scientist have researched about our incredible brains and minds to see how we react to brain teasers and visual illusions. That's why optical illusions are a fun way to test our perception, creativity and attention to details. These optical illusion test can be a measure for the active involvement of brain -

“From Soil to Soul: Gardening for Life”

The art of growing and tending to food, flowers, and plants is known as gardening. It fosters a healthy way of living and gives individuals a connection to nature. Being in a garden lowers stress and enhances mental health. Additionally, it offers physical activity through planting, watering, and digging. Growing plants at home promotes biodiversity and lowers carbon footprints. Produce grown in your own garden is fresh and free of chemicals. It promotes wholesome eating practices and sustainable living. Simple plants like tomatoes or herbs are good starting points for beginners. Proper hydration, healthy soil, and sunlight are all necessary for plant growth. Composting enhances soil fertility organically. For tiny places, vertical and container gardening are ideal. Gardening teaches observation, patience, and care. It produces a serene, verdant area for rest and imagination.

“The glory of gardening: hands in the dirt, head in the sun, heart with nature.”

— Alfred Austin

तकनीकी प्रगति और युवा

आज का समय तेजी से बदल रहा है। इस बदलाव का सबसे बड़ा कारण है – तकनीकी प्रगति। विज्ञान और तकनीक ने हमारे जीवन को पूरी तरह से बदल दिया है। घर से लेकर दफ्तर तक, पढ़ाई से लेकर इलाज तक, हर क्षेत्र में तकनीक की मौजूदगी जरूरी हो गई है। इस बदलाव से सबसे अधिक प्रभावित और लाभान्वित होने वाला वर्ग है – युवा।

युवा वर्ग नई तकनीक बहुत जल्दी अपनाता और सीखता है। आज का युवा मोबाइल, कंप्यूटर, इंटरनेट और विभिन्न ऐप्स की मदद से दुनिया भर की जानकारी कुछ ही मिनटों में हासिल कर रहा है। ऑनलाइन क्लास, डिजिटल किताबें, यूट्यूब से पढ़ाई, और विभिन्न डिजिटल कोर्सेज शिक्षा के माध्यम बनते जा रहे हैं। ये माध्यम शिक्षा को बहुत आसान और सुलभ बना रहे हैं।

तकनीकी प्रगति ने युवाओं के लिए रोजगार के नए रास्ते भी खोले हैं। डिजिटल मार्केटिंग, ऐप डेवलपमेंट, कंटेंट क्रिएशन, फ्रीलांसिंग और स्टार्टअप जैसे क्षेत्र तेजी से बढ़ रहे हैं। आज एक युवा अपने कमरे में बैठकर भी दुनिया भर में अपना काम दिखा सकता है और पैसे कमा सकता है। सोशल मीडिया जैसे प्लेटफॉर्म युवाओं को अपनी बात कहने और समाज से जुड़ने का सरल माध्यम बन गए हैं। युवा अब सामाजिक मुद्दों पर खुलकर बात कर रहे हैं, जागरूकता फैला रहे हैं और बदलाव लाने की कोशिश कर रहे हैं।

तकनीकी प्रगति के कुछ नकारात्मक पक्ष भी हैं। युवाओं को इस पक्ष से बचने की आवश्यकता है। शोधों से पता चला है कि लगातार स्क्रीन पर समय बिताने से शारीरिक और मानसिक स्वास्थ्य बिगड़ता है। सोशल मीडिया की लत, गलत सूचनाओं का प्रसार और साइबर अपराध जैसे खतरे भी बढ़ रहे हैं। इसके अलावा, हर युवा तक तकनीक की पहुँच नहीं होने के कारण एक असमानता भी देखने को मिलती है।

इसलिए यह जरूरी है कि युवा तकनीक का उपयोग सोच-समझकर करें। उसका इस्तेमाल अपने विकास, शिक्षा और कौशल बढ़ाने के लिए करना चाहिए। केवल मनोरंजन और समय बर्बाद करने के लिए उसका उपयोग नहीं करना चाहिए। सरकार और समाज की भी यह जिम्मेदारी है कि वह युवाओं को तकनीकी के सकारात्मक और नकारात्मक पक्ष से अवगत करता रहे। साथ ही, सभी युवाओं के लिए तकनीकी संसाधन और प्रशिक्षण की व्यवस्था करें।

निष्कर्षतः कहा जा सकता है कि तकनीकी प्रगति और युवा – ये दोनों अगर सही दिशा में साथ चलें, तो देश की तस्वीर बदल सकते हैं। युवा शक्ति तकनीक का सही उपयोग करके न केवल अपना, बल्कि देश का भविष्य संवार सकते हैं। उसे आगे बढ़ा सकते हैं। समय की मांग है कि युवा वर्ग तकनीक का सकारात्मक उपयोग करके चुनौतियों को एक अवसर के रूप में बदल लें।

शीला बालाजी,

తెలుగును ప్రేమించు - భవిష్యత్తును నిర్మించు

తెలుగు భాష - మధురమైన పదాలతో మక్కువ పెంచే భాష. కవిత్వానికి ఊపిరి, సంస్కృతికి అద్దం. తెలుగుభాషను ఇటలియన్ ఆఫ్ ది ఈస్ట్ అని పిలిచినప్పుడు మన కీర్తి పర్వతాలని తాకినట్లే. అలాంటి గొప్ప భాష నేడు కనుమరుగవుతోందంటే - మనసులో ఎక్కడో ఆవేదన కలుగుతుంది. భాష అనేది మన సంస్కృతికి, మన ఉనికికి ప్రతిబింబం. మన భావాలను వ్యక్తీకరించే సాధనం భాష. మన తెలుగు భాష, శ్రావ్యమైన పదాలతో, సరళమైన వ్యక్తీకరణతో, గొప్ప సాహిత్య సంపదతో కళకళలాడే ఒక ప్రసిద్ధ భాష. కానీ ఈ మధ్యకాలంలో మన తెలుగుభాష స్థానం తక్కువైపోతోంది అనే విషయం బాధాకరం తెలుగు భాష స్థితి

ఈ కాలంలో యువతలో, పిల్లలలో తెలుగుభాష పట్ల ఆసక్తి తగ్గిపోతున్నది. ఇంగ్లీష్ కు ప్రాధాన్యం పెరగడం, ఆధునిక విద్యా విధానాలు, ఇంట్లో పిల్లలతో తెలుగులో కాకుండా ఇతర భాషల్లో మాట్లాడడం వంటి పరిణామాలు మన భాషను చెనుకకు నెట్టి వేస్తున్నాయి. ఫలితంగా పూర్వ కాలంలో వెలుగొందిన తెలుగు కవులు, రచయితలు, పద్య గానాలు క్రమంగా నీడలవుతున్నాయి.

ఈ కాలంలో, ముఖ్యంగా యువతలో, ఇంగ్లీష్ భాష పట్ల ఎక్కువ ఆకర్షణ కనపడుతుంది. స్కూళ్లు, కళాశాలలు, ఉద్యోగ స్థలాల్లో కూడా ఇంగ్లీష్ కు ఎక్కువ ప్రాధాన్యం ఇవ్వబడుతోంది. ఫలితంగా తెలుగు మాట్లాడటంలో కూడా సంకోచించేవారు పెరిగిపోతున్నారు. ఈ ధోరణి కొనసాగితే భవిష్యత్తులో మన భాష వినపడకపోవచ్చు అనే భయం కలుగుతోంది.

తెలుగు ఎందుకు ముఖ్యం?

భాష అనేది మనకొర ఆస్తి. మన భావాలను, మన అనుభూతులను వ్యక్తం చేసే సాధనం. మన సంస్కృతి, మన చరిత్ర, మన విలువలు భాషలోనే జీవిస్తాయి. తెలుగు భాషలో ఉన్న మాధుర్యం, సంగీతాత్మకత ఇతర భాషలకన్నా భిన్నంగా ఉంటుంది. పెద్దల ఆశీస్సులు, జానపద గీతాలు - ఇవన్నీ తెలుగులో మన హృదయాల్లో నిలిచిపోయాయి.

మన బాధ్యతలు - పరిష్కార మార్గాలు

ఇంటిలో పిల్లలతో మాట్లాడటంపుడు తెలుగు భాషకు ప్రాధాన్యం ఇవ్వాలి.

చిన్నప్పటి నుండే తెలుగు కథలు, పాటలు, పాఠ్యాలు వినిపిస్తూ భాషపై ఆసక్తి కలిగించాలి.

ప్రభుత్వ, ప్రైవేట్ పాఠశాలల్లో తెలుగు మాధ్యమాన్ని ప్రోత్సహించాలి.

ఇంగ్లీష్ తో పాటు తెలుగు భాషా నైపుణ్యాలు బలపర్చే విధంగా విద్యా విధానం రూపొందించాలి.

కవితలు, కథలు, నవలలు, నాటకాలు మొదలైన సాహిత్య ప్రక్రియలకు ప్రోత్సాహం ఇవ్వాలి.

యువ రచయితల అభివృద్ధికి పురస్కారాలు, వర్క్ షాప్ లు నిర్వహించాలి.

సోషల్ మీడియా, యాప్ లు, వెబ్ సైట్లు మొదలైన వాటిలో తెలుగు భాష వినియోగాన్ని పెంపొందించాలి.

తెలుగు లోకల్ కంటెంట్ ను యూట్యూబ్, బ్లాగ్స్, పోడ్కాస్ట్ లు వంటి మాధ్యమాల్లో ఉంచాలి.

ప్రభుత్వ కార్యాలయాల్లో, బోర్డులపై, ప్రకటనలలో తెలుగు తప్పనిసరిగా ఉండేలా చూడాలి.

"తెలుగు భాషా దినోత్సవం", "మాతృభాషా దినోత్సవం" వంటి కార్యక్రమాలను ఘనంగా నిర్వహించాలి.

విశ్వవిద్యాలయాలు, సంస్థల్లో తెలుగు భాష, వ్యక్త్యం, వ్యాకరణం, చరిత్రపై పరిశోధనలకు ప్రోత్సాహం ఇవ్వాలి.

తెలుగు లో బాలల కోసం ఆటలు, కథలు, విద్యా యాప్స్ తయారు చేయాలి.

విద్యార్థులలో భాషా పై మమకారం కలిగించేందుకు కథల పోటీలు, పద్య పోటీలు నిర్వహించాలి.

ముగింపు: తెలుగు మనకు పుట్టిన భూమిలా. దానిని పునర్జీవించిపెట్టడం మన ప్రతి ఒక్కరి బాధ్యత. ఒక భాష మనిషిని పెంచుతుంది, సంస్కృతిని నిలుపుతుంది. మన భాషపై గౌరవం పెంచుకుంటేనే మన హోదా నిలుస్తుంది.

తెలుగు భాష మన గర్వకారణం. మన పూర్వుకులు ఎంతో గొప్పగా ఆదరిస్తూ భద్రపరిచిన భాషను మనం కనుమరుగవకుండా కాపాడుకోవాలి. ఒక మనిషిగా, ఒక తెలుగువాడిగా మన బాధ్యతగా భావించి మన భాషను ప్రేమిద్దాం, పరిద్దాం, పరిరక్షిద్దాం.

జై తెలుగుతల్లి

తెలుగు మా తల్లి, ముద్దు మాటల తల్లి,

శతకాల సాహిత్యానికి, శాసనాల శైలికీ తొలితల్లి,

కళలకే కిరీటంగా, కవిత్వానికే కొంగుబంగారంగా ,

నన్నయ్య నుంచి నేటి యువకవుల వరకు,

తెలుగే తేజంగా వెలిగింది తరతరాలకు,గర్వంగా పలుకుదాం - తెలుగే మా గమ్యం.

The Power of Girls' Education: A Key to Global Progress

Education is one of the most powerful tools for transforming lives, and when girls are educated, the impact is even more profound. When given the chance, educated girls make important contributions to their communities, families, and countries. Not only is educating females a fundamental right, but it is also a vital step in advancing socially and economically.

A woman's income might rise by up to 20% for every extra year of education, according to studies. Girls who get an education break the cycle of poverty for future generations by becoming financially independent.

Economic growth is stronger in nations that invest in the education of girls. Women's employment boosts the national economy by increasing productivity and innovation. The World Bank claims that worldwide economic losses brought on by gender disparity could be greatly decreased if all girls finish secondary school. Educated women are more likely to become leaders and decision-makers in their communities.

Education is one of the best ways to prevent child marriage and exploitation. They are essential to solving the world's environmental problems and guaranteeing a more environmentally friendly future. The power of girls' education is undeniable

It is a means to advance the world as well as an investment in people's lives. Societies can attain gender equality, better health outcomes, economic stability, and overall national development by guaranteeing that all girls have access to high-quality education.

The Future Vision with AI: Shaping a New Era of Innovation and Possibility “

The future of AI is not about replacing humanity but enhancing it. Collaboration between humans and machines will define this new era, fostering a symbiotic relationship where technology amplifies human strengths and mitigates weaknesses. By embracing this vision, we can ensure that AI becomes a force for good, shaping a world where innovation and compassion go hand in hand.

AI is revolutionizing healthcare by enhancing early disease diagnosis through advanced imaging and enabling personalized treatments via genomic analysis. Wearable tech paired with AI allows real-time health monitoring, empowering proactive well-being management. AI-driven drug discovery accelerates treatment development for complex diseases, improving patient outcomes and saving lives. Practically, it is demonstrated by forecasting various diseases with Machine Learning Models and AI technologies.

Highlighting the Importance of Statistical Analysis in Predicting Women's Health Risks in the Districts of Telangana

In our empirical study based on real-time data from the National Family Health Survey-5 (2019-21), statistical inference using sophisticated machine learning models has been found crucial in interpreting and forecasting anemia risk among Telangana women. This data set with detailed socio-demographic, economic, and health-related information yields vital insights into the determinants of anemia, including education, wealth, place of residence, and health behaviors.

Using machine learning techniques such as XGBoost, Random Forest, and KNN, we could accurately predict the risks of anemia and identify intricate relationships among different risk factors. The top-performing model, XGBoost (RMSE = 1.307), yielded accurate predictions that can inform effective health interventions.

Our study identified considerable regional variations, especially among Bhadrachalam, Kothagudem and Peddapalli districts, where socioeconomic determinants, poor nutrition, and poor access to health-care increase the risk of anemia among women. This indicates that public health programs in these areas must be prioritized if anemia causes are to be addressed and health outcomes are to be enhanced.

Our analysis reflects the capability of statistical evaluation to detect differences in health regions and develop evidence-supported suggestions for intervention that can eliminate the likelihood of anemia and increase the welfare of women in Telangana, utilizing NFHS-5 live statistics

T. Manjusha
Faculty of Statistics

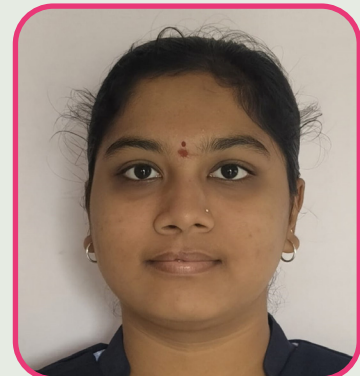

Optoelectronics: Lighting The Path to the Future

Optoelectronics merges light with electronics to create a unique field that is quietly changing the world. Unlocking your phone with facial recognition or streaming high-definition movies over fiber-optic cables are just some examples of how optoelectronics is integrated in daily life. It blends optics (light) with electronics (electric signals), resulting in devices that either emit or detect light. Although it may appear futuristic, this field is already deeply embedded into daily life as barcode scanners and sensors for autonomous vehicles use optoelectronics.

The speed, efficiency, and expediency with which optoelectronic devices can be miniaturized is what makes them desirable. They enable quicker communication via fiber optics, support green energy with solar cells, and safeguard lives with essential medical tools such as pulse oximeters and laser scalpels. Furthermore, they power smart technologies including facial recognition and precision agriculture. Light, in the same way that electricity once revolutionized society, is now driving the next big leap in technology.

The prospects for optoelectronics seem to be brilliant. Other innovations, such as bio photonic devices that detect diseases by using light signals emitted from cells, photonic chips that can replace traditional processors for faster and cooler computing, and flexible rollable screens and solar panels, will promote enhanced displays with quantum dots.

The field integrates new technologies with existing electronics systems, all while maintaining high production costs; these issues remain despite the research's promise. However, further advancements are being made in these areas. The adoption of sustainable energy and the Internet of Things (IoT) will usher in further developments in optoelectronics. This fast-growing field of technology is redefining the sense, power, and connection to the external environment.

Faculty Induction Program

'Be Ready to face challenges and embrace changes'

A Faculty Induction Program was organised by IQAC on July 1, 2024 in the Montfort Hall at the beginning of the new academic year, 2024-25. The Correspondent of Little Flower Degree College, Rev. Bro. Arun Prakash commended the faculty for their hard work in the NAAC process, an inward journey that helped us learn and understand what we are capable of. He advised the faculty to look for opportunities to grow every year in knowledge and experience by embracing changes and facing challenges. Furthermore, he assured all the support by the management as we move forward in becoming the first sought after institution. Our principal Ms. Jayanthi Reddy welcomed the faculty and explained the workplace culture to the newly appointed faculty.

Faculty Orientation of Self Esteem

Internal Quality Assurance Cell has organised a faculty orientation programme on 'Self Esteem' on July 3, 2024. Fr. Vijay Joseph, Director, Seraph Counselling & Training centre was the resource person. The program was intended to raise teacher's self-confidence and increase understanding of their own personal capabilities. The resource person explained about the characteristics of self-esteem, causes of low self-esteem, steps to build positive self-esteem and judging a person's character. Apart from this he also suggested a few tips and tricks to handle challenging students. Participants thoroughly enjoyed the sessions as they were activity based and understood the power of developing a high self-esteem.

Faculty Orientation on Indian Knowledge System

The Internal Quality Assurance Cell has organised a session on the IKS for the faculty as part of the faculty orientation program on 4th July 2024. The Resource person for the session was Prof. T. Mrunalini, Dean- Department of Education, Osmania University. Prof. Mrunalini focused on What is IKS, why is IKS important and What strategies are to be taken to incorporate it in classroom teaching. The role of faculty in facilitation of the integration of traditional knowledge with modern subjects was discussed. A broad overview of the different disciplines, case studies and pedagogy related to IKS was highlighted. Faculty was exposed to objective, layouts, contents etc., of IKS which is required for understanding the sources and origin of the IKS. The session was open for interaction where faculty clarified their doubts with the speaker. The resource person was felicitated by the Principal Mrs. Jayanthi Reddy.

Faculty Orientation Program on NEP-2020

The Internal Quality Assurance Cell has organised a session on National education Policy-2020 on 5th July 2024 at 9:30 am in Montfort Hall. The resource person for the session was Prof. Raja Shekhar Bellamkonda, Senior Professor, University of Hyderabad. The objective of the session was to create awareness on NEP-2020 and its reforms. The session was highly informative which shed light on the policy document and the concerns regarding its implementation. The Resource person discussed concepts such as the focus of NEP and Its Vision. He explained that NEP includes holistic development of the students through skill development, a multidisciplinary approach in teaching & learning. NEP-2020 emphasises on online courses, blended education which is based on a student centric approach. It aims at access to higher education and Inclusivity through the use of teaching in regional language.

Faculty Orientation on Outcome Based Education

As part of the Faculty Orientation Program, the Department of Management has hosted a session on Outcome Based Education on 5th July, 2024 at 2.00 pm in Montfort Hall with the aim to familiarise faculties with the principles and implementation strategies of OBE in Higher educational institutions. Resource person, Prof. Rajashekhar Bellamkonda Senior Professor, University of Hyderabad has enlightened the participants with the valuable tools of education for the holistic development of the students by aligning courses and teaching learning activities with desired outcomes.

Orientation Program for II & III Year Students

IQAC organised an orientation program for the second and final year students on July 18, 2024 to welcome the students and provide them with essential information and guidance for the upcoming academic year. Ms. Jayanthi Reddy, Principal introduced Brother John Kallarackal Director of LFDC to the students. He shared his vision for the institution, highlighted key initiatives of 4-D's (Desire, Direction, Determination Discipline), and emphasised the importance of holistic development. His speech inspired students to strive for excellence in both academics and personal growth. Mrs. Jayanthi Reddy, Principal addressed the students and encouraged them to work hard in all their endeavours.

Principal, Mrs. Jayanthi Reddy welcoming the students

Students during the orientation

Orientation Program for I year Students

The orientation program for first years was organised on 20 July 2024. The day began with a beautiful prayer song performed by the choir group, and it was followed by a welcome dance. The Director, Rev. Bro. John Kallarackal, highlighted the importance of parents and mentors in shaping students' overall growth. Informative presentations were shown on various aspects of college, which include NSS, NCC, cultural, literary, sports, and languages, to motivate the students. Esteemed speakers, Principal Ms. Jayanthi Reddy and Our New Director Rev. Bro. John Kallarackal, delivered insightful messages that resonated deeply with the attendees, leaving a lasting impact. At the end of the program, parents expressed their sincere gratitude, which helped the students feel united and excited about starting their academic journey.

Council Members Elections

The student council elections were conducted on 30th July 2024 at Little Flower Degree College 2024- 2025. The Little Flower Management and election committee organized free and fair student elections on 30th July 2024. “Leaders aren’t born, they are made, and they are made just like anything else through hard work, and that’s the price we’ll have to pay to achieve that goal or any goal”. - Vince Lombardi. The elections conducted at LFDC, Uppal was to bring the leadership qualities among the students as it is one of the main objectives in the vision and mission of the college. Every student has the opportunity to participate in the student elections on the basis of their academic performances, and every students enjoyed electing the right person as their leader and supporter.

Nominees are campaigning in classrooms for council elections.

Investiture Ceremony

On August 2, 2024, Little Flower Degree College held an investiture ceremony to welcome new student leaders for the academic year 2024-2025. The event, held at the Karunya Court, underscored the institution’s commitment to fostering leadership and responsibility among its students. The ceremony began with a welcome address by Ms. Jayanthi Reddy, Principal who emphasized the importance of leadership and asked the newly elected council to carry out their duties with dedication, commitment and integrity. The investiture ceremony included the presentation of sashes, badges and flags to the newly appointed student council members by Correspondent Rev. Bro. Arun Prakash, Director Rev. Bro. John Kallarackal and Principal Ms. Jayanthi Reddy. The new student leaders took an oath, pledging to uphold the values and traditions of the college while serving their fellow students with dedication. Director, Rev. Bro. John Kallarackal in his address asked the council members to adhere to the ideals of the college, serve the society. The program ended with the National Anthem.

Freshers Party

The Fresher's Party at Little Flower Degree College, held on 10th August 2024 in the college auditorium, was a memorable celebration that blended tradition with a modern twist. The well-coordinated event began with an inspiring speech by Brother John during the opening ceremony, setting a positive tone for the evening. The program was filled with vibrant dance and music performances that kept the audience captivated. A highlight of the evening was the exciting competitive rounds for coveted titles like Ms. & Mr. Fresher, which added an extra layer of anticipation and energy. Srinivas (BCOM Hons) and Preeti (BCOM Hons) proudly took home the titles of Mr. Fresher and Ms. Fresher, respectively. Avinash (BBA) and Jaahnavi (BA) were crowned Mr. Confident and Ms. Confident, while Harbhajan Singh (BCOM Hons) and Serena Blesher (BA) were awarded the titles of Mr. Costume and Ms. Costume for their stunning attire. The event concluded with the announcement of the winners, followed by a rousing rendition of the National Anthem.

Independence Day

As the NSS coordinator, I am thrilled to provide a comprehensive report on the hoisting ceremony held on 15th August, 2024. Independence Day, where our amazing NSS volunteers actively participated. The ceremony was graced by esteemed chief guests, Rev. Bro. John Kallarackal and Jayanthi Mam, adding a touch of honor and prestige to the event. The ceremony was enriched with a variety of performances, including soulful songs sung by the faculty members, which resonated with the audience and added a musical charm to the proceedings. The diverse performances showcased the talent and creativity within our community, further enhancing the celebratory atmosphere of the event. In conclusion, the hoisting ceremony on Independence Day was a harmonious blend of patriotism, talent, and community spirit, thanks to the collaborative efforts of NSS volunteers, esteemed chief guests, and the engaging performances. It exemplified the values of unity, service, and celebration that are at the core of the NSS organization, leaving a lasting impression on all who were present.

PG Farewell

On August 24th, 2024, the students of M.Sc. Statistics I and M.A. Psychology I organized farewell for the graduating class of PG final year students in the Montfort Hall. The event commenced with a traditional lamp lighting ceremony followed by a prayer. Rev. Bro. John Kallarackal, Director, administered an oath to the graduating students. He, along with Rev. Bro. Arun Prakash, Correspondent, addressed the students and offered their well wishes for future success. To entertain the guests, several games were initiated, and there were also dance performances. Ms. Jayanthi Reddy, Principal, presented the awards for Mr. & Ms. College, Mr. & Ms. Best Costume, and Mr. & Ms. Confidence in the competition winners. The event concluded with a fellowship lunch enjoyed by both students and staff.

Provincial Superior Visit

The provincial superior of Little Flower Degree College visited the college on 25th September 2024. The Principal Mrs. Jayanthi Reddy welcomed the provincial Bro. Jaico Gervasis. The principal along with the IQAC coordinator Mr. Prashanth and Co -coordinator Ms. Pannaga presented the highlights of the NAAC peer team visit. The provincial superior interacted with the students during his visit to the classes. He enquired the students about the syllabus they were taught in class and the methodology. He also spoke to them about their interests in their field of education. The provincial, Bro. Jaico along with the director Bro. John Kallarackal and Principal Mrs. Jayanthi Reddy interacted with the teaching and non-teaching staff of the college. He addressed the staff members and emphasised the importance of teaching values to the students along with the syllabus to be taught. He also reminded the faculty members of the role of a teacher in moulding students to help them in becoming responsible individuals who can serve the society.

Model Exhibition

Little Flower Degree College has organised a model exhibition on 28th September, 2024 in Karunya Court. The students of all the departments were encouraged to prepare and present models in their subjects to provide exposure on the practical aspects of learning. The exhibition was held in Karunya Court from 9.00 am to 12.30pm. Students from various colleges of the twin cities were invited to the exhibition. Parents and students visited the exhibition and it was a great learning experience. Life (Little Flower Extension) wing of Little Flower Degree College, has also encouraged students to showcase food and games stalls. The funds raised from these stalls will be used for outreach programs organised by LIFE.

Visit to Rashtrapathi Nilayam

Little Flower Degree college Staff members visit Rashtrapathi Nilayam on 30th September 2024 as part of an educational initiative aimed at enhancing their understanding of India's governance and heritage. Rashtrapathi Nilayam serves as the official retreat for the President of India and is rich in history and culture. From September 29 to October 6, 2024, the Rashtrapathi Nilayam hosted the first edition of the Bhartiya Kala Mahotsav. The festival celebrated the cultural heritage of the North-Eastern states of India. It featured performances, exhibitions, cuisines, and interactive sessions. The visit to Rashtrapathi Nilayam was a valuable educational experience that enriched the teachers' knowledge of India's governance and cultural heritage. It reinforced their roles as educators in fostering a sense of national identity and civic responsibility among students.

Session On Classroom Management

The Internal Quality Assurance Cell has organised a session on classroom management for the faculty on 14th October 2024 at 2.30 pm. The resource person for the session was Bro. John Kallarackal, director, LFDC. Bro. John stressed on the importance of classroom technicalities where the teacher has to give attention to all the students in the class. Academics alone is not the main objective of a class and a teacher has to strive for the overall development of the students. The psychological aspect of the student also plays a vital role in shaping the future of a student. He also explained the nuances of the task of teaching and the need for the teacher to use both personal and positional power within the classroom. Bro. John elucidated that establishing rules in the classroom is very important. The teacher has to clarify the responsibilities of each member of the class and organize a routine for the students to maintain discipline in the classroom. The session was very informative and was enjoyed by the faculty members.

Teaching principles are instilled by Brother John Kallarackal.

Bro. John Kallarackal explains the major Key role of a teacher in classroom management.

Ethnic Day 2024-25

The Cultural Committee has organised Ethnic Day on 30th October 2024 to highlight the rich diversity of communities living together and to celebrate the cultural practices that make each one unique. It provides an opportunity for the students of different ethnic backgrounds to showcase their traditions, customs, clothing, music and dances. Students of Little Flower college have come in their ethnic attires and brought the Diwali festive vibes in the campus before day itself by shining like the colourful lights. Various groups performed dances representing different states to show Unity in Diversity of our country. Songs were also sung by some groups allowing both participants and spectators to immerse themselves in different cultural rhythms. On this occasion director Rev. Bro. John Kallarackal has addressed the students and talked about the significance of the day. He also encouraged all to protect our traditions & customs and roots of our country. He told everyone to be like colourful flowers of the Little Flower college garden by respecting each other's cultures & traditions. The program has winded up with our National Anthem and pooled the movements by clicking up the pics of students in ethnic costumes with our director, principal and faculty to witness & inspire the future generations of our college. College has added another vibrant & beautiful movement in its list of memories.

NAAC Peer Team Visit

The NAAC Peer Team visited Little Flower Degree college on 8th & 9th November, 2024. The Peer team consisted of three members. The Chairperson was Dr. Sudesh Chikkara, Vice Chancellor, Bhagat Phool Singh University, Haryana, member coordinator was Dr. Sanjai Bhatt, Retd. Professor, University of Delhi, Delhi and member was Dr. Shaikhamar Patel, Retd. Principal, MVP Samaj's Arts, Science and Commerce college, Nashik Maharashtra. On the first day of the visit, the peer team was welcomed by the correspondent of Little Flower Degree College Bro. Arun Prakash, Director Bro. John Kallarackal, Principal Mrs. Jayanthi Reddy, staff and the student cabinet. The peer team was escorted into the college premises with a guard of honour by the NCC unit of LFDC. The peer team along with the correspondent, director and principal initiated the day's proceedings with lighting of the lamp. The visit commenced with a presentation by the principal about the college followed by presentations by the IQAC and the Heads of the departments. The peer team then visited each department and interacted with the students. The team visited various labs and inspected the infrastructure facilities of the college. The students enthusiastically explained the various models and projects prepared by them. The peer team also visited the various facilities in the college provided to the students such as sports room, gymnasium and canteen. A sumptuous lunch was hosted for the peer team where they were introduced to the governing body members and external IQAC members of the college. Post lunch the peer team visited the NSS, NCC units and the placement office. The peer team also interacted with the students and coordinators of various clubs and committees. The members of the team also interacted with various stakeholders of the college i.e. parents, students, alumni, faculty as well as the non-teaching staff. Day one of the peer team visit concluded with a vibrant cultural performance by the students of LFDC. The audience were spell bound by the various cultural performances of the students which included a variety of dance performances from various parts of the country showing the diverse culture of India. Day two of the peer team visit commenced with a warm welcome from the team members. The peer team visited the studio and interacted with students who had presented projects and models of Hyderabad. The students had displayed the variety of food and culture of Hyderabad and Telangana. The Peer team then proceeded to prepare the report. The day ended with the peer team congratulating the principal Mrs. Jayanthi Reddy and IQAC coordinator Mr. Prashanth for successfully completing the process of NAAC accreditation. The chairman then presented a sealed report to the principal in the exit meeting.

Interaction Program with Students from France

On 14th November 2024, the Faculty of French at LFDC organised an enriching Interaction and Cultural Exchange Program in Montfort Hall with the Students and Faculty from St Gabriel School, Paris, France to promote intercultural academic and cultural ties. The event commenced with a warm welcome note by Rev. Bro. John Kallarackal, Director, LFDC, who emphasized the importance of the event. The coordinator of French faculty introduced the French delegation. The students of LFDC as well as the French students showcased their dance and singing performances. Students from both the groups engaged in an interaction session about the lifestyle, culture and academics which enhanced their linguistic and cultural understanding. To commemorate the event, LFDC presented souvenirs to the faculty and students from France. The program concluded with a vote of thanks by Ms A. Harini, faculty of French followed by the visit to the LFDC campus.

Rev. Bro. Arun Prakash Birthday Celebrations

On 14th November celebrated the birthday of Rev. Bro. Arun with great joy and reverence. The celebrations began with a special prayer service in the college chapel, where the community gathered to offer their gratitude for Rev. Bro. Arun's guidance and leadership. The event continued with a cultural program, where faculty showcased their talents through songs and dances in his honor. A video montage highlighted his remarkable contributions to the college, and his heartfelt address to the community inspired everyone to continue upholding the values of service and unity. The day's highlight was the cake cutting ceremony, followed by the presentation of gifts and honors as a token of appreciation for his selfless service. The celebrations concluded with a community lunch. Rev. Bro. Arun's birthday celebration was a beautiful tribute to his dedication and the positive impact he has had on the college community. We wish him many more years of health and happiness.

Implementation of Criteria for Enhancement of Quality In LFDC

A session was held on November 18th, 2024, with Rev. Bro. Dr. Fernando, a psychiatrist from Mauritius, Province of France. The session began with an invocation to the Almighty, followed by a brief introduction of Bro. Robert by Rev. Bro. John. In his address to the faculty, Bro. Robert explored various aspects of education and personal development. He emphasized that education goes beyond simply imparting knowledge; it is about shaping individuals and nurturing character. He distinguished between an educator and a teacher, highlighting their distinct roles. He cited John Dewey, an American philosopher, psychologist, and educational reformer, who insisted for a more active learning approach, where students engage through 'learning by doing.' Bro. Robert stressed the importance of active learning, noting that true education fosters deeper reflection and encourages thoughtful responses to behavior. Furthermore, he spoke to the senior faculty about the significance of international collaborations and the need to focus on both student and faculty exchange programs in order to enhance the learning environment and quality education.

Felicitation

Recreation Trip

The Staff Welfare committee has organised a recreation trip to Gandipet park on 22nd November, 2024. The trip started from the college at 9.30 am. The objective of the trip is to relax in nature and enjoy the scenic beauty of the park. Gandipet park, also known as Osman Sagar Lake is a large water reservoir located around 20 kms from the city centre of Hyderabad. The faculty enjoyed the trip by singing songs, dancing and playing games. Everyone enjoyed the pot lunch prepared by the faculty themselves. This picnic was memorable as the college secured NAAC A grade on the same day.

NAAC Success Meet

LFDC was accredited with NAAC “A” Grade for the first cycle on 21st, November 2024. In celebration of the accreditation a success meet was held on 30th November 2024 in the college premises. The management of LFDC organised the event to appreciate the efforts of the staff, students and other stakeholders in their success. The program began with a prayer followed by felicitation of the Correspondent of LFDC Bro. Arun Prakash and Director Bro. John Kallarackal by the Principal. The principal of the college Mrs. Jayanthi Reddy was felicitated by the correspondent and director and they expressed their appreciation of her tireless efforts and guidance in nurturing an inspiring environment. The management also felicitated the IQAC coordinator Mr. Prashanth, Co-coordinator Ms. Pannaga, Mr. Vijay Reddy and Mrs. Swapna AAA coordinator for their hard work and persistence in the accreditation process. The management also felicitated the Heads of all Departments along with the members of the departments for their teamwork and coordination in making the institute a place for excellence. The members of the governing body, external members of the IQAC and members of other institutions who have contributed to our success were also felicitated and presented with gifts. The program was followed by a delicious lunch and testimonials of success by the faculty members. The program was a true gesture of appreciation by the management for the efforts and coordination of the staff and students.

COLLEGE EVENTS

Pre-Christmas Celebration - 21st December, 2024-25

Little Flower Degree College hosted a joyful pre-Christmas celebration for students on 21st December. The event was filled with festive cheer, beginning with melodious carols performed by the College choir. A highlight of the program was a captivating nativity skit that beautifully portrayed the birth of Jesus Christ. The celebration concluded on a high note with the arrival of Santa Claus, spreading joy and laughter among the audience.

International Collaboration – Indybrite – USA

Little Flower Degree College has signed an MOU with Indybrite, Texas, USA. The IQAC had given recommendations to the collaboration committee to collaborate with international universities and industries to foster innovation in the teaching learning process. An MOU was signed with Indybrite, USA in the presence of the Director of LFDC, Rev. Bro. John Kallarackal, Principal Mrs. Jayanthi Reddy, the members of the IQAC and the collaboration committee. Prof. Anantha S. Bobbili, the founder and CEO of INDYBRITE, and Dr. Joe Christopher, advisor, Indybrite were also present for the signing of the MOU. Mr. Anantha, was delighted to visit LFDC and stated that he was excited to begin a journey of mutual learning. Both the institutions will work for better collaborations with various international universities for faculty exchange, student exchange and various other interaction programs. The Principal, Mrs. Jayanthi Reddy also assured them that this association will facilitate sharing of expertise, ideas and resources among both the institutions. It is a good opportunity to enhance students and faculty members' exposure to global perspectives.

COLLEGE EVENTS

Republic Day

Republic Day was celebrated with great enthusiasm at Little Flower Degree College, organized by the NSS unit. The event began with a flag hoisting ceremony, followed by the national anthem. Brother Arun Prakash delivered an inspiring speech highlighting the significance of Republic Day and the role of youth in shaping the nation's future. The NCC cadets participated actively, showcasing discipline and patriotism, while NSS volunteers ensured the smooth conduct of the event. The celebration concluded with refreshments, fostering camaraderie among participants. The event was a success, honoring the sacrifices of freedom fighters and inspiring the youth to contribute positively to society.

Educational Tour for Students

An Educational tour was conducted for the students of Little Flower Degree College, Uppal as part of their experiential learning from 22nd February -26th February, 2025. The students visited Pune, Mahabaleshwar, Panchgani and Lonavala on this 5-day trip. Three Faculty members accompanied the students on the tour. The tour commenced on 22nd February where the students along with the faculty members Ms. Pannaga, Ms. Radha and Ms. Harini boarded the train to Pune. They travelled through AC Chair Car. On arriving at Pune, accommodation was provided in the Montfort Provincial House. On day 2 of the tour, after completion of breakfast at the provincial House, the students visited Mahabaleshwar, where lunch was arranged. The students were then treated to amazing locations of sunset and boating. The students especially enjoyed the Horse riding. Day 3 of the tour began with a breathtaking view of the sunrise at the sunrise point where students enjoyed the exciting views of rolling hills and beautiful waterfalls. A visit to vintage bike museum was arranged. The students also visited strawberry farms and local market. Post lunch, a visit to a park with boat riding, the table plateau of Panchgani and the famous Mahabaleshwar Temple was arranged. The students enjoyed their dinner with DJ songs and dance. The last day of the tour was a visit to Lonavala, where the students enjoyed the scenic beauty of the hill station and the mystic Karla Caves. A visit to the local temple concluded the tour and the students were back to Pune station to board their train to Hyderabad. They reached Hyderabad the following morning at 8.00 am. The tour was a treasure of memories and learning for the students.

Visit to Thailand

A trip to Thailand was organized from 1st to 6th March, 2025, encompassing cultural, religious, and academic experiences in Bangkok and Pattaya.

Day 1: Arrival in Bangkok and Cultural Immersion

The journey commenced with an early morning Indigo flight, departing at 4:00 am. The flight arrived in Bangkok at approximately 10:30 am. Upon arrival, the group was transferred to their accommodation at the Provincial House of the Montfort Brothers of St. Gabriel in Thailand. This location served as the primary residence for the duration of the stay in Bangkok. The group received a warm welcome from the Provincial Superior, Bro. Dechachai, who offered insights into the local context and the work of the Montfort Brothers in Thailand. The afternoon was dedicated to exploring one of Bangkok's most significant cultural landmarks: the Temple of the Emerald Buddha (Wat Phra Kaew). Located within the Grand Palace complex, this temple is revered as the most sacred Buddhist temple in Thailand, housing the Emerald Buddha, a highly venerated image. The intricate architecture and the temple's spiritual significance provided a profound introduction to Thai Buddhism and artistic heritage. In the evening, the group enjoyed a dinner cruise. This provided a relaxing opportunity to experience the city from a different perspective, viewing illuminated landmarks along the Chao Phraya River while enjoying Thai cuisine.

Day 2: Temples and Shopping in Bangkok

Day 2 focused on further exploration of Bangkok's cultural and commercial facets. A visit was made to Wat Phra Chetuphon Wimon Mangkhalaram Rajwaramahawihan, commonly known as Wat Pho. This temple is renowned for its massive reclining Buddha image, one of the largest in Thailand, and is also considered a leading centre for traditional Thai massage. The group explored the temple grounds, admiring the intricate details of the Buddha statue and the temple's architecture. The afternoon was allocated to shopping. Bangkok offers a diverse range of shopping experiences, from modern malls to traditional markets.

Day 3: Academic Engagement and Celebration

Day 3 was significant for its focus on academic collaboration and celebration. The group visited Assumption University, a prominent private university in Thailand. The primary purpose of this visit was to sign a Memorandum of Understanding (MoU). This signifies the establishment of a formal agreement, likely aimed at fostering collaboration in areas such as academic exchange, research partnerships, or other forms of cooperation. The day culminated in a special celebration: the 76th birthday of Bro. John Kallarackal.

COLLEGE EVENTS

Day 4: Religious and Royal Sites

Day 4 included visits to important religious and royal sites. The group visited a local church, offering insight into the presence of Christianity in Thailand, a predominantly Buddhist nation. The group also visited The Grand Palace, a complex of buildings that served as the official residence of the Kings of Siam (and later Thailand) since 1782. The palace complex is a showcase of Thai architecture and craftsmanship, and includes the Temple of the Emerald Buddha.

Day 5: Pattaya Excursion and Cultural Performances

Day 5 involved a trip to Pattaya, a coastal city known for its entertainment and cultural attractions. The group visited the Nong Nooch Tropical Botanical Garden. This expansive garden features a wide variety of plants and themed gardens, showcasing botanical diversity and landscape design. In Pattaya, the group also experienced traditional Thai culture through a cultural show. These shows typically feature traditional dances, music, and costumes, providing a glimpse into Thailand's rich artistic heritage. Additionally, the group witnessed an elephant show, a popular attraction in Thailand.

Day 6: Departure

The trip concluded on the morning of March 6th with an 8:30 am departure from Bangkok to Hyderabad.

Director Rev. Bro. Johan Kallarackal, Principal of LFDC Mrs. Jayanthi Reddy exchanging the MOU with Rev. Bro. Dr. Dechachai Sripicharn, Chairman, Rev. Bro. Dr. Sirichai Fonseka, President and Rev. Bro. Dr. Verayuthi Boonpram, Vice President Assumption University

Annual Day Celebration – 2024-25

Little Flower Degree College celebrated its Annual Day on March 26, 2025, with great enthusiasm and grandeur. The event brought together students, parents, faculty, and staff to commemorate the achievements of the past academic year. The celebration was honored by the presence of Ms. Aruna Bahuguna, IPS, Emeritus Resource Faculty at SISPA, who graced the occasion as the Chief Guest. In his welcome address, Rev. Bro. Johan Kallarackal, Director of the College, applauded the institution's recent accomplishment of securing a NAAC 'A' grade, and urged everyone to continue striving for excellence and uphold the college's legacy of success, anchored in core ethos borrowed from the Montfortian education globally renowned for its commitment to

COLLEGE EVENTS

excellence. Highlighting the college's motto, "Lead to Illuminate", The chief guest, Ms. Bahuguna, encouraged everyone to become beacons of light—spreading knowledge, kindness, joy, and love to others. Principal Mrs. Jayanthi Reddy announced the annual awards and felicitated students who had excelled in academics, sports, and co-curricular activities. Faculty members were also recognized for their outstanding contributions, particularly those who achieved 100% results in their subjects and advanced their learning through research. Cash prizes, mementos, and certificates were presented to both students and faculty as tokens of appreciation. The celebration also featured vibrant cultural performances in dance, music, and drama, providing a platform for students to showcase their creativity and talent. The event concluded with a heartfelt Vote of Thanks, followed by the National Anthem, marking the end of a memorable celebration.

Farewell

Little Flower Degree College, Uppal, bid a heartfelt farewell to its outgoing students on March 27, 2025. The ceremony began with the 3rd-year students taking an oath, symbolizing their commitment to uphold the values and learnings from their time at the institution. This was followed by an inspiring address from Bro. John, who encouraged students to strive for excellence in their future endeavours. Awards for intra-collegiate competitions were distributed, recognizing students' achievements in various fields. A highlight of the event was the Mr. and Miss Farewell contest, where Vivek from BBA 3 and Edna Sunil from BTMC 3 were crowned as Mr. and Miss Farewell. Other title winners included ShriVardhan (BCOM CA 3) and Meenakshi (BBA 3) as Mr. and Miss Confidence, while Kartik (BTMC 3) and Nissi (BBA 3) won Mr. and Miss Best Costume. The celebration also featured vibrant dance performances, adding a joyous and energetic touch to the evening. The event concluded on a patriotic note with the National Anthem, followed by a lively DJ session that allowed students to enjoy their final moments together. The farewell was a memorable occasion, reflecting the strong bonds and cherished experiences of the graduating batch. The students of 1st and 2nd year organised a farewell party for their seniors on 27th March 2025.

10th Convocation – 29th March 2025

Little Flower Degree College, Uppal, Hyderabad, celebrated its 10th Graduation Day on March 29, 2025, at the Montfort Hall with great pride and joy. The event was graced by Dr. S. Chandrashekhar, Chief Scientific Advisor (PI Group), who honored the ceremony as the Chief Guest. The celebration began with the lighting of the ceremonial lamp and an invocation to the Almighty, setting a reverent and inspiring tone. Ms. Jayanthi Reddy, the Principal, extended a warm welcome to the gathering and congratulated the graduates on their commendable achievement. In his address, Dr. S. Chandrashekhar urged the graduates to take control of their future, emphasizing that their choices would determine how challenging or easy life would be moving forward. He also encouraged them to use resources wisely, ensuring sustainability for future generations. Rev. Bro. John, the Director, reminded the graduates to stay true to the values of Montfortian education as they step into the wider world. He called on them to dedicate themselves to service and social responsibility, highlighting their potential to shape and influence society. Following this, Principal Ms. Jayanthi Reddy administered the Graduation Oath, instilling a sense of commitment and pride in the graduates. Degrees were conferred by the Chief Guest, Dr. S. Chandrashekhar, marking a proud milestone for the college. Nearly 150 students from the disciplines of Arts, Commerce, Management, and Sciences received their degrees during the ceremony. The event turned emotional and few graduates took the stage to share heartfelt memories of their college journey. The celebration concluded with a Vote of Thanks, followed by the National Anthem.

FACULTY OF STATISTICS

3-Day Workshop

A 3-day workshop on Power BI was conducted from 01/08/2024 to 03/08/2024 from 2:00 pm to 4:00 pm, and the motive behind this program is to provide in-depth knowledge of Microsoft Power BI, which is a great tool for business analytics and data visualisation. Around 60 students from the Department of physical sciences attended the workshop. Ms. Swapna, the data analyst and resource person, guided the attendees through the installation and setup of Power BI Desktop, data loading and transformation, as well as creating basic and advanced visualisations. Apart from that, data modelling, advanced DAX functions, and building interactive reports were covered. The last day was dedicated to how to publish and share reports with Power BI Mobile, and best practice considerations while developing reports. By the end of the workshop, students had fully been empowered with the skills to use Power BI in support of creating robust, insightful, and interactive reports for data-driven decision-making.

FACULTY OF STATISTICS

Faculty Orientation Programme

A faculty orientation programme for UG Statistics faculty on “Trends in Teaching Statistics at UG level” was organized by the Department of Statistics, University College of Science, Osmania University. Ms N. Dhvani, Faculty of Statistics, Department of Physical Sciences attended the program on 3rd August 2024 from 10:00am to 04:30pm. Prof. N. Ch. Bhatra Charyulu, BOS and Prof. G. Jayasree, Head, Department of Statistics were the resource persons of the program. Objective of this Faculty Orientation Program is to give orientation to the faculty on teaching statistics to B.Sc. students as per the new syllabus of B.Sc. Statistics First Year First semester of the academic year 2024 - 2025. It covers both theoretical and practicals with real time application orientation with base concepts. Implementation of practicals to the real life and online datasets with different measurement of scales of data using R and Excel and preparation of statistical reports & writing statistical records. The Program concluded with distribution of the certificates to the Participants.

Paper Presentation in International Conference

A two-day International Conference on “International Conference on Advances in Computer Engineering and Communication Systems, ICACECS-2024” was held on 8th & 9th Aug, 2024 in hybrid mode organized by the department of CSE, VNR VJIET. MS. Manjusha, Faculty of Statistics, Department of Physical Sciences presented a paper in the conference. The presented paper in the conference entitled: “Assessing Anaemia Prevalence among women: A Comprehensive Analysis Using Machine Learning Approaches with the NFHS-5” was awarded as the **Best Paper** at the conference. This recognition reflects the importance of the topic and the innovative solutions proposed. The award was presented during the closing ceremony, where she had the opportunity to share insights about her research journey and the impact of collaborative efforts in addressing global energy challenges.

TECHWIZ 2024

Little Flower School, Uppal, had organised ‘TECHWIZ 2024’ an inter school competition on 17th August 2024. Ms. A. Bhavani and Ms. P. Bhavani from the faculty of computer science were invited to judge HTML coding, and Ms. Suvarna Jeevapuri from the Department of Arts was invited to judge PPTs on Artificial intelligence. Three students Maria Akshitha, Ramya Sri and Meghana from II B.com (CA) were invited as quizmasters to conduct the IT Quiz competition. The Topic for HTML coding was E-Books and there were six teams of three students in each team and in PPT there were six teams of two in a group. Students were given an hour to prepare the PPT. Students did a great job covering topics such as social media, Health sector and Environmental suitability etc. Students conducted a quiz on IT for both junior and senior groups. Many students from various schools had participated in these competitions.

FACULTY OF ELECTRONICS AND PHYSICS

Arduino Workshop

The faculty of Electronics & Physics, Department of Physical sciences has organized a two-day workshop on Arduino for II and III B.Sc Physics & Electronics students. The workshop was organized for two days on 22nd and 23rd August 2024. This workshop was conducted by Mr. shareef and team from Physitech Electronics Pvt. Limited, Hyderabad. The objective of the workshop was to train the students on Arduino and develop simple projects. On the first day of the workshop, students were introduced to the fundamentals of Arduino technology. The session began with an overview of Arduino boards, including the various types available and their respective features. Participants were also acquainted with a range of commonly used sensors and the integrated development environment (IDE) utilized for programming Arduino boards. In the initial session, students engaged in hands-on activities involving basic Arduino projects, such as LED blinking and dancing LED patterns, to develop foundational skills. During the second session, students were organized into small groups and assigned specific projects. Each group was provided with a detailed problem statement, and the required circuit diagrams were thoroughly explained. Students then assembled their circuits accordingly, reinforcing their understanding of hardware connections. On the second day of the workshop, Participants successfully advanced to writing and uploading code to the Arduino boards, demonstrating their ability to independently program and implement their assigned projects.

FACULTY OF COMPUTER SCIENCE

Skill Development Programme

Ms. A. Alekhya, Faculty of Computer Science, Department of Physical Sciences was invited as a resource person to teach basic coding to the students for Skill Development program Organised by St. Pius X church, Parish Priest Fr. Kishore Dasari on 7th September 2024 from 10:00 am to 11:30am. The session was designed to introduce fundamental coding concepts and enhance the technical skills of Participants. The session covered some of the key aspects like various programming languages focusing on Python, due to its simplicity and widespread use in various industries. Basic Syntax and Structure, in-depth explanation of programming syntax, including variables, data types, operators, control statements - if, if-else, switch, looping statements, Arrays

etc., example programs. control statements, Arrays. The session concluded with a question & answer segment, where Participants clarified their doubts and discussed the application of coding in real-world scenarios. The feedback from Participants was overwhelmingly positive.

Students actively participated to learn the coding

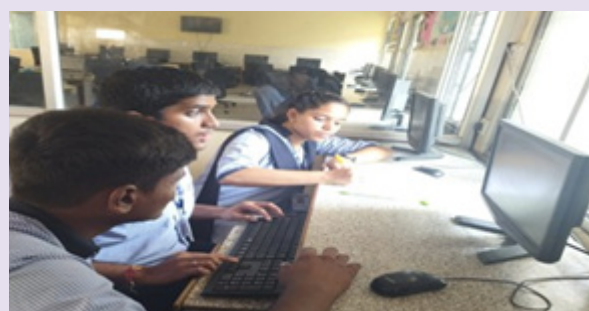

FACULTY OF COMPUTER SCIENCE

Intra Collegiate Competition

The Faculty of Computer Science has conducted Code-Grunt as a part of Intra-Collegiate competitions. Students from various streams participated in the competitions. During this competition, the students should detect the errors in the syntax of the given code and execute it in a stipulated time. The main objective of the program is to encourage students to develop creative solutions & opportunities to sharpen technical skills. Total of 9 teams participated in the competitions. The students participated with great zeal and Interest. The competition successfully fostered a spirit of collaboration among Participants.

Students taking part in competition

Students searching for Errors in Code and Executing

FACULTY OF STATISTICS

Intra-Collegiate Competition

The Faculty of Statistics, Department of Physical Sciences conducted the Intra Collegiate Competition “Rangoli” on 30th September, 2024 at 10.40AM on Statistics Concepts. The Competition was conducted for all the streams of students of first, second and final year. The aim of the program was to express students’ artistic abilities and creativity through the medium of Rangoli, enhancing their artistic skills. 20 students from all streams participated in this Event with joy and zeal. Rangoli patterns are a creative way to discover symmetry, reflection, and tessellation

Students participating in the Stats Rangoli competitions

Intra-Collegiate Competition

The Faculty of Mathematics conducted MATH TAMBOLA as a part of Intra competitions on 30th September 2024. This Event is organized to enhance the ability of logical thinking and time management. The students from different groups participated and showcased their skills. Logical questions were asked, students had to solve the questions and the answers had to be marked in their housie tickets. The students who complete the housie first will be the winners.

FACULTY OF STATISTICS

Intra-Collegiate Competition

The Faculty of Physics & Electronics, Department of Physical Sciences, has organized an intra-collegiate competition on 'Scientists & Their Inventions' on 30.09.24 in Room No. P25 from 10.40 a.m. to 11.40 a.m. The Event was organized in two rounds. In the first round, ten questions were asked to assess their understanding of the scientist when an invention was presented. The second round consisted of ten questions in which the complete names of popular scientific institutions were asked. Students eagerly engaged in the competition, learning about numerous technologies, scientists, and well-known scientific organizations. Mr. Asher Frank of I BSC MPCS bagged first prize. Second prize was bagged by Mr. S. Nikhil of III BSC MPCS, third prize was awarded to Ms. Nandini of III BSC MECS & Ms. Akanksha of III BSC MPCS.

World Science Day Celebrations

World Science Day was celebrated by the Faculty of Electronics, Department of Physical Sciences on 11.11.2024. The resource person for the Event was Dr. Chatushya, CEO, Manna Biotech Pvt. Limited. The objective of the Event was to raise awareness among the students in understanding the role of science in creating peaceful and sustainable societies. The theme of World Science Day 2024 is 'Why Science Matters - Engaging Minds and Empowering Future'. Dr. Chatushya in her talk explained that everything around them is science and students need to keenly observe and understand it. She also urged students to be job creators rather than job seekers. Students actively participated in the Event.

Two-week online Refresher course on Computational Fluid Dynamics Basics and case studies

Mr. M. Prashanth, Ms. T. Swapna, Mr. V. Naveen Kumar from the faculty of Mathematics, Department of physical Sciences attended a two-Week online refresher course on “Computational fluid dynamics- basics and case studies” which was organized by the JNTUH-UGC-Malaviya mission teacher training centre. Hyderabad, Telangana from 9th to 23rd December, 2024 with two sessions from 10:00am to 1:15 pm forenoon and 2.00pm to 5.15pm afternoon session. The main objective of the course was to improve the quality of teaching and empower faculty members through training, induction, refresher and short-term programs and to ensure their continuous professional development in Fluid dynamics. A schedule was given to the registered Participants along with a link to join for the sessions for the course. Each day two sessions were conducted by highly distinguished resource persons, which included numerical simulations related to the problems and experimental investigations on the flow field in the PEM fuel cell, cybersecurity awareness, Applications of Aerospace and strategies for the simulations, and after completing the session, an assignment was given to each participant with a feedback link and duration to submit the assignment. On the final day of the course an exam was conducted with a duration of 60 min for the Participants, and after evaluation of marks and assignments which were submitted by the Participants, the course completion certificates were issued.

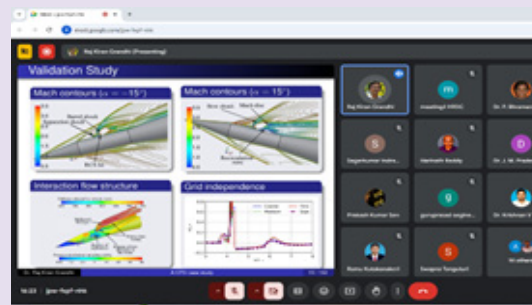

Prof. Naga Srinivas, NIT Warangal, explaining about the numerical simulations related to the problems and experimental investigations on the flow field in the PEM fuel cell.

FDP on Innovation in ML, AI, DS & Modelling

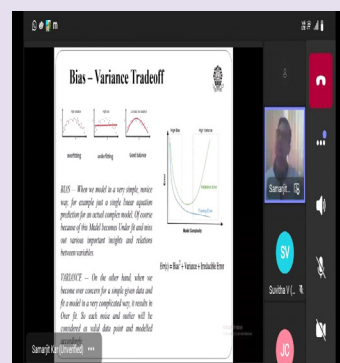

The faculty of the Department of Physical Sciences attended a Faculty Development Program from 16th December 2024 to 23rd December 2024 on “Innovations in Machine Learning, Artificial Intelligence, Data Science, and Modelling (IMLAIDSM’24) in hybrid mode organised by VIGNAN’S Foundation for Science, Technology, and Research under the aegis of Electronics & ICT Academy, IIT Roorkee. Ms T. Nagalakshmi, Ms Shajahan Begum, Ms A. Bhavani, Ms P. Bhavani, and Ms A. Alekhya attended the FDP. The objective of this Faculty Development Program (FDP) on “Innovations in Machine Learning, Artificial Intelligence, Data Science, and Modelling” is to equip educators, researchers, and professionals with the latest advancements and practical knowledge in these cutting-edge fields. The FDP was a great learning experience for the faculty, as it included talks along with hands-on sessions.

FDP in Distance Education

A faculty development program from 18th December 2024 to 24th December 2024 on “Innovative Practices, Learning Resources, and Academic Leadership in Distance and Online Education: A Faculty Development Journey” in hybrid mode was organised by Suresh Gyan Vihar University, Jaipur, Rajasthan. Mr. P. Vijay Bhaskar, Faculty of Computer Science, Department of Physical Sciences, has attended the FDP. The objective of the Faculty Development Program (FDP) is to equip educators with innovative teaching methods and technologies in distance education. The FDP was a great learning experience to enhance skills in curriculum design and content delivery in distance learning.

Inaugural session

Prof. Pawan Kumar explaining about the importance of Distance Learning

FACULTY OF MATHEMATICS

National Mathematics Day Celebrations

The Faculty of Mathematics, Department of Physical Sciences, organised a memory grid competition and a seminar on National Mathematics Day (December 19-20, 2024) to celebrate the 137th birth anniversary of Srinivasa Ramanujan. The Event aimed to enhance logical thinking, mathematical applications, and time management skills. The competition, held for B.Sc. second and final-year students, involved memorising and recalling math symbols in a 4x4 grid within a minute. Top scorers advanced to an aptitude test, and winners received prizes. On the second day, a seminar on “The Impact of Mathematical History—2030 Vision” was delivered by Dr. Shankar Rao Munjam (Instructor of Mathematics, University of the Peoples, USA). He discussed the history, significance of equations, and real-life applications of mathematics, encouraging students to pursue research in the field.

Dr. Shankar Rao Munjam, Department of Basic Sciences, University of the Peoples, Pasadena, California, USA, explaining about the Applications of Computational Fluid Dynamics

FACULTY OF STATISTICS

International Conference on Advanced Data Analytics and Statistics

The conference participation exposes students to global research trends and provides possibilities for networking. Ms. M. Shravya, Ms. V. Rajashree, Ms. K. Manasa from II yr MSC statistics participated and presented paper at the International Conference on Advanced Data Analytics and Statistics (ICADAS-2025), which took place from January 23rd to 25th, 2025, at Vimala College (Autonomous), Thrissur in Kerala. The paper title is “Prevalence of Anaemia among Women in Telangana: A Study of Socioeconomic and Geographical Factors Using NFHS-5 Data.” Their research focused on the prevalence of anaemia among women in Telangana areas. Their discoveries were significant contributions to the field. Engaging with professionals helped them refine their findings by providing constructive comments while also improving their presentation skills. Overall, the conference participation enriched their academic profile and opened avenues for future research collaborations.

Seminar on Growing relevance in various industries

The management of Little Flower, as a memorandum of understanding with DEED Trust, has organised a certificate course sponsored by Hinduja Global Solutions (HGS) and the NASSCOM Foundation, Skills for Her (Data Science & Analytics). This initiative aimed to enhance the skill set of economically weaker section students below 8 lakh income, equipping them with industry-relevant knowledge and practical expertise to improve their employability. The primary objective of the course was to bridge the gap between academic learning and industry requirements. The program provided students with hands-on training, exposure to the latest technologies, and skill development opportunities to prepare them for future career prospects. Ms. Anshu, managers from the NASSCOM foundation, and Ms. Humera, project manager at HGS, visited the college and interacted with students. They explained the importance of data science, highlighting its growing relevance in various industries and the career opportunities available in the field.

ABACUS the National Level IT Quiz

On February 1, 2025, Ch. Shiva Kumar and N. Likith of II B.SC MSDS, Department of Physical Sciences took part in the annual IT quiz held at Badruka College for Information Technology in Kachiguda, Hyderabad. The Annual IT Quiz held at Badruka College for Information Technology provided an exciting and intellectually stimulating platform for students to showcase their knowledge and skills in various domains of Information Technology (IT). The quiz competition covered an array of topics, including HTML, Java, computer fundamentals, mobile fundamentals, Python, and C language. This Event aimed to encourage students to deepen their understanding of core IT concepts and keep up-to-date with the latest technological advancements. The Quiz was designed to test students' knowledge, problem-solving abilities, and quick thinking under time constraints. It was an engaging way for students to demonstrate their theoretical and practical knowledge in various areas of IT. Students enthusiastically participated and performed well in the first and second rounds. And they received participation certificates after clearing two rounds.

Intercollegiate Competition: Crossword Puzzle and CPU Assembling

The Faculty of Computer Science, Department of Physical Sciences, has organised CPU Assembling Competition as a part of intercollegiate competitions on 04-Feb-2025 at 11:00 AM. CPU assembling competitions offer numerous advantages by providing a hands-on learning experience that enhances Participants' technical expertise and problem-solving skills. To assess and enhance Participants' technical knowledge and hands-on skills in assembling, troubleshooting, and optimizing computer hardware components within a specified timeframe. Overall, CPU assembling competitions played a crucial role in bridging the gap between theoretical knowledge and real-world technical expertise. Students from various academic streams participated, fostering interdisciplinary learning and collaboration.

Field visit to NSO stall, Industrial exhibition, Nampally

The 84th All India Industrial Exhibition at Nampally, Hyderabad, hosted an NSO stall that was visited by the Faculty of Statistics, Department of Physical Sciences, on 6th Feb 2025. Ms. N. Dhvani, Faculty of Statistics along with three final-year BSC (MSCS) students (Ms. Sai Nikhila, MS. Varsha and MS. Devisree, then visited the NSO stall in Numaish. Understanding the significance of statistics in NSO is the goal of this visit. The National Statistical Office is referred to as NSO. By conducting extensive surveys and analyses, including national accounts and state-level economic data, NSO serves as the nodal agency for upholding statistical standards, coordinating statistical work across government departments, and making statistical information available to policymakers. This Visit provided insightful information on the programmes, offerings, and services of the corresponding organisations.

Seminar on Resume Building - Skills for Her

LFDC in collaboration with DEED Trust, organized a Resume Building Session sponsored by Hinduja Global Solutions (HGS) and the NASSCOM Foundation- "Skills for Her" (Data Science & Analytics) on February 14, 2025 at Montfort Hall. Mr. Mahendra, Senior Manager, NASSCOM Team, took a session on Women Entrepreneurship and Emerging Technologies and how NGOs help in the empowerment of the students. Four HGS employees conducted the resume-building class. Mr. Sameer addressed the importance of resumes and how they affect interviews, as well as resume design, rules, and formatting, and provided several examples. The students are then divided into four groups, with each group assigned an HGS Team member to answer any questions and explain the methods and rules required to create a thorough resume. A number of students took the stage to talk about the workshop, resume format, and the value of resumes for their future.

2K Marathon Run on Safe Internet Day

The Department of Physical Sciences has organised a 2K Run Marathon Event on February 15, 2024, at 6 AM. This run was arranged to recognise the significance of 'Safer Internet Day'. This run emphasises the need of taking collaborative action to create a safe, inclusive, and empowered internet community for all. The program was launched by Correspondent Rev. Bro. Arun Prakash. In his message, Brother emphasised the necessity of living a healthier lifestyle and utilising the internet safely. Students actively participated in the Event, and the winners received cash prizes from Director Rev. Bro. John Kallarackal and Principal Mrs. P. Jayanthi Reddy. The program concluded with the national anthem.

FDP on Research and Write with AI Assistance

A Five-day faculty development programme was organised by Institute of Public Enterprise from 17th -21st February, 2025 in online mode from 8 pm – 9 pm. The main objective of the FDP is to enhance research capabilities by utilizing AI tools for literature survey, data analysis, thesis writing, ethical research practices, and effective dissemination through high quality publications and presentations. Mr. Vijay, Head, Department of Physical Sciences, Mr. Prashanth, Ms. Swapna, Mr. Naveen from the faculty Mathematics, Ms. Dhvani & Ms. Manjusha from the faculty of Statistics, Ms. Naga Lakshmi, Faculty of Electronics has attended the FDP. This FDP has introduced the faculty to the various AI tools which will be helpful starting from selection of a Research topic to thesis writing. This FDP helped faculty to understand how AI is helpful in all aspects of research.

Prof. Y. Ramakrishna, IPE, explaining about the framework, Literature review, Methodology and analysis involved in publishing the paper.

Dr. Kalyani explains about the various approaches to writing literature reviews, including chronological, thematic, methodological, and construct-based methods.

Project Expo and Showcase of Projects with Verbal Presentations

Electroverse 2025, the prestigious inter-collegiate project competition, was held at Badruka College for Information Technology on National Science Day, bringing together students, faculty, and industry experts to celebrate innovation and creativity. The competition's theme, Application-Based Working Model, encouraged Participants to showcase practical, real-world solutions that leverage technology to solve existing challenges. The Event featured a Project Expo where Guru Charan and Bhavani from BSC MPCS III Presented a Project named Visitors counter and B. Shiva Kumar and Rahul from BSC MPCS II presented gas sensor project, followed by presentations where they explained the intricacies of their projects to an audience of peers, mentors, and judges. Gurucharan and Bhavani from BSC MPCS III secured Best Project Award This expo provided a platform for students to demonstrate their technical skills, creativity, and ability to develop projects that have practical applications. The teams that participated in Electroverse 2025 left with new knowledge, greater confidence, and the inspiration to continue exploring and developing their ideas further.

FACULTY OF STATISTICS

Visit to Survey of India

On February 28, 2025, the Faculty of Statistics organised a field trip for BSc Physical Sciences students to the Survey of India on National Science Day. The trip aimed to provide practical exposure to theoretical concepts and demonstrate the role of statistics in surveying and mapping. The visit began at 1:50 PM, with students receiving an overview of the organisation's objectives, including topological control, mapping, and printing. They observed surveying techniques, data collection, and the application of statistical methods in map-making. Students gained insights into the creation of political and physical maps, from data acquisition to cartographic design and printing. This hands-on experience bridged the gap between theory and practice, deepening students' understanding of statistics in geographical data analysis and visualisation.

International conference on Innovative and Emerging Technologies for Sustainability 2025

Seven students from BSc (MSCs & MSDs)-III and BSc (Bt.M.C)-II participated in the International Conference on Innovative and Emerging Technologies for Sustainability 2025 (ICIETS) at St. Francis College, Hyderabad, on March 7, 2025 under the guidance of T. Manjusha, they presented research on women and children's health, showcasing innovative methodologies. **Shreshta and Vamshi** presented a paper titled "Evaluating the Impact of Socioeconomic Determinants on Child Weight in Telangana: A Machine Learning Approach utilizing NFHS-5 Data." **Anshika and Yashaswi** presented a paper titled "Evaluating the effect of haemoglobin and low Blood glucose levels on anaemia among women in Telangana: a machine learning approach using NFHS-5 data." **Shravani R, Nishitha T, and Sneha K.** presented a paper titled "Unveiling the Hidden Influences: Predicting amenorrhoea in Indian women using NFHS-5. Their work was well-received, and Shrestha and Vamshi won the **Best Paper Award**, recognising their dedication and research quality. Their achievement brought pride to Little Flower Degree College, inspiring peers to engage in research and academic excellence

Certificate course on Digital 101 Journey

The management of Little Flower as a memorandum of understanding with DEED Trust organised a certificate Course which is sponsored by Innovative Global Solutions and NASSCOM Foundation - i.e., "Digital 101 Journey-Foundation skills for youth. To equip young individuals with essential technological skills, a **Certificate Course for Youth on Technology** has been designed. This course aims to bridge the knowledge gap and prepare youth for future career opportunities in various technological fields. The motto of this course is to provide foundational knowledge of modern technologies, to enhance digital literacy among youth and learn modules on emerging fields such as IoT. Cloud Computing. Innovation & Design Thinking, Overview of artificial thinking, machine learning, deep learning, big data analytics, DBMS for Data Science, Overview of Cybersecurity, Attacks, Barriers to Effective Communication, Problem Solving, and Teamwork Skills. It includes both theoretical and practical sessions to ensure hands-on experience. Total of 246 students benefited through this Course. The course spanned for 30 **hours**. Participants received **Certificate of Completion** upon successfully passing all modules. A total of 200 students benefited from this course. This **Certificate Course for Youth on Technology** serves as a stepping stone for young individuals to explore and excel in the field of technology. By imparting technical knowledge and practical skills, it prepares youth for the digital era and enhances their employability in tech-driven industries.

Five Day National Level Professional Development Program

The Department of Physical Sciences, Faculty of Computer Science attended a 5-day national-level professional development programme organised by St. Joseph Degree & PG College in collaboration with Institute of Public Enterprise from 17th to 21st March 2025 in Virtual Mode.

DAY - 1: An inauguration session was held between 7:00 PM to 8:00 PM in order to begin PDP and followed by Prof. V. Rama Krishna delivered a session on Introduction to AI in Academic Research, which covered the usage of AI tools such as ChatGPT, Elicit, and Scite for research publication and thesis writing.

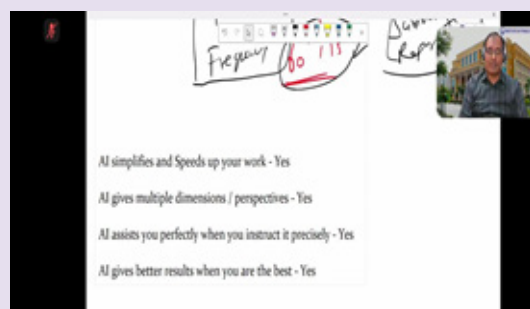

DAY - 2: Speaker P. Kalyani delivered a session on AI tools in Research Methodology, explaining how to use tools like Paraphraser QuilBot, Consensus, and ScholarGpt to write paper publications, as well as how to use AI tools to check for plagiarism and select journals for research papers. The manuscript should be in the writer's own literature, using tools like ChatGPT and Consensus in Research Methodology.

DAY - 3: Dr. Swathi Mathur conducted an engaging session on the "Practical Application of AI Tools in Research," showcasing how AI can streamline data analysis and enhance research efficiency. Her practical demonstrations and real-world examples provided valuable insights for leveraging AI in various research domains.

DAY - 4: Prof. Y. Rama Krishna delivered an insightful session on "Crafting Research Proposals and Funding Opportunities," highlighting the key elements of drafting compelling research proposals. He also shared practical tips for identifying and securing funding opportunities, making it an invaluable experience for aspiring researchers.

DAY - 5: Dr. Chandra Shekar delivered an informative session on "Academic Research and Article Publications Using AI Tools," emphasizing how AI can assist in literature reviews, data organization, and article publications. His insights highlighted the transformative potential of AI in enhancing the quality and efficiency of academic publishing.

One Week Programme Initiation into Mathematics

Mr. S. Bharadwaj, a student of Little Flower Degree College studying in the second year of MSCS, attended the One Week Programme on “Initiation into Mathematics” Programme, which was organised by the Department of Mathematics, Mahatma Gandhi University, Nalgonda, Telangana, from 17.03.2025 to 22.03.2025. The speakers for the sessions were from the various IIT institutions. The main aim of the programme is to expose bright young students to the excitement of doing mathematics, to promote independent mathematical thinking and to prepare them for higher aspects of mathematics. In this one-week program, mainly focused on the statements, quantifiers, solving linear equations, compound statements, family of sets, power sets, system of linear equations of homogenous and non-homogenous, definition of functions, types of functions, bijective mapping, proof of mathematics, and Cartesian product of sets.

Certificate course on Data Science and Analytics - Skills for Her

To maintain the momentum of MOU signed between DEED and LFDC delegates from NASSCOM, HGS and DEED, Faculty of Computer Science has conducted a certificate course- “Data Science for Analytics” for 180 Hours as a Part of “SKILLS FOR HER” Project in collaboration with Deepam for Education Empowerment & Development (DEED) to aid and support the girl students in providing necessary knowledge and skills to succeed as Data Professional. National Association for software Service Company (NASSCOM Foundation) is a non-Profit industry Association which gives platform to students to chart out their own career path as well as create an impact on the technology growth of India, it is a foundation which supports the certification course called Data Science for beginners in LFDC. under Skills for Her Project sponsored by Hinduja Global Solution(HGS) with DEED trust being a passage between NASSCOM/HGS and LFDC. The trainers, Mr Rahul and Mr. Kaviyarasan, IT trainer, educated students on the topics Power Bi, Advanced Excel, Communication skills and Python Essentials. The Certification course exam for 120 girls Sponsored by HGS and supported by NASSCOM Foundation and DEED Trust Concluded on 12-March-2025, with two certificates - Online certificates were awarded by the Ministry of Electronics and Information Technology, Government of India. The Offline certificates were being awarded to the candidates in the college by NASSCOM officials. The certificate distribution ceremony held on 21-03-2025 was a grand and joyous occasion organised to honour the achievements and hard work of students who completed the course. The Event recognized individuals who had successfully completed their courses and training programmes and received offer letters for 21 girls who were placed in V4U Solutions. Ms. Shilpa Harsh, Vice President – HGS; Mr Nagesh, Senior Manager-HGS, Mr. Ashutosh Managing Director, NASSCOM Foundation, Mr. Geroge Stephan, CEO DEED Trust Visited the College and distributed the certificates

Two-Day National Workshop

Ms. Dhvani & Ms. Manjusha faculty of statistics, Department of physical sciences attended a two-day National Workshop which was organised by R.B.V.R.R. women's college & St Joseph's Degree College on Statistical Data Analysis with JAMOWI: A practical approach on 10th & 11th April 2025 in online mode from 2:00 pm to 4:00 pm, which focused on equipping Participants with hands-on experience in using JAMOWI software for performing various statistical analyses. Dr. Hanmantha Rao S, speaker of the workshop, delivered the basics of JAMOWI, including installation, data import, data cleaning, descriptive statistics, and visualization techniques, inferential statistics such as t-tests, ANOVA, chi-square tests, correlation, and regression analysis. The workshop ended with a valedictory session, where certificates were distributed, and feedback was collected.

Speaker Dr. Hanmantha Rao delivered an engaging lecture during the session

Attended & presentation of poster at National Conference by CSIR-NEERI

Ms. Vaishnavi. B & Priyanka Yadav undergraduate students of BZC & MZC and Dr. Gomathi. K, Assistant Professor, Faculty of Zoology attended and presented poster at **One Day National Conference on Environmental Impact Assessment: Resource Management & Policy making ERP-2024** organized by CSIR- NEERI, Hyderabad on 19th July 2024. The topic presented was **“Analysis of Physicochemical Parameters of Water Quality in Bibi Nagar Lake, Yadadri Bhuvanagiri District, Telangana”**. Anthropogenic activities such as disposal of sewage and industrial effluent, domestic waste and the use of pesticides have threatened the environmental health of surface water, so a detailed water analysis was carried out. The study highlighted the importance of constant monitoring and implementation of appropriate treatment processes to ensure the quality of water to support life in it. The scientific sessions at the seminar provided an excellent platform for learning and gaining a deep insight on the issues pertaining to Environmental Impact Assessment, Resource Management & Policy Making.

Poster presentation by Vaishnavi & Priyanka Yadav

Presentation to the Expert team of ERP-2024

Faculty of Microbiology

One Day National Conference

The Department of Life Sciences Faculty of Microbiology attended a poster in One Day National Conference on Environmental Impact Assessment: Resource Management & Policy Making on 19/07/2024. B. Sc BTMC III year student Ms. Margadavalli presented on topic Leachate Treatment using Bio enzyme produced from Citrus peel Waste. Dr. J. Usha Rani and Student received participation. It was a learning experience for students and staff in the field of Environmental Impact Assessment: Resource Management & Policy Making from the sessions attended during the conference.

Faculty of Botany

World Mango Day Celebrations

The faculty of botany celebrated world mango day on 22nd July 2024 by conducting a food competition for BSc Students. Students prepared dishes with mango as main ingredient and explained the benefits and nutritional value of mango. The students were given prizes and participation certificates. for students from BSC. Students shared their knowledge about the health benefits of Mangoes and rich diversity of mangoes.

Students participating in the competition and receiving prizes

World SJÖGREN's Day

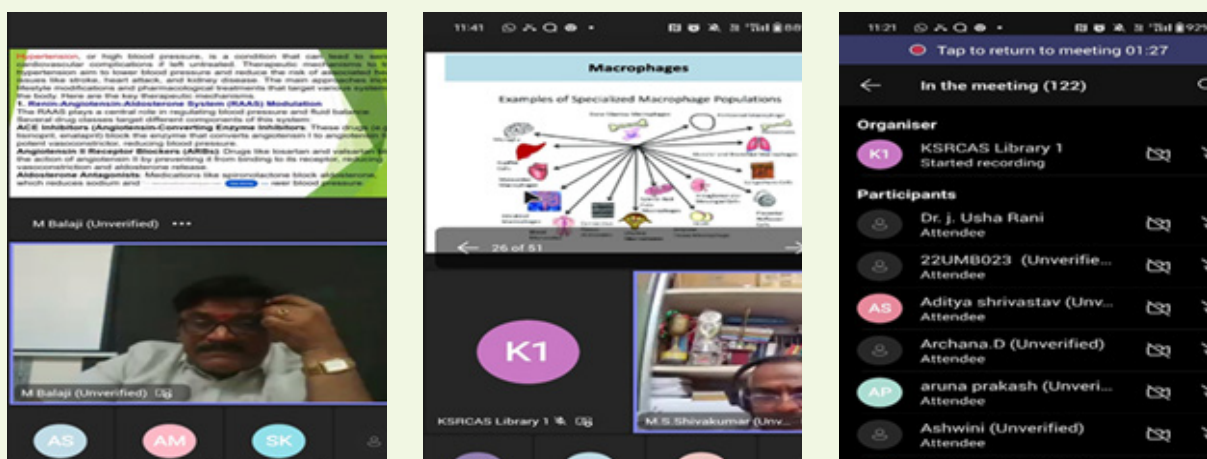

Faculty of Microbiology Department of Life sciences B. Sc., MZC III-year students attended WORLD SJÖGREN'S DAY Intercollegiate, poster presentation Competition The event was organized by Bhavans Vivekananda College in collaboration with the Microbiologists Society of India, offering a platform for students to showcase their knowledge and creativity in the field of microbiology. M. Priyanka Yadav and Ganesh delivered impressive presentations that demonstrated their understanding of the topic and their skills in research paper presentation. The Judges were Dr. S. Anju, MSI, Telangana Chief Coordinator evaluated their presentation patiently with a word of encouragement to each one of them for their extensive study. M. Priyanka Yadav secured the second prize for her exceptional poster presentation. The event concluded on a positive note, their active participation in such competitions continues to reflect positively on our institution, promoting their academic and professional development.

Five Day Online FDP

Dr. J Usha Rani Faculty of Microbiology, Department of Life sciences attended Five Day Online FDP organized by School of Science Humanities and R& D Cell K. S Ramaswamy College of Arts and Science Tamil Nadu from 06/09/2024 to 12/09/ 2024. The resource persons were M. S. Shiva Kumar; Dr. Balaji spoke advance immune techniques to diagnose and cure diseases. The FDP was organized for Faculty to learned recent advancements in Biotechnology, Biochemistry and Microbiology in perception of industrial research skills.

Faculty of Chemistry

World Ozone Day Celebrations

The faculty of chemistry organized a drawing competition on the occasion of “World Ozone Day” to undergraduates of I and II years of BtMiC, MZC on 19th September 2024. The theme of the competition was Montreal Protocol: Advancing Climate Action”. This theme highlights the role of the Montreal Protocol in protecting the ozone layer and reducing harmful substances like chlorofluorocarbons (CFCs) and hydrochlorofluorocarbons (HCFCs). The competition is to bring awareness on how to protect the ozone layer and environment for survival of life on Earth. Students participated actively in bringing up their creative skills in drawing. Overall, it was a great success. And the event was judged by the judges.

Students participating in the competition and presenting their artistic views

International Microbiology Day

Faculty of Microbiology, Department of Life Sciences Organized International Microbiology Day on 19th September 2024. Dr. Anoor Pawan Kumar (Alumni LFDC), Sr. Executive, Sanzyme Biologics(P)Limited, Karkapatla, Genome Valley, Hyderabad, and Mr. K. Krishna Prasad Reddy (Alumni LFDC), Research associate, Performics analytical labs, Hyderabad. Were the invited Guest speakers for the event. Dr. Anoor Pawan Kumar spoke on the Topic “Where your Dreams meet a Direction! “ And gave insights to the students about various entrances and funding resources available for higher education. Mr. K. Krishna Prasad Reddy spoke on Topic “Role of Microbiologist in Pharma Industry”. He shared his industrial experience and importance of SOP and handling Instruments in Industry. After the speaker’s session, an e-poster presentation was carried out. Students from Different Colleges presented e-poster enthusiastically on Theme: MICROORGANISMS FOR SUSTAINABLE SOLUTIONS: “ENVIRONMENTAL AND CLINICAL IMPLEMENTATIONS”. Students learned how to do literature surveys and present papers. The event concluded with felicitation of LFDC Alumni guest speakers, distribution of certificates for the winners and followed by Vote of thanks.

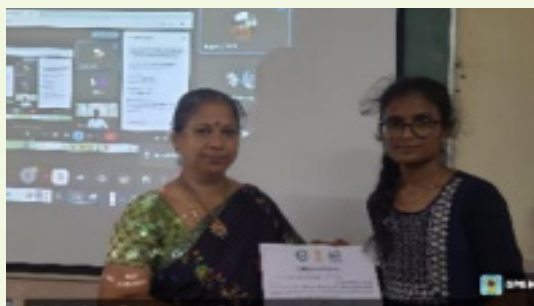

Director Rev Bro. John Kallarackal, Principal Mrs. Jayanthi Felicitating the Guest Speakers Dr. Anoor Pawan Kumar and Mr. K. Krishna Prasad Reddy and students From Life Sciences attending International Microbiology Day sessions photo

Faculty of Botany

Attended Workshop on Basic Advances in Plant Taxonomy & Herbarium Preparation Techniques

The faculty of botany took BSc Botany Students to attend Workshop at Government City College-Nayapul on 20th September 2024. The students got first hand exposure to diverse plant species offering a deeper understanding of plant collection. Students got hands on experience of collection, preparation and preservation of herbariums. Students receive participation certificates.

Demonstration of Herbarium preparation and distribution of certificates by the Director

Faculty of Chemistry

Intercollegiate Competitions Chembola Competition

The Faculty of Chemistry conducted an intra collegiate competition in Chembola. In which students in a team of two were asked to play housie with elements name said, they had to calculate their atomic number and then scratch the number in their tickets of housie provided for them. It was a memory, analysing, understanding and exhilarating event. 29 students participated and there were winners too. It was judged by few volunteers and faculties of chemistry in all it was a successful event.

Active participation of students in the competition

Faculty of Microbiology

Sing the Science Intra collegiate competition

The Department of Life sciences Faculty of Microbiology conducted an Intra collegiate competition for B. Sc., life science students. The topic given was Sing the Science conducted on 30/09/2024 in the P13 Lecture Hall. The objective of the event is to make the students express their interest in science subjects in the form of a song. Students took part in the event with great enthusiasm and learned the way of expressing the science and their topic in an innovative way. It was a memorable and fun experiential learning time for students to enjoy science.

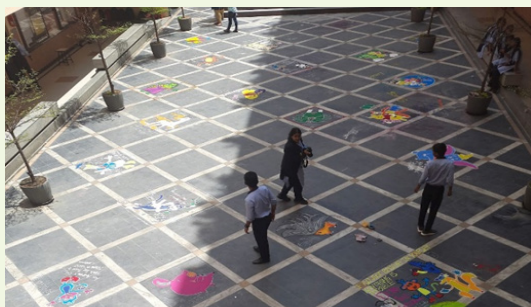

Life Science of 1,2 3-year B. Sc Students took part in Sing the science and presented in front of Judges

Faculty of Zoology

Intra collegiate Competitions Zootoon Animal Cartoon Rangoli

The Faculty of Zoology conducted Zootoon Animal Cartoon Rangoli as a part of Intra Collegiate Literary Competitions on 1st October, 2024. The competition was organized to express their innovative and artistic ability. A total of 25 teams with two students per team from different streams participated with great enthusiasm in the competition. The participants selected and made Rangoli of animal cartoon characters which they had been familiar with from their childhood. An appropriate caption for each character was also written along with the rangoli. Engaging in this competition allowed the students to express their artistic abilities and creativity through the medium of Rangoli, enhancing their creativity. They also learned the value of teamwork, cooperation and effective-communication.

Birds eye view of the Zootoon Rangoli competition

Faculty of Biotechnology

Intra Collegiate Bio Puzzle Competition

The Faculty of Biotechnology conducted Bio puzzle as a part of Intra Collegiate Literary Competitions on 31st November 2024. The puzzle had a total of 31 clues- across and down with topics related to Biotechnology. A total of 21 teams with two students per team participated with great enthusiasm in the competition. A time limit of 20 mins was given to each team to solve the puzzle. The competition helped students to improve their knowledge and team work.

Students participating in the competition

Faculty of Botany

Intra Collegiate Botany Buffs Competition

The faculty of Botany organized Botany Buffs competition on 30th September 2024. The students from different streams participated in the event. The competition focused on identification of variety of fruits and vegetables. The competition allowed students to practically apply their theoretical knowledge gained in classrooms, their enthusiasm and active participation demonstrated a genuine interest in exploring concepts beyond traditional learning environments.

Active participation of students in the competition

Attended Wild life celebration at ZSI

Faculty of Zoology and students of BZC & MZC participated in National Wildlife week celebrations at Zoological Survey of India- Freshwater Biology Regional Centre, Hyderabad-Ministry of Environment, forest & Climate Change, Govt. of India on 10th October 2024. National Wildlife Week 2024 in India was celebrated from October 2 to 8, with the theme “Safeguarding Our Natural Heritage.” It was aimed to raise awareness about wildlife protection. Wildlife Week has since become an annual event which focused on promoting conservation and highlighting India’s rich biodiversity. The students from different colleges participated in the elocution competition on the theme “Connecting People and planet: Exploring Digital Innovation in Wildlife Conservation”. The overall outcome of Wildlife Week program gave a deep insight about significance of ecosystem conservation and highlighted India’s rich biodiversity. Through live wildlife videos and competitions students learnt about what makes each species unique and how they play a key role in keeping our ecosystems healthy. Students of Little Flower Degree College bagged two prizes in Elocution competition: Rudra Rai, MZC II yr bagged II prize and Reuben Marvin MZC got III prize.

Online Webinar MOU Patna College

The Faculty of Microbiology, organized an online webinar on “ Research methodology in Microbial Nanotechnology “ MOU with the Department of Microbiology, PATNA WOMEN’S COLLEGE (AUTONOMOUS), PATNA UNIVERSITY for undergraduate Life Science students on 18th October 2024. Dr. MANOJ KUMAR, University Professor, Department of Microbiology, Bihar Animal Sciences University, Patna was the resource person for the webinar. B.Sc. Life science students from Little Flower Degree College and PATNA WOMEN’S COLLEGE attended the MoU online webinar. The online guest lecture gave a broad introduction to some of the key concepts of Research Methodology in Microbial Nanotechnology. its Importance, Applications and uses in Agricultural, Medical, Industrial, Pharmaceutical fields; As a Career option; its Expected Outcomes; Budget and Resources for the research project was discussed.

Dr. MANOJ KUMAR, University Professor, Department of Microbiology, Bihar Animal Sciences University, Patna was the resource person for the webinar, Students from B.Sc. Life Science LFDG attending session

Attended Faculty Development program workshop by Loyola Academy

Dr. Gomathi. K & Dr. Usha Rani, Assistant Professor, Faculty of Zoology & Microbiology attended Faculty Development Program workshop on Advanced Techniques in Molecular Biology & Biotechnology” on 29th November to 03 December 2024 organized by Dept. of Biotechnology, Loyola Academy, Hyderabad. The keynote address was given By Dr. Krishna, Head of Marketing, GeNei Laboratories. Hands-on training sessions and practical modules on RT- PCR, Detection of Genetically modified organisms by PCR, Animal Cell culture, RFLP, Plant Genome Extraction & Gel Electrophoresis were organized by GeNei Laboratories, Hi Media & Loyola Academy. Overall, the hands-on training and practical modules highlighted the recent advances and technical skill in Molecular Biology. FDP Workshop was a unique platform for academicians to discuss and enhance their teaching skills in the field of advanced Biology.

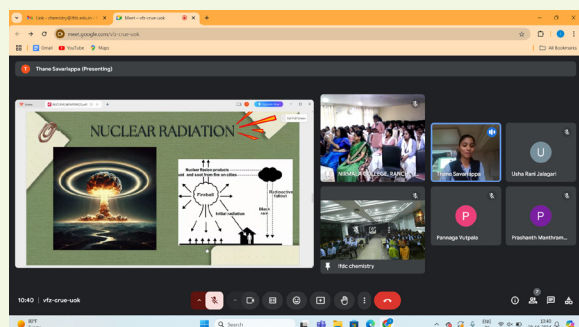

Faculty attending FDP workshop at Loyola Academy

Faculty of Chemistry

MoU Activity: Multi-Disciplinary Seminar PPT Presentation

On 28th of October, 2024, students from the department of life science & arts, LFDC, and Nirmala college, presented a PowerPoint (PPT) on the” Role of chemical weapons in contemporary geopolitics.” The student presentation on the role of chemical weapons in contemporary geopolitics was both informative and engaging. It effectively connected historical perspectives with current issues, underscoring the importance of international cooperation in addressing the challenges posed by chemical weapons. This session not only enriched participants’ understanding of the topic but also highlighted the ongoing relevance of chemical weapons in global security discussion.

Students actively participating and giving PPT Presentations on the topic

Faculty of Botany

Guest Lecture on Algal Research

The faculty of botany organized GUEST LECTURE on ALGAL research for biodiversity and conservation for BSc Botany students. The Lecture was given by Dr. Nivedita Sahu. The lecture focused on wide use of Algae for research and commercial purpose. The lecture also highlighted the cultivation techniques and bioactive compound extractions from algae. The students gained knowledge from the session.

Session on algae with presentation by resource person and active interaction by students

Faculty of Microbiology

National Conference for Undergraduate Research in Biosciences

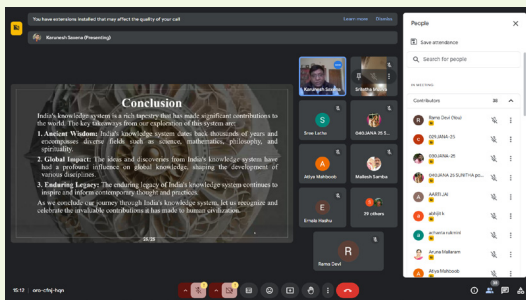

Faculty of Microbiology, Department of Life Sciences attended and presented poster in National Conference for Undergraduate Research in Biosciences (NCURB), IISER Tirupati on 16th and 17th December 2024. Total sixteen students took part in the event and four students presented poster. Students gained insights including networking with experts, enhancing skills like public speaking and communication, expanding knowledge, and gaining visibility in their field, ultimately boosting career prospects.

Faculty of Chemistry

Attended UGC MMTC Short Term Course

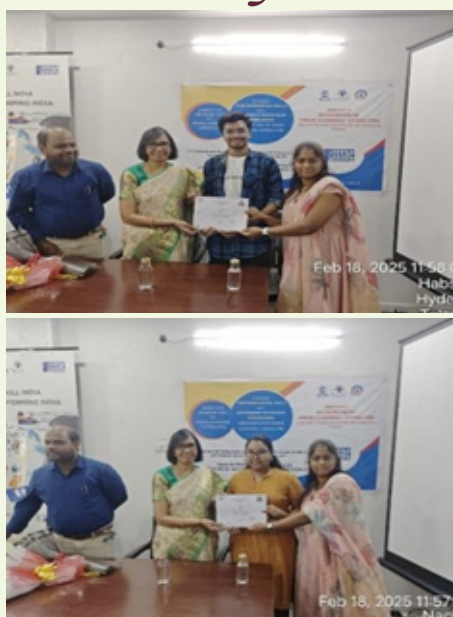

Osmania University, Hyderabad has organised an Online Short-term Course on Stress Management & Mental Wellbeing. Ms. M. Ramadevi, Faculty in Chemistry, LFDC has attended this program from 16th December 2024 to 21st December 2024 for 6days. This course prepared faculty to deal with challenges more effectively, resulting in a healthier and more positive work environment. The insights gained will help improve mental resilience, productivity, and a balanced approach to daily tasks. Participants valued the enriching experience and are eager to implement these strategies in their personal and professional lives.

Highlights of the session attended by the faculty of chemistry

Faculty of Biotechnology

LSSSDC Certificate Course

Students participating in the course and receiving certificate

Faculty of Zoology

(LSSSDC) Life Sciences Sector Skill Development Council Certificate Course for Upskilling

The Faculty of Zoology organized a certificate course for MZC I, III & BZC III-year students in collaboration with Manna Biotech, Nacharam from 18th February to 22th February 2025. It is a Life sciences Sector Development Council certificate course for upskilling under NCVET. The course provided students an opportunity to learn clinical data validation and quality control which explores the key components of data standardization, clinical trials, consistency and completeness.

BZC, MZC Students with the LSSSDC Upskilling team session on quality control

Attended World wetland day celebration at Zoological Survey of India

Faculty of Zoology and students of BZC & MZC participated in World Wetland Day at Zoological Survey of India- Freshwater Biology Regional Centre, Hyderabad-Ministry of Environment, forest & Climate Change, Govt. of India on 3rd February 2025. World wetland day is celebrated to spread awareness about the importance of wetlands for humanity and the whole planet with the theme “**Protecting Wetlands for our Common Future**”. The event highlighted the critical role of wetlands in environmental conservation, biodiversity, and sustainable livelihoods. Students from different colleges participated in the elocution, drawing and quiz competitions on the theme “**Conserving wetlands for a sustainable future**”. The program gave a deep insight about the need for collaboration and foresight as it calls for valuing and protecting the ecosystem. Through live wetland habitat videos and competitions students learnt about what makes each species unique and how they play a key role in keeping our ecosystems healthy. Students of Little Flower Degree College bagged prizes: Rishika 1st prize & Gnana Priyanka, 3rd prize in drawing, Rafeeq Hussain bagged 2nd prize in quiz, Keerthi 3rd prize in Elocution competition.

Students participating in World wetland day competitions at ZSI

Rafeeq Hussain bagged 2nd prize in quiz competition at ZSI, India

Intercollegiate Competitions

Bio Whisper Challenge

The Department of Life Sciences organized an event called Bio Whisper Challenge as part of Intercollegiate competitions on 04.02.25. There were 23 teams of 3 members each and played three rounds of challenge. Round 1 is Bio Charades acting out Biology, round 2 is Bio draw visualizing Biology and round 3 as Bio whisper relay where they cracked the clue given to them by lip reading the whisper. The students took up the challenge to crack the clues given to their teams to go to the level for selection. Seven teams played the final round and three teams were selected as winners. The main aim of the event was to bring an understanding, coordination and teamwork among them. The participants incorporated their innovative expressions and creativity in cracking the clues. The event highlighted the innovational creativity and engagement of students in addressing contemporary issues in a fun, engaging manner.

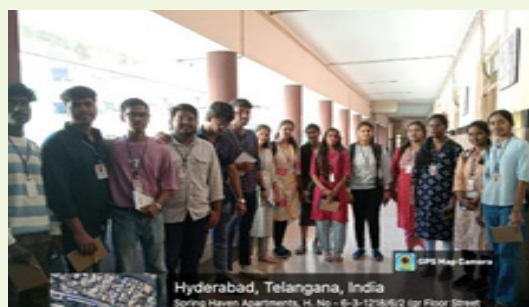

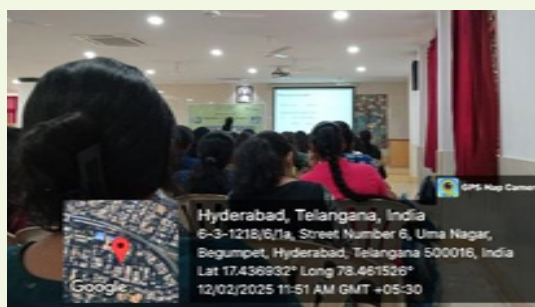

Students participating in Bio draw visualizing Biology round 1

Students participating in Bio whisper relay

Attended Seminar on Synergizing Biotechnology with Computational and Statistical Biology for Exploratory Research

The Faculty of Biotechnology at sent BTMC second year students to attend the national Seminar on Bioinformatics and Biostatistics at St. Francis College, Begumpet on 12th February 2025 to enhance their knowledge. The seminar was inaugurated by Dr. Gaurav Sharma, assistant Professor from IIT Hyderabad. The participants were given certificates at the end of this internship. The seminar provided insights into cutting edge research tools and techniques which are revolutionizing advance research.

II BTMC Students attending the Seminar at St. Francis

Department of Life Sciences

Career counselling for Intermediate students

The department of Life sciences had organized a career counselling program for Intermediate Science students of Little Flower Junior College on 17th February 2025. Students of Life Sciences presented a short video on the activities and achievements of the department, they also gave a PowerPoint presentation on the career prospects, higher education and areas of research activities in the field of Life Sciences. They elaborated about the future prospects as a researcher, academician, industrialist, diagnostics, Biologist, conservationist. The students interacted with the intermediate students about the laurels and alumni of the department.

short video presentation on career prospects

MoU Activity – Research Projects in Biotechnology

The Faculty of Biotechnology at in collaboration with Manna Biotech, Nacharam organized an MoU Activity of research projects for students. The Projects were carried out for a period of 3 months from January 2nd to March 31st 2025. Students of III BTMC & II BTMC took part in the Program and carried out research projects under the guidance of Dr. Chatyusha. The students had an industrial exposure as well as learnt the different techniques enhancing their technical skills.

Food Safety and Quality Assessment training at CSIR - NCL

Mr. Rudra Rai from MZC II and Shreya Joshi from MZC III attended Food Safety and Quality Assessment training at CSIR-NCL from 3rd to 14th February 2025. The skill development course provided an extensive hands-on experience in microbial analysis, molecular biology techniques, and advanced analytical methods for assessing food quality. The course was meticulously structured, combining practical laboratory work with expert-led lectures to ensure a deep understanding of food safety protocols, microbial identification, and analytical chemistry. This training equipped participants with skills essential for research and industrial applications in food quality assurance.

5-Day Online Workshop on Data Analysis

Faculty Attended

Ms Amena Khatoon from the Department of Commerce, LFDC attended a 5 Days Online workshop on “Data Analysis” organised by “The Education Research & Development Association (ERDA)” from 12th June 2024 to 16th June 2024. The resource person was Dr. R. K. Mishra, Associate Professor at CHRIST (Deemed to be University), Delhi NCR Campus. The first session focused on the fundamentals of data analysis, emphasizing its importance across various industries. The participants were introduced to the essential tools and software used in data analysis, including Excel and SPSS.

Ms. Amena Khatoon attended 5 Days workshop on Data Analysis organised by ERDA

Organized by UGC – MMTTC Osmania University, Hyderabad

Faculty Attended

Ms. K. Bharathi (Dept. of Commerce), LFDC, participated in the UGC–Malaviya Mission Teacher Training Centre’s Faculty Induction Programme held from 1st July 2024 to 31st July 2024. The program focused on enhancing teaching skills, ethics, research practices, and academic leadership. Key topics included AI Tools, Indian Knowledge system, Counselling, and innovation. Visits to T-Hub and T-Works enriched participants’ understanding of the Innovation.

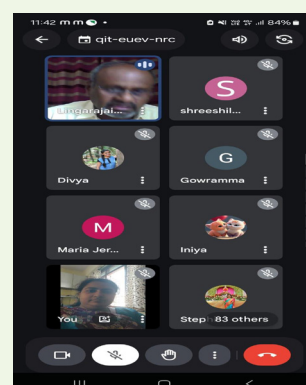

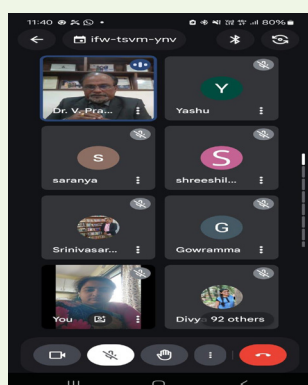

Prof. Smitha, C. Pawar distributing certificates at valedictory session Brigadier Ganesham, Educated on Rural Entrepreneurship

National Webinar on Critical Thinking in Research Methodology

Faculty Attended

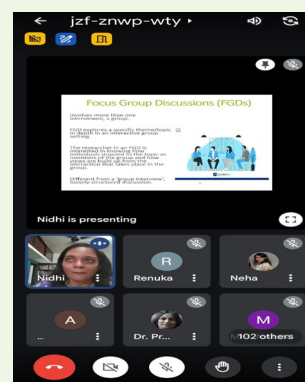

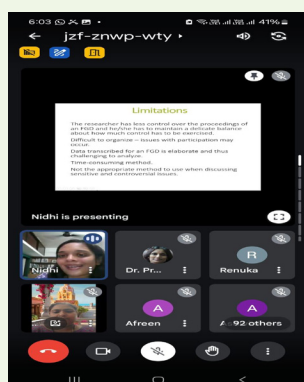

Ms. Amena Khatoon, Faculty, Department of Commerce, attended a one-day Online National Webinar on “Critical Thinking in Research Methodology” on 5th July 2024, organized by IQAC, SVR Government Degree College, Andhra Pradesh. Prof. Felix Bast from the Central University of Punjab highlighted the importance of logical reasoning, analytical skills, and research integrity. The session offered practical strategies to identify biases and structure research effectively. An interactive Q&A enhanced participants’ understanding of critical thinking in research.

Ms. Amena Khatoon, faculty, Department of Commerce, attended a one-day Online National Webinar on Critical Thinking in Research Methodology, organized by IQAC, SVR Government Degree College, Nidadavole, East Godavari, Andhra Pradesh on 05th July 2024

One-week online National level FDP on “Understanding the Basics of Qualitative Research in social sciences”

Ms. Amena Khatoon, Faculty, Department of Commerce, participated in a one-week National Level FDP on “Understanding the Basics of Qualitative Research in Social Sciences” from 15th - 21st July 2024 organised by Gokul Global University, Siddhpur, Gujrat. The sessions were conducted online via G-Meet daily from 6:00 PM to 7:00 PM. The FDP focused on the fundamentals of qualitative research, including data collection methods, analysis techniques, and research ethics.

Ms. Amena Khatoon attended 1-week online National level FDP on “understanding the Basics of Qualitative Research in social sciences”

Start Up Safari

The Department of Commerce, LFDC, conducted “Start-Up Safar: Success Stories of Entrepreneurs” competition on 31st July 2024. Thirty-four B. Com students participated in 8 teams, presenting inspiring entrepreneurial success stories. The event aimed to foster creativity, critical thinking, and an entrepreneurial mindset among students. Participants analysed key decisions and challenges faced by successful entrepreneurs. The competition encouraged peer learning and collaboration among students from different years. Ms. Anthony Amma, Head of the Department of Management, LFDC, judged the event. The initiative successfully motivated students to explore entrepreneurship as a career.

World Commerce Day - One Week Celebrations 2024

The Department of Commerce Conducted week long Competitions on the occasion of “World Commerce Day 2024 -25” from 5th to 10th August 2024 at LFDC. The event aimed to motivate students to become entrepreneurs and develop necessary business skills. It included various competitions, such as PowerPoint Presentations on CSR Case Studies, Poster Designing on E-Commerce, Brand Rangoli, a Business Quiz, a Debate on NEP-2020, and an AD-making contest. Students from LFDC and other colleges across the twin cities actively participated in the event.

Inauguration of World Commerce week celebration-2024 by Insurance Skit

Day 1: "Presentation on Innovative CSR; Case Studies of Leading Organisations"

Day-2: Poster Presentation On "The Changing Landscape of E-Commerce"

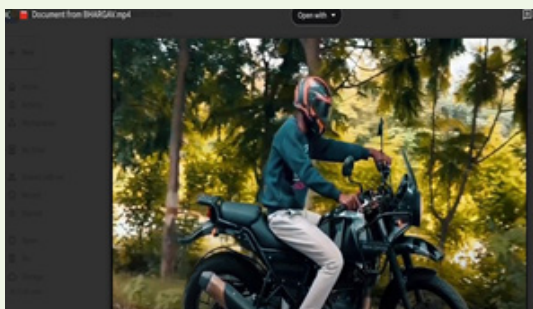

Day-3: Brand Rangoli

Day-4: Business Quiz

Day-5: Debate on NEP-2020

Day-6: Make Your Ad

Prajantra - National Youth Festival - 2024

Students Attended

Students of II-year B. Com actively participated in the “Prajantra” National Youth Festival 2024. The qualifying rounds were held from 30th August to 1st September. They competed in Mayor’s Speech, Quiz, and Digital Poster Making events. Their impressive performance helped them reach the semi-final stage. The Semi-finals took place on the 14th and 15th of September. Both students demonstrated enthusiasm, creativity, and confidence.

“THE BIG PITCH OFF”

On 5th August 2024, Sanjana Gupta, S. Ramya Sri, and M. Meghana from II B.Com Computer Applications, took part in the Commecium Fest at St. Joseph’s Degree College to present their business, “SKY.” They introduced their floral and event management services, explaining what makes them special, their marketing plans, and how they set their prices. They also showcased examples of their floral designs and event setups. The audience was enthralled, and the team answered questions, receiving positive feedback. Overall, their participation highlighted their creativity and business skills.

*Students of Little Flower Degree College Participating in the “Commecium Fest” organised by St. Joseph’s Degree College

FDP on Emerging Professional Courses

Ms. Amena Khatoon, Faculty, Department of Commerce, attended a Faculty Development Program organized by the Department of Commerce, Osmania University in collaboration with HOCK International on 23rd September 2024 at Osmania University Auditorium. The session, led by Mr. Brian Hock, President of HOCK International, focused on the value of professional certifications like CMA, CIA, and CRMA in enhancing teaching and student career prospects.

Keynote Speaker Mr. Brain Hock explaining about collaborations

Ms. Amena Khatoon attending FDP on Emerging Professional Courses, organised by Department of Commerce, Osmania University in Collaboration with HOCK International

Intra Collegiate Competition 2024-25

Commerce Crossword Puzzle

The Intra-Collegiate Commerce Crossword Puzzle Competition was held on 30th September 2024 at LFDC, with 93 students participating. The competition aimed to enhance students' commerce knowledge, develop critical thinking, and foster healthy competition. Participants were challenged to solve a crossword puzzle that tested their understanding of key commerce concepts and terminology.

Students of LFDC Participating in the "Commerce Crossword Puzzle"- An Intra Collegiate Competition 2024 -25

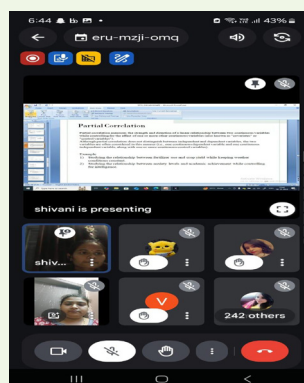

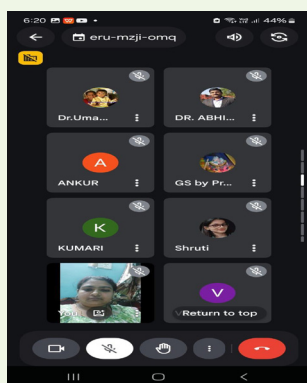

Primicerious Event - Business Quiz

Students Attended

Students of II B. Com CA year participated in "Primicerius," an inter-collegiate competition organized by Bhavan's Vivekananda College, Sainikpuri, Hyderabad. The event was held on the 6th and 7th of December, 2024. Our students took part in the Business Quiz competition. They competed with participants from various reputed institutions. The quiz tested their knowledge in business, current affairs, and logical reasoning. Participation certificates were awarded to appreciate their efforts.

7-Days Online Lecture Series Cum Workshop on Working with SPSS

Ms. Amena Khatoon participated in a 7-day online workshop titled "Working with SPSS" organized by the Department of Education, Dr. Hari Singh Gour University, Sagar (M.P.) from 7th to 13th December 2024 via Google Meet. Sessions were held daily from 6:00 PM to 7:30 PM and focused on SPSS fundamentals and practical data analysis. The workshop provided hands-on training in performing statistical tests and interpreting research data.

Ms. Amena Khattoon Attended Online Lecture cum Workshop on SPSS from 07/12/2024 to 13/12/2024

One-Week Online Faculty Development Program on “AI Tools In Action: Research Writing & Real-World Solutions Through Hands-On Learning”

Ms. R. Anupreeti from the Department of Commerce participated in a one-week online faculty development program on “AI Tools in Action” organized by KG College of Engineering from 16th to 21st December 2024. The program focused on enhancing research writing and data analysis through AI tools like SciSpace, Research Rabbit, Tableau, and Hugging Face. Sessions were conducted by experts from reputed institutions, providing hands-on training in citation management and manuscript improvement. The FDP empowered participants to integrate AI tools into academic research and teaching.

Industrial Visit to Dolphin Foods Pvt. Ltd

On 18th January 2025, 85 B. Com final year students visited Dolphin Foods Pvt. Ltd. in Brahmanapally, Hyderabad, to gain practical exposure to food manufacturing processes. The visit focused on understanding production techniques and cost-related concepts in a large-scale confectionery unit. Faculty coordinators Ms. V. Vanitha and Ms. Amena Khatoon led the students through various operational sections. Students gained valuable insights into the manufacturing process, enhancing both theoretical knowledge and industry understanding.

Students of B.com Final year visited Dolphin foods Pvt. Ltd. Brahmanapally, Hyderabad.

Field Visit to Deevyashakti India Pvt. Ltd., Kondurg, Shadnagar

On 25th January 2025, 87 II Year B. Com Computer Application and Honors students visited Deevyashakti Pvt Ltd, a paper mill in Kondurg Village, Shadnagar. The visit, guided by faculty members Ms. Pranitha and Ms. Chamundeshwari, provided practical exposure to the paper recycling process, from collection to final packaging. Students gained insights into sustainable practices and the environmental benefits of recycling. A Session with the Vice President of Operations and Head of HR further deepened their understanding of industry operations.

Students of II B.com CA & Hons. visited Deevyashakti paper mill on 25/01/2025

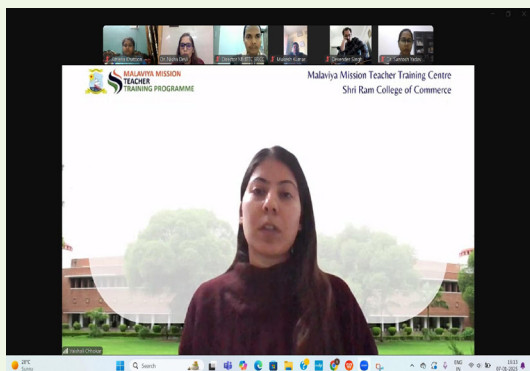

Students observing the production processing unit at Deevyashakti paper mill

Online Session: Empowering Educators with AI Tools

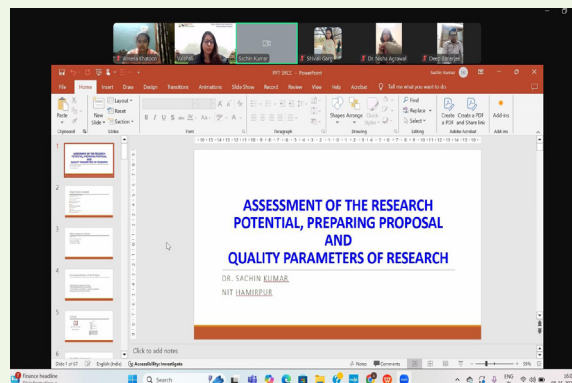

Ms. V. Vanitha, attended an insightful online session organised by Mind Spark Learning Hub titled “Empowering Educators with AI Tools” on 30th January 2025. The session aimed to introduce educators to AI-driven tools that enhance teaching and learning experiences. Key highlights included a presentation on various AI tools, a live demonstration showcasing their practical applications, and an interactive Q&A session addressing concerns on AI ethics and implementation. Participants appreciated the session’s informative nature and expressed interest in further workshops. The event successfully provided educators with valuable knowledge on AI integration in education, paving the way for future training and discussions.

19th NEP Orientation & Sensitization Program Organized by MMTTC-SRCC

Five faculty members from the Department of Commerce—Ms. K. Pranitha, Ms. V. Pannaga, Ms. Amena Khatoon, Ms. K. Shilpa, and Ms. B. Chamundeshwari—participated in the 19th NEP Orientation & Sensitization Programme organized by Malviya Mission Teacher Training Centre, Shri Ram College of Commerce (University of Delhi), from 7th to 16th January 2025 via Zoom. The sessions covered key areas of NEP 2020, including academic leadership, research, ICT, Indian knowledge systems, skill development, inclusivity, and holistic education. The participants gained valuable insights into implementing NEP reforms effectively. The program enhanced their understanding of policy frameworks, interdisciplinary teaching, and inclusive education practices.

19th NEP orientation & sensitization program organised by MMTTC SRCC-online session

NEP Resource person sharing presentation on Assessment of research potential, proposal and quality parameters of research

NEP Orientation & Sensitization Program Organized by Mahatma Hansraj College, Delhi (MH-MMTTC)

Ms. R. Anupreeti from the Department of Commerce attended the Online NEP Orientation and Sensitisation Programme organized by the Malaviya Mission Teacher Training Programme (MMTTP). The sessions, held from January 18 to 28, 2025, covered key NEP themes including Indian Knowledge System, Academic Leadership, Higher Education and Society, Skill Development, ICT in Academia, Student Diversity, Research & Development, and Holistic and Multidisciplinary Education. Expert speakers from leading institutions like TISS, Hansraj College, and FMS Delhi led the sessions. The program enhanced faculty awareness and readiness for NEP 2020 implementation.

Inter-Collegiate Competition-Commerce-Sketch it

The Department of Commerce at Little Flower Degree College (LFDC) hosted an engaging Inter-Collegiate Competition – “Commerce Sketch It” a Pictionary on the 4th of February 2025. The competition centered around the visual representation of business concepts and brought together students to participate in an innovative format combining artistic expression with commercial knowledge.

Vanisha from II-B.Com Hons participating in Commerce Sketch It

Sathwik from II B.Com Hons. participating in Commerce Sketch it

Faculty Development Program (FDP) on IFRS

Ms. V. Vanitha from the Department of Commerce, Little Flower Degree College attended a one-day Faculty Development Program (FDP) on IFRS at Osmania University on 13th February 2025, organized in collaboration with ACCA. The event featured keynote sessions by Mr. Prabanshu Mittal and Ms. Althea from ACCA, emphasizing the relevance of IFRS. Technical sessions by Mr. Sanjeev Kumar Singh focused on IFRS fundamentals and advanced topics like financial instruments. The program concluded with a valedictory session and certificate distribution. The FDP effectively enhanced faculty awareness of global financial reporting standards.

Ms. V. Vanitha attended 1 Day FDP on IFRS at Osmania University

Financial Awareness Week 2024-25

The Department of Commerce, LFDC, in collaboration with RBI-Hyderabad, organized Financial Awareness Week from 20th to 28th February 2025.

20/02/2025 – 25/02/2025: B. Com students visited various schools in Hyderabad from 1:00 PM to 3:00 PM to teach basic banking concepts to school children.

27/02/2025: A village outreach program was held at Konampeta & Chintal Cheruvu (Sangareddy Dist.) from 8:00 AM to 4:00 PM. RBI personnel conducted a session on cyber frauds and safe digital banking.

'Literary Trivia – Test your knowledge-where every fact is a plot twist'

On 12th November 2024, the Faculty of Modern Languages organized an event in the D02 Classroom, where first-, second-, and third-year BA students participated enthusiastically. The students were divided into three teams, each competing against the others. The trivia began with a lively round of Dumb Charades, which explored fascinating and lesser-known facts about the world of literature. This was followed by rounds of Pictionary and a Rapid-Fire quiz, each increasing in intensity with more challenging questions. The event covered a wide range of intriguing topics, from curious facts about authors, books, and genres, to famous quotes and literary adaptations. The trivia provided an exciting glimpse into the richness and diversity of the literary world, revealing both amusing concepts and deeper historical insights, and allowing students to discover hidden gems in literature.

FACULTY OF ENGLISH

Interactive PowerPoint Presentation - The Evolution of the English Language (The Anglo-Saxon Age to the Postmodern Age)

The Department of English and Modern Languages conducted an interactive PowerPoint presentation session for the first-year students on 18th November 2024, from 10:40 AM to 12:00 PM, in Room D02. The session aimed to introduce students to the evolution of the English language from the Anglo-Saxon Age to the Postmodern Age through an experiential learning approach. Students were divided into smaller groups, with each group assigned a specific literary age to research and present. This activity fostered collaboration and encouraged students to delve into the linguistic, cultural, and historical aspects of their respective periods. Presentations were made to their classmates, which not only enhanced knowledge but also built their communication and presentation skills. The session was interactive, with students actively engaging in discussions and exchanging insights. This initiative successfully combined academic learning with practical skill-building, ensuring a comprehensive understanding of the history of the English language in an engaging and participatory manner.

National Level Faculty Development Program

Ms. A. Lakshmi Andal and **Ms. Rubina** from the faculty of English attended a one-week online National Level Faculty Development Program titled “Understanding SDG 5: Female Narratives in Jaishree Misra’s Texts” organized by Gokul Global University, Siddhpur, Gujarat, in collaboration with Nucleus of Learning and Development. The FDP was conducted from 9th to 15th October 2024 and focused on gender perspectives and Sustainable Development Goal 5 through literary analysis of Jaishree Misra’s works. The program offered insightful discussions on women’s narratives in literature and their relevance to contemporary gender issues.

Intercollegiate Literary Competitions-Add A Caption

As part of the Intercollegiate Literary Competitions held on 4th and 5th February, the Faculty of English organised the Add a Caption competition on 4th February at 11:00 AM in Room D03. The event saw enthusiastic participation from 18 students across various disciplines. In this competition, a thought-provoking image was displayed, and participants were challenged to craft creative and impactful captions. The activity tested their wit, originality, and ability to convey meaning concisely.

Ethnographic Research in Media Studies - Practice Based Approach

Faculty of Sanskrit **Ms. Gayatri** from Department of Arts attended one online National Level Faculty Development Program on ETHNOGRAPHIC RESEARCH IN MEDIA STUDIES: PRACTICE BASED APPROACH organised by Gokul Global University, Siddhpur, Gujarat in collaboration with Nucleus of Learning and Development from 25th to 30th November 2024. The resource person of the FDP Dr. Shamika Dixit (Assistant Professor, Symbiosis Centre for Media and Communication Studies, Ohio, USA) provided a comprehensive introduction to ethnography, emphasizing its focus on understanding cultures, behaviours and practices. It has given an idea how to conduct ethnographic projects visiting local communities or institutions, conducting interviews. Overall, it was an informative and knowledge enhancing session.

Two-Days National Seminar on the Significance of Vaarta in Sanskrit Literature and Its Relevance in Modern Times.

1. Paper by K. Radha: Title: गो वै शिष्ट्यं (The Special Significance of the Cow) K. Radha's paper delved into the cultural and spiritual importance of the cow in Sanskrit literature. She explored various texts that highlight the cow's revered status and its symbolic representation of abundance and prosperity. The paper also discussed how the ancient respect for the cow can inform contemporary discussions on sustainable living and animal welfare.
2. Paper by D. Gayatri Devi: Title: वषियः पशुरक्षणे नैव प्रपञ्चशान्तिः (Topic: Universal Peace through Animal Protection) D. Gayatri Devi presented a thought-provoking paper on the idea that protecting animals, especially cattle, can lead to universal peace. Drawing from ancient Sanskrit scriptures, she argued that humane treatment of animals and ecological balance are essential for achieving global harmony. Her presentation highlighted the relevance of these ancient principles in addressing modern environmental and ethical challenges.

Gita Jayanti Celebration

The Gita Jayanti celebration at Sanskrit Academy, Osmania University, was a remarkable event held on the 11th of December, 2024. The celebration began with an inaugural address by the head of the Sanskrit Academy, Mr. Penna Madhusudan highlighting the significance of Gita Jayanti and the timeless wisdom encapsulated in the Bhagavad Gita. The highlight of the event was the recitation of the 700 slokas of the Bhagavad Gita by the participants and the students of Little Flower Degree College. Their flawless recitation and profound understanding of the verses were a testament to their hard work and dedication. The audience, comprising faculty, students, and other guests, was deeply moved by the devotion and discipline exhibited by the students. The event concluded with a vote of thanks, where the organizers expressed their gratitude to all participants and attendees for making the Gita Jayanti celebration a grand success.

Empowering Teachers through FDP

Sevak Ram Sahu College, Bilaspur organized an FDP on “Empowering Teachers through Curriculum Design and Skill Development.” Experts shared innovative teaching methods and digital tools. Sanskrit faculty **Ms. Radha Anila** and **Ms. Gayatri** gained insights into modern, student-centered practices. The program encouraged collaboration and continuous learning.

One Week National FDP on AI Tools

The Department of Computer Science, in collaboration with IQAC, Nishitha Degree College, Nizamabad, organized a National Level FDP on AI Tools from 17th–21st February 2025. Conducted online, the sessions focused on AI integration in teaching and research, with support from AIFER, Anuvadini, Brainovision, and NEAT-AICTE. **Ms. K. Radha**, Sanskrit Faculty at Little Flower Degree College, Uppal, actively participated and successfully completed the FDP. The program received excellent feedback and marked a significant step toward empowering educators with AI skills.

Celebration Of Premchand Jayanthi

The Premchand Jayanti program at Little Flower Degree College, Uppal, held on July 31, 2024, celebrated the legacy of Munshi Premchand. Organized by the Department of Arts, (Faculty of Hindi) the event included a prayer, a presentation on Premchand's life, and readings of his famous stories such as Poos ki Raat, Budhi Kaki, and Thakur Ka Kuan. A video about his life was also shown. The highlight was a play based on Sadgati, which was highly appreciated by the audience. Rev. Bro. John Kallarackal. Director Shaw delivered insightful speeches, emphasizing the importance of preserving literary heritage. The program provided students with an opportunity to improve their presentation skills while fostering a deeper appreciation for Premchand's works.

Attended Short-Term Online Course on ICT Tools

Ms. Sheela Balaji, Hindi faculty at Little Flower Degree College, Uppal, attended a short-term online course on ICT tools from 24th to 30th September 2024. The course, organized by the UGC-Malaviya Mission Teacher Training Centre and Osmania University, aimed to enhance educators' digital skills. Sessions covered a range of topics, including interactive and personalized learning, digital tool for teaching, Google Classroom, Moodle, online collaboration, research writing tools, and AI-enhanced presentations. Key speakers included experts from institutions such as NIEPA, NITTTR, and Tezpur University. The final day focused on online participation, assessments, and assignment evaluation. The course concluded with an online test and a valedictory session. Participants, including Ms. Sheela, received completion certificates, marking the successful empowerment of educators with essential digital teaching tools.

FDP on Ethnographic Research in Media Studies: Practice Based Approach

Faculty of Hindi **Ms. Sheela Balaji** from Department of Arts attended one online National Level Faculty Development Program on ETHNOGRAPHIC RESEARCH IN MEDIA STUDIES: PRACTICE BASED APPROACH organised by Gokul Global University, Siddhpur, Gujarat in collaboration with Nucleus of Learning and Development from 25th to 30th November 2024. The resource person of the FDP Dr. Shamika Dixit (Assistant Professor, Symbiosis Centre for Media and Communication Studies, Ohio, USA) provided a comprehensive introduction to ethnography, emphasizing its focus on understanding cultures, behaviours and practices. It has given an idea how to conduct ethnographic projects visiting local communities or institutions, conducting interviews. Overall, it was an informative and knowledge enhancing session.

Celebration of Chhatrapati Shivaji Jayanthi

On February 19th, 2025, The Little Flower Degree College in Uppal, Hyderabad, celebrated Shivaji Jayanti, organized by the Hindi Faculty and students. The event attracted a large audience, eager to pay tribute to the legendary Maratha king, Chhatrapati Shivaji Maharaj. The celebration began with a prayer song, followed by captivating performances, including an admirable speech on Shivaji Maharaj's life, a wonderful poem highlighting his glory and valour and a dynamic dance depicting Shivaji's life and a dramatic skit that highlighted his exemplary leadership, justice, and respect for women. A gripping scene showcased the encounter between Shivaji and Afzal Khan, drawing the audience into the narrative. The event then ended with a graceful song, prayer and finally, the National Anthem, sealing everybody's admiration and patriotism. The program, reflecting the hard work of the Hindi faculty and students, was both entertaining and educational, enriching attendees' understanding of Shivaji Maharaj's contributions to Indian history. The event fostered cultural pride and unity within the college community, demonstrating the power of language and culture to inspire generations.

Telugu Bhasha Dinotsavam

The Faculty of Telugu, Arts Department of Little Flower Degree College celebrated Telugu Bhasha Dinotsavam on 29th August 2024 to acknowledge the importance of the Telugu language, one of the country's oldest and most vibrant languages with great enthusiasm. The event was a vibrant celebration of Telugu culture and language. It began with a lively welcome dance that beautifully showcased the rich cultural heritage of Telugu. The atmosphere was filled with the melodious tunes of Telugu songs, sung by talented students, adding to the festive spirit of the event. The highlight of the day was a captivating guest lecture by the renowned poet, Yakoob, on the beauty and significance of the Telugu language, leaving a lasting impression on everyone while a speech by the Director- Rev. Bro. John kept the audience interested throughout the event. The celebration concluded with a heartfelt vote of thanks, expressing sincere appreciation to all the participants and organizers for their valuable contributions to the event's success.

The Diya lighting ceremony was done by The Chief Guest-Poet Yakoob, the Director- Rev. Bro. John, the Faculty Incharges- Ms. Neelima and Ms. Radha, and a student.

Telangana Bhasha Dinotsavam

Little Flower Degree College commemorated Telangana Bhasha Dinotsavam on September 30, 2024, with a heartfelt celebration. The event commenced with a prayer song, followed by the lighting of the lamp by the Principal, Ms. Jayanthi Reddy, Faculty, Ms. Neelima, and student representatives. A captivating speech highlighted the significance of the occasion, paying tribute to Kaloji Narayana Rao and the unique characteristics of the Telugu language. A PowerPoint presentation delved into Kaloji's life and his profound impact on Telangana society. The eloquence of Telugu was showcased through insightful speeches that inspired students to appreciate the language's rich heritage and cultural significance. A documentary on Kaloji's life further enriched the understanding of his contributions. The event concluded with a vote of thanks and the national anthem, leaving a lasting impression on the attendees. The celebration served as a powerful reminder of the beauty, depth, and enduring relevance of the Telugu language.

Short Term Course on ICT tools

Ms. Neelima, Telugu Faculty at Little Flower Degree College, Uppal, successfully completed a one-week online short-term course on ICT Tools, held from 24th to 30th September 2024. The program was conducted by the UGC–Malaviya Mission Teacher Training Centre and the Department of Mechanical Engineering, University College of Engineering, Osmania University. The course aimed to equip educators with digital competencies for enhanced teaching and learning. Sessions included topics such as personalized learning tools, digital media in education, Moodle, Google Classroom, blogging, AI in presentations, online collaborative tools, cybersecurity, LaTeX, and assessment tools. Eminent professors from institutions like NIEPA, NITTTR, Osmania University, and JNU led the sessions. An online test and assignments marked the course's conclusion, and Ms. Neelima was awarded a certificate of completion. The course significantly enhanced her digital teaching skills, fostering an engaging and inclusive learning environment.

FDP On AI tools

Ms. Neelima Telugu Faculty at Little Flower Degree College, Uppal, actively participated in the One Week National Level Faculty Development Program (FDP) on AI Tools, held from 17th to 21st February 2025. Organized by the Department of Computer Science in collaboration with the IQAC of Nishitha Degree College, Nizamabad, the FDP aimed to empower educators with practical knowledge of AI applications in teaching and research. Conducted online via Zoom and YouTube, the sessions featured hands-on training in AI integration for education, supported by organizations like AIFER Community, Anuvadini, Brainovision, and NEAT-AICTE. The program was well-received for its accessibility, offered at a nominal fee of 1/-. Ms. Neelima's enthusiastic participation and interest in leveraging AI for enhancing language teaching showcased her commitment to continuous professional growth. She completed the FDP with distinction, earning appreciation for her dedication to innovation in education.

TELUGU Seminar

A National Seminar on “Language Teaching – Integrating Technology, Traditions, Customs & Values” was organized by Vignana Jyothi Institute of Arts and Sciences, West Maredpelly, Secunderabad, on 28th February 2025 at 10:00 A.M. The seminar aimed to bridge the gap between traditional language teaching methods and modern technological advancements. Scholars from various institutions actively participated and presented their research on themes related to English, Telugu, Hindi, and Sanskrit. The event covered a wide range of sub-themes including blended learning, task-based teaching, integration of technology, value-based curriculum, and the importance of language in preserving cultural heritage. The seminar provided an excellent platform for educators and scholars to exchange ideas and explore innovations in language education. Among the many inspiring presentations, Ms. Neelima, Telugu Faculty at Little Flower Degree College, Uppal, made a remarkable contribution with her paper titled “Telugu Sahityam – Desha Bhakti” (Telugu Literature – Patriotism). Her insightful presentation highlighted the role of Telugu literature in instilling patriotic values and was well-received by the audience. The seminar was an enriching academic experience, commendably organized, and provided valuable perspectives on language teaching in today’s evolving educational landscape.

Felicitations to the Chief Guest

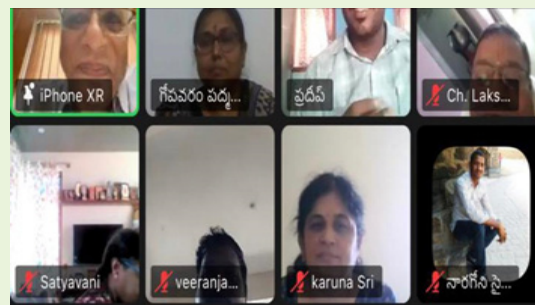

Judges and Audience at the Seminar

Workshop on Comparative Research Methods

Mrs. Neelima, Assistant Professor at Little Flower Degree College, participated in a two-day national-level online workshop on Comparative Research Methodologies held on April 13th and 14th, 2025. The workshop was jointly organized by the Department of Telugu, P.R.R. & V.S. Government College, Vidavalur, and D.K. Government Women’s College (Autonomous), Nellore. Eminent professors from various universities delivered lectures on topics such as literary processes, grammar, literary criticism, folklore, linguistics, and comparative literature. Professors and research scholars from different colleges also actively participated in the sessions. The workshop greatly enriched my understanding of comparative research approaches and contributed to enhancing my academic perspective.

5.1. National Conference: Indian Ethos in English Writings (IEEW2024)

Ms. Lakshmi Andal, coordinator, faculty of English, presented a research paper titled “Navigating Tradition and Modernity in Indian English Writings through Selected Works” at the Two-day National Conference on Indian Ethos in English Writings (IEEW2024). The conference, organized by the Department of English, School of Languages, Central University of Kashmir, was held in blended mode at the Arts Campus, Ganderbal, J&K, on 24th and 25th October 2024. The paper explored the intersection of tradition and modernity in Indian English literature, contributing valuable insights to the academic discourse.

5.2. National Conference: Indian Ethos in English Writings (IEEW2024)

Ms. Rubina, faculty of English, presented a research paper titled “Exploring Indianness through Code-Switching in the Works of Indian Writers” at the Two-day National Conference on Indian Ethos in English Writings (IEEW2024). The conference, organized by the Department of English, School of Languages, Central University of Kashmir, was held in blended mode at the Arts Campus, Ganderbal, J&K, on 24th and 25th October 2024. The presentation highlighted the role of code-switching in reflecting cultural identity in Indian English literature.

9.1. Breaking the Silence: Menstrual Hygiene and Climate Resilience in Asia-Pacific

Ms. A. Lakshmi Andal, Coordinator and Faculty of English, along with **Ms. Angelina Joy**, a student of II BBA from Little Flower Degree College, Uppal, presented their joint paper titled “Breaking the Silence: Menstrual Hygiene and Climate Resilience in Asia-Pacific” at the International Conference on State of Gender Equity in the Asia-Pacific, organized on 13th-14th February 2025 by the Centre for Research in Social Sciences and Education (CeRSSE), JAIN (Deemed-to-be University), in collaboration with the Australian Consulate-General, Bengaluru. Their paper focused on the critical but often neglected link between menstrual hygiene and climate resilience, especially in the Asia-Pacific region. They highlighted the compounded challenges faced by women and girls during climate crises due to inadequate menstrual hygiene management. The authors called for urgent attention to inclusive policy frameworks, better sanitation infrastructure, and awareness programs to dismantle stigma and strengthen gender-responsive climate adaptation strategies.

9.2. Glass Ceiling in Indian Cinema: Women On-Screen and Off-Screen

Ms. A. Lakshmi Andal, Coordinator and Faculty of English, along with **Ms. V. Sri Vaishnavi**, a student of III BBA from Little Flower Degree College, Uppal, presented their insightful paper titled “Glass Ceiling in Indian Cinema: Women On-Screen and Off-Screen” at the International Conference on State of Gender Equity in the Asia-Pacific, organized on 13th-14th February 2025 by the Centre for Research in Social Sciences and Education (CeRSSE), JAIN (Deemed-to-be University), in collaboration with the Australian Consulate-General, Bengaluru. Their paper critically examined the persistent gender inequities in the Indian film industry. They discussed

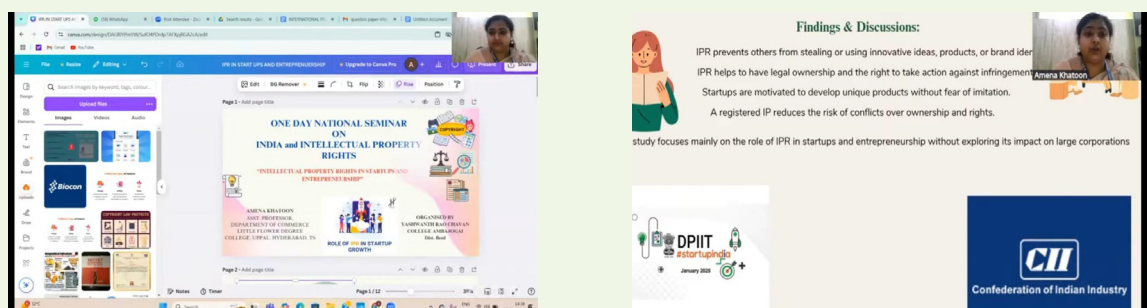

how women continue to face barriers both in cinematic representation and in occupying leadership roles behind the scenes. This analysis shed light on the structural and cultural factors that uphold the 'glass ceiling' in cinema, and they advocated for stronger measures to ensure equitable opportunities and inclusive narratives in this powerful medium of cultural expression.

Education 4.0 in the Fourth Industrial Revolution Era

Mr. Jaya Sheelan P from SR University presented his research paper titled “Education 4.0 in the Fourth Industrial Revolution Era” at the International Conference on Sustainable Materials and Manufacturing for Industry 5.0 (ICSMMI 2025). The event was organised by Malla Reddy Engineering College, Hyderabad on 21st and 22nd February 2025. His paper explored how Education 4.0 aligns with the evolving demands of the Fourth Industrial Revolution, emphasising the integration of advanced technologies, personalized learning, and industry-academia collaboration to prepare future-ready learners

National Seminar -Paper Presentation on India and Intellectual Property Rights

Ms. Amena Khatoon, Assistant Professor from the Department of Commerce, Little Flower Degree College, Uppal- Hyderabad, has presented a research paper titled “Intellectual Property Rights in Start-ups and Entrepreneurship” on 25th February 2025. The insightful presentation earned Ms. Amena Khatoon the “Best PPT Award,” and the paper is published in the International Journal of Advanced and Applied Research, Special Issue on India and Intellectual Property Rights (January-February 2025, Volume 6, Issue 12, ISSN-2347-7075, Impact Factor: 8.141) DOI - I 0.5281 /zenodo. 14904987.

Ms. Amena Khatoon, Assistant Professor, Department of Commerce, Little Flower Degree College, Uppal, Presenting Research Paper on “Intellectual Property Rights in Start-ups and Entrepreneurship” in National Seminar on India and Intellectual Property Rights organised by Yashwantrao Chavan College, Beed, Maharashtra.

11.1. Bridging Chalkboards and Screens: An Integration of Digital and Traditional Pedagogies in NEP 2020 Era

Mr. Jaya Sheelan P and **Ms. A. Lakshmi Andal**, Research Scholars from SR University, presented their joint research paper titled “Bridging Chalkboards and Screens: An Integration of Digital and Traditional Pedagogies in NEP 2020 Era” at the Two-Day International Conference on “Transformations: English Language and Literature in Multidisciplinary Context in the Current Era.” The event was organized by the Department of English, Kakatiya Government College (Autonomous), Hanumakonda, Telangana on 6th and 7th March 2025. Their paper highlighted the blend of digital tools and traditional teaching methods in light of the National Education Policy (NEP) 2020, emphasizing innovative pedagogical strategies to enhance student learning outcomes in the contemporary educational landscape.

11.2. Hybrid Englishes: A Study of Language Contact, Cultural Identity, and Linguistic Shift

Ms. Rubina, Research Scholar from the Department of English, SR University, Warangal, participated and presented her research paper titled “Hybrid Englishes: A Study of Language Contact, Cultural Identity, and Linguistic Shift” at the Two-Day International Conference on “Transformations: English Language and Literature in Multidisciplinary Context in the Current Era.” The conference was organized by the Department of English, Kakatiya Government College (Autonomous), Hanumakonda, Telangana, India, on March 6-7, 2025. The presentation explored the evolving dynamics of English influenced by cultural contact and identity shifts, contributing valuable insights to ongoing discussions on linguistic transformation in contemporary times.

12.1. Bridging Chalkboards and Screens: An Integration of Digital and Traditional Pedagogies in NEP 2020 Era

The research paper titled “Bridging Chalkboards and Screens: An Integration of Digital and Traditional Pedagogies in NEP 2020 Era” authored by **Mr. Jaya Sheelan P, Mr. Dhumal Suraj Nandkumar, and Ms. A. Lakshmi Andal** has been published in LangLit, an international peer-reviewed open-access journal (ISSN 2349-5189, Impact Factor 5.61). This publication highlights the authors’ exploration of blended pedagogical approaches that align with the objectives of the NEP 2020, aiming to effectively integrate traditional teaching methods with digital tools to enhance the learning experience in Indian classrooms.

12.2. Hybrid Englishes: A Study of Language Contact, Cultural Identity, and Linguistic Shift

Ms. Rubina, Research Scholar at SR University and Assistant Professor at Little Flower Degree College, Uppal, Hyderabad, has published her research paper titled “Hybrid Englishes: A Study of Language Contact, Cultural Identity, and Linguistic Shift” in LangLit: An International Peer-Reviewed Open Access Journal (ISSN 2349-5189, Impact Factor 5.61). The paper, co-authored with Dr. Sreekutty T J, explores the influence of cultural contact on the evolution of English, focusing on issues of identity and linguistic transformation. This publication contributes meaningfully to scholarly discussions on hybridization in language and its sociocultural implications.

ANTI-RAGGING CELL*Anti-Ragging*

The students of the college were administered the anti-ragging oath by the Principal, Ms. Jayanthi Reddy. The students took oath to abide by the rules of the college and not to indulge in any unlawful act of ragging. Awareness was imparted on the prohibition of Ragging Act 1997 and also various other regulations. An undertaking was signed by the students that they will not indulge in any ragging activity.

The programs that were conducted by the college to curb the ragging activities were

1.12 & 13.08.2024- Oath taking by the students.

2.14.08.2024- Slogan writing competition in placards & creating awareness on anti-ragging in classes with placards

3.16.08.2024 - Movie screening to promote anti-ragging

4.Submission of Anti-Ragging Undertaking forms

5.17.08.2024 - Essay writing competition on the topic “Impact of Ragging on Students & Society”

6.18.08.2024 - Display of Anti-ragging Posters in the campus

Observation:

No person has complained about any ragging instances in the year 2024-25.

EQUAL OPPORTUNITY CELL

*Ensuring Long Term Empowerment of
Marginalised Sections through Sustainable
Development and Constitutional Policies*

To commemorate the birth anniversaries of Babu Jagjivan Ram, and Dr B R Ambedkar, a webinar on the theme, "Ensuring Long-term Empowerment of Marginalised Sections through Sustainable Development and Constitutional Policies" was organised by Osmania University, Hyderabad, on 11th April 2025. Ms. M. Ramadevi, Faculty of Chemistry, Ms. T. Naga Lakshmi, Faculty of Electronics, Ms. A. Bhavani, Faculty of Computer Science, and Ms. A. Harini, Faculty of French LFDC has attended this program on 11th April 2025. The event saw the enthusiastic participation of over 225 attendees. The webinar featured two distinguished speakers, Dr Sudarshan Pasupuleti, Professor at the University of Texas, US, and Dr Sujata H Narkhede, Assistant Professor at the Central University of Karnataka, Kalaburagi. Dr Pasupuleti emphasised that empowerment is a transformative process leading to significant social, economic, and political change. He stressed the need for awareness, education of rights, recognition of strengths, capacity building, coalition formation, and collective action. Dr. Sujatha spoke mainly on Women Empowerment and the struggles faced by them in the society through many live examples.

Session on Higher Education

A highly informative and motivating session was conducted by Dr. Thangjam, Dr. H.R. Venkatesha, and Dr. Srinivasan on 3rd September 2024 from 9.30 am to 11.00 am at Montfort Hall, LFDC. The focus of the session was on opportunities and challenges in higher education in Management. The speakers shared valuable insights on career paths in MBA, PGDM, and doctoral programs, highlighting roles in leadership, consulting, entrepreneurship, and academia. Emphasis was placed on the global scope of Management education and the importance of internships and networking. The session proved immensely beneficial for students aspiring to build careers in Management.

Session on Design Thinking

An engaging and insightful session on Design Thinking was conducted on 17th October 2024 in Montfort Hall, LFDC by Mr. Satyanarayana Duvvuri, emphasizing its human-centric approach to problem-solving. He introduced participants to the five key stages—Empathize, Define, Ideate, Prototype, and Test—using relatable real-world examples. The session encouraged creative and collaborative thinking while showcasing the growing relevance of Design Thinking across sectors like business, healthcare, and education. The attendees appreciated the interactive format and Mr. Satya Narayana's expert, thought-provoking delivery.

Session on Importance of Management Higher Education

Mr. Suresh Takasi, the Resource Person, ICFAI Business School (IBS) conducted an insightful session on 17th October 2024 in Montfort Hall, LFDC emphasizing the growing importance of management education in today's dynamic global economy. The session highlighted the importance of a management degree in equipping the students with essential skills like critical thinking, leadership, and strategic planning. He also stressed the need for continuously updated curricula to stay aligned with industry demands. The session showcased how institutions like IBS are preparing graduates to excel and innovate across diverse sectors.

International Education Fair

SIEC, a leading global education consultancy, organized an International Education Fair on 30th January 2025 at Avasa Hotel, Madhapur for the students of B. Com and BBA. The session offered a comprehensive platform for students exploring overseas educational opportunities. The event saw enthusiastic participation from students, parents, and educators, connecting them directly with representatives from top universities across the USA, UK, Canada, Australia, New Zealand, and Europe. The attendees received valuable guidance on admissions, visas, and scholarships. The fair successfully facilitated informed decision-making, making the path to global education more accessible for aspiring students.

Session on Career in Business Analytics

A session on Career in Business Analytics was conducted by Dr. Rajkumar from SOIM - B School on 13th February 2025 in Montfort Hall, LFDC for B. Com and BBA students offering valuable insights into the evolving field of data-driven decision-making. Dr. Rajkumar highlighted key industry trends, essential analytical tools, and career opportunities across various sectors. He emphasized the growing demand for skilled professionals who can turn data into actionable strategies. The session was informative and inspiring, particularly for students aspiring to enter the analytics domain.

Session on Career Guidance

A career guidance session was conducted on 28th February 2025 in Montfort Hall, LFDC by Prof. Zarar with the objective of providing students with valuable insights into career planning, understanding diverse professional opportunities, and enhancing decision-making skills. The session was designed to support individuals in making informed and confident career choices. The interactive session was well-received by students, many of whom appreciated the practical advice and personalized approach taken by Prof. Zarar. This initiative reflects a strong commitment to empowering students in shaping their professional journeys with clarity and purpose.

Campus Visit

The Higher Education Cell had planned a visit to Badruka School of Management (BSM) on 1st March 2025. The visit was insightful and enriching, offering a comprehensive view of its academic environment, infrastructure, and faculty interaction. The institution showcased a strong focus on developing industry-ready management professionals. It holds great potential for future academic collaborations, student admissions, and industrial tie-ups. BSM emerges as a promising destination for aspiring Management students.

Session on Higher Education

The Higher Education Cell organised a session on 28th March 2025 in Montfort Hall, LFDC by Mr. Krishna Mohan on the benefits of pursuing masters at SEU Georgian National University. The session focused on academic excellence and international collaboration. He highlighted opportunities for student exchange, research development, and cross-cultural learning. The session was engaging and informative, inspiring students to pursue global academic standards. Attendees appreciated his expertise and motivational approach.

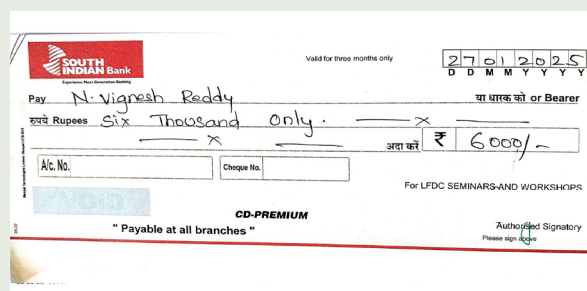

Alumni Internship

The ICT Cell organized a three-month internship program from September to November 2024, providing students and alumni a platform to gain practical experience and showcase their talents. Among the participants was N. Vignesh Reddy, an alumnus from the 2021–2024 batch, who demonstrated exceptional skills and dedication during the program. The internship was hosted by Media Corner, a key unit of the ICT Cell, with a stipend of 6,000 rupees per month. The program was designed to encourage creativity and technical proficiency, allowing interns to engage in meaningful projects that contributed to institutional goals. During the internship, N. Vignesh Reddy displayed remarkable creativity, initiative, and effort in various content creation and video production tasks.

Fundraising Food & Games Stalls

LIFE CLUB of Little Flower Degree College, Uppal, organised a vibrant and engaging event featuring food and games stalls on Saturday, 28th September 2024. The event showcased 12 diverse stalls, offering a mix of culinary delights and entertainment options and to generate funds which can be used to support the needs of LIFE Club and encourage active participation for a meaningful cause. It provides an opportunity to collaborate, utilize skills, and contribute positively to society. Food stalls such as Pani Puri, Chaat Corner, Snacks, Ice Cream, and Goli Soda attracted enthusiastic crowds and Activity stalls like Palm viewing, accessories, and a creatively designed haunted house added to the excitement. Various fun-filled games further contributed to the lively atmosphere. The event fostered a spirit of enjoyment and collaboration among students, making it a memorable experience for all participants.

Ayushman Bharat Registration Drive

On October 28, 2024, a team comprising five students and one faculty member of LIFE Club of Little Flower Degree College conducted an Ayushman Bharat registration drive in Konampet, Sangareddy District, Telangana, India. The primary objective of the drive was to educate and encourage local residents, particularly students, about the significance of enrolling in this government-sponsored healthcare scheme.

INSTITUTIONAL SOCIAL RESPONSIBILITY

Medical Camp: Konampet, Sangareddy District

On February 27, 2025, a medical camp was organized in Konampet, Sangareddy District, Telangana. The initiative was coordinated by Mr. Vijay Reddy and Ms. Pranitha which aimed to provide essential healthcare services to the local community. A team of four general physicians and six staff nurses from Yashoda Hospital, Malakpet, Hyderabad, provided comprehensive medical consultations and basic treatments. The camp was attended by 100 patients, encompassing women and men of all age groups. The medical team addressed various health concerns, including general ailments, blood pressure checks, and basic health education. The camp served as a vital resource for the Konampet community, offering accessible healthcare and promoting health awareness.

Road Safety Awareness Month

A Road Safety Awareness session was conducted for I year students at Room No. I41, LFDC, Uppal, Hyderabad, on 30 January, 2025 by LIFE Club. The objective of the event was to educate students about the importance of road safety. Esteemed guests, Mr. Srinivas, ACP Traffic, and Mrs. Madhavi Latha, CI Traffic, conducted the session. The session focused on the significance of adhering to traffic rules and regulations. Mr. Srinivas and Mrs. Madhavi Latha shared valuable insights into various aspects of road safety, including pedestrian safety, safe driving practices and the importance of wearing helmets and seatbelts. They emphasized the need for responsible road user behaviour and highlighted the consequences of traffic violations. The interactive session allowed students to ask questions regarding road safety. The event proved to be highly informative and contributed significantly to raising awareness about road safety among the students. The college management expressed their gratitude to the guests for their valuable time and insightful session.

NSS

Blood Donation Camp at Osmania University

On 16th April 2024, NSS volunteers from Little Flower Degree College, led by Program Officer Mr. M. Prashanth, actively participated in a blood donation camp organized by the NSS Cell, Osmania University. The event was graced by Prof. Ravindar, Vice-Chancellor of Osmania University, as the Chief Guest, and coordinated by Prof. Saveen Souda, NSS Programme Coordinator, OU, held at Arts College, Osmania University, the camp aimed to promote the spirit of social responsibility through blood donation. Volunteers assisted with registration, guided donors, and spread awareness about the significance of donating blood.

Voter Awareness Program

To strengthen democratic values and empower first-time voters, the NSS Unit of Little Flower Degree College, led by Program Officer Mr. M. Prashanth, conducted a Voter Awareness Program on 2nd May 2024. The initiative aimed to sensitize students about the importance of casting their vote in the upcoming Parliamentary Elections in Medchal–Malkajgiri District. The event featured Ms. Jayanthi Reddy, Principal of LFDC, and officials from the Parliamentary Elections Office, Medchal–Malkajgiri constituency, as special guests, who interacted with students and provided practical insights on voter registration and the electoral process. Through posters, discussions, and an interactive help desk, NSS volunteers actively engaged the college community, emphasizing that each vote is a step toward responsible citizenship and national progress. This program reflected the NSS unit's ongoing commitment to nurturing socially aware and politically responsible youth.

Ms. Jayanthi Reddy, Principal of LFDC, and officials from the Parliamentary Elections Office, Medchal–Malkajgiri constituency, provided practical insights on voter registration and the electoral process.

International Yoga Day

On 21st June 2024, the NSS Unit of Little Flower Degree College organized a Yoga Day session to mark International Yoga Day, promoting holistic well-being among students. The session was led by Ms. Priya Thakur, a certified instructor from Loyola Academy, who guided students through various yoga asanas and breathing techniques. The event highlighted the physical, mental, and academic benefits of yoga, encouraging students to adopt it as a daily practice. The session was concluded with a special moment when Rev. Bro. Arun Prakash, our Correspondent, felicitated the guest instructor with a memento. With enthusiastic participation and a serene atmosphere, the program successfully inspired mindfulness and healthy living across campus.

Road Safety Awareness Program from LFDC to Uppal

On 12th February 2025, 20 NSS volunteers from Little Flower Degree College participated in a rally -Road Safety Awareness Program, organized in collaboration with NYKS Hyderabad. The program began at the college premises and proceeded towards Uppal, aiming to promote road safety and emphasize the importance of following traffic rules to prevent accidents. Participants were provided with T-shirts and caps bearing road safety slogans, symbolizing their commitment to the cause.

Swachh Bharath at LFDC

On 15th February 2025, the NSS unit of Little Flower Degree College, in collaboration with Bisleri, organized a Swachh Bharat Abhiyan (Clean India Mission) to promote cleanliness, environmental awareness, and hygiene. The event saw enthusiastic participation from NSS volunteers, who engaged in cleaning activities such as garbage collection, waste segregation, and educating the community about proper waste management practices.

NSS Volunteers, along with Bisleri team participated in Swachh Bharat Abhiyan programme.

District Level Viksit Bharat Youth Parliament

The NSS Unit of Little Flower Degree College (LFDC) successfully organized the District Level Viksit Bharat Youth Parliament in collaboration with the NSS Cell of Osmania University. Held at Montfort Hall, LFDC over two days, the event brought together students from colleges across the Ranga Reddy and Vikarabad districts. It provided a platform for youth to engage in democratic processes, develop skills in public speaking, debating, and problem-solving. The event saw enthusiastic participation and was judged by a panel of experts, ensuring fairness. Students debated national and global issues, simulating the workings of a real parliamentary session. This helped promote leadership, communication skills, and civic responsibility.

PETER DRUCKER CLUB

Quit India Movement – Role Play “AZAADI”

The Peter Drucker Club, Department of Management, successfully organized a role play centered around the Quit India Movement on August 9, 2024, at 11:35 AM in the Seminar Hall I41. This immersive experience aimed to provide the participants with a comprehensive understanding of the movement’s origins, key figures, and significance. The role plays effectively transported participants back to the era of the Quit India Movement. The performance delved into the movement’s genesis, highlighting the factors that catalysed the call for ‘Quit India’. Key figures, including Mahatma Gandhi, Jawaharlal Nehru, and other prominent leaders, were portrayed, showcasing their roles and contributions to the movement. The participants gained valuable insights into the motivations, challenges, and sacrifices of the individuals involved in the movement

Visit to Vapra Composting Unit, Hyderabad

Johann Mendel Club organised a field visit to Vapra Composting Unit, Uppal, Kondapur, on 18th January 2025. The main aim of the visit was to learn about the importance of composting and recycling organic waste and bringing back all the nutrients to soil thereby reducing landfills. 58 students from all streams of Life Sciences along with three faculty visited the composting unit. Vapra means “born out of soil”, it is considered as one stop solution for all composting problems in a faster and efficient method. The decomposed waste is dried and recycled as nutrient organic manure. The unit also educates the public about this manure and sells composting bins at low cost to households to carry out decomposition at homes, thereby reducing the damage to the ecosystem as well to human health. The students had an opportunity to understand about the trash that the city is generating and the problems that are faced and their role as a responsible citizen lie in segregating and recycling the waste to save nature and mother planet.

National Science Day Celebration

Johann Mendel Club organised a field visit to Virtual Wild Life Safari, Kondapur, on 1st March 2025, to commemorate the National science day celebrations. The main aim of the visit was to learn the importance of conservation and the beauty of the forest of India through latest Artificial intelligence applications in the field of Life Sciences. 58 students from all streams of Life Sciences along with four faculty visited the park. This park is launched by the Telangana State Forest Development Corporation where a wildlife experience unfolds bringing India's first ever virtual reality wildlife safari. Through cutting edge VR technology, the students experienced a simulated forest habitat. They encountered a treasure trove of experiences including thrilling safari rides, forest walk, VR experience zone under the ocean, orbital 9D cinema, 360-degree indoor theatre, zero gravity space walk and kayaking virtually. Virtual reality transports the visitors to lush, biodiverse forests reminiscent of the Eastern and the Western Ghats and also to the freezing Antarctica with icy terrains and penguins. It serves as an educational tool, raising awareness about ecosystems and the environment through merging technology and nature.

Visit to India's first Virtual Wildlife safari park.

LITERARY COMMITTEE

Festa Lettararia - Intercollegiate Literary Competitions

The Valedictory Ceremony for the Literary Competitions was a grand celebration of creativity and intellect, held on 6th February, 2025 in the Montfort Hall. Congratulating the winners, Rev. Bro. John Kallarackal, Director, LFDC emphasized on the importance of exposure through the participation in the competitions. Winners of various competitions were felicitated with mementos and certificates, recognizing their exceptional talent. The ceremony concluded with vote of thanks by the President of Student Council, expressing gratitude to the organizers, judges, and the participants.

COMMITTEE

Roast Master - Stand-up Comedy

Stand-up comedy event was organized by the Department of Arts, where students humorously tackled the complex topic of the Goods and Services Tax (GST). The performance aimed to simplify the concept of GST and make it more relatable for the students. The participants incorporated witty observations about the GST system, poking fun at its intricacies and how it affects everyday life. The event was filled with laughter, as students cleverly used satire to comment on the bureaucracy and confusion surrounding tax laws. The jokes also touched upon the impact of GST on various industries and how businesses try to navigate it. The comedians infused real-life examples and scenarios, adding authenticity to their performances. The success of the stand-up comedy show highlighted the creativity and engagement of students in addressing contemporary issues in a fun, engaging manner.

LIBRARY COMMITTEE

Orientation Program

Library & Information Sciences organised orientation programme in Montfort Hall on 31st July 2024 for 1st year in two different sessions. Students were enlightened on the topics (A) BASIC INFORMATION OF LIBRARY SCIENCE (B) ABOUT LFDC LIBRARY STAFF AND STUFF (C) RESOURCES AVAILABLE IN LFDC LIBRARY. The program transcended a mere introduction to libraries' physical layout. This orientation helped students with the necessary tools & knowledge to become active participants in their process. Students were familiarised with the library's rules & regulations. The orientation was helpful for the students to know much more about the topics, and was well received by the students who expressed their pleasure in learning new subjects. This helped & empowered students to become independent & effective learning throughout their academic careers.

Library Orientation session began with seeing blessings of Almighty

Bathukamma Celebrations

On 1st October 2024, the Interfaith Committee of Little Flower Degree College celebrated Bathukamma at Karunya Court. LFDC, a significant festival of Telangana that showcases the region’s rich cultural heritage. This vibrant event took place just before the Dasara festival vacation, emphasising the spirit of womanhood and nature. The students and the faculty enthusiastically participated in creating beautiful floral arrangements and performed traditional songs and dances, highlighting the customs and artistry of Telangana. The celebration fostered a sense of unity and pride as everyone embraced the essence of the festival. The festivities concluded with the participants sharing in the joy of Bathukamma, strengthening their bonds within the college community. Overall, the event was a resounding success, reflecting the enthusiasm and cultural pride of the Telangana community.

Birthday Celebrations

The Management of Little Flower Degree College has initiated birthday celebrations of the teaching and non-teaching staff since January 2024 to foster a sense of community among the staff members. These celebrations provide a platform for staff to bond beyond work and recognize each other's special days. The celebration is held on the 28th or 29th of every month in Montfort Hall. All the staff members whose birthday falls within that month are celebrated during a small gathering. The event typically includes prayer, cake cutting ceremony, gifts to the celebrants, short video of the birthday celebrants showcasing their pictures, games/cultural activities, group photograph followed by refreshments and snacks. The Staff members have expressed appreciation for the initiative, noting it creates a friendly environment and builds stronger interpersonal relationships. Suggestions for future celebrations include themed events and the inclusion of short games or cultural programs. The staff birthday celebration initiative has been a positive step toward improving staff engagement and workplace satisfaction.

Potluck

The potluck is a regular tradition of the college organized by the Staff Welfare Committee two times per semester. Potluck was a delightful event that encouraged friendship and cultural exchange among the faculty and the administrative members. Each participant brought a homemade dish, resulting in a diverse spread of cuisine. The relaxed atmosphere fostered conversation and bonding outside the usual work environment. They are well-organized, with contributions from all departments, and receive positive feedback from attendees. It served as a much-needed break from routine and strengthened interdepartmental relationships. During the odd semester of the academic year 2024-25 potluck was organized in the months of July and November. The November potluck was at Gandipet at the outing of the staff members. During the even semester, potluck was organized in the month of March as a part of Women's Day celebrations and in the month of April as part of Birthday Celebrations, marking the end of the even semester.

Festival Celebrations

RATHASPTAMI

The Staff Welfare Committee celebrated Ratha Saptami on 4th February 2025. It is also known as Surya Jayanti a festival dedicated to the sun god that marks the beginning of the sun's northward journey (Uttar Ayana), symbolizing the transition from winter to spring and the rise of light and energy. The celebration started with a prayer by Ms. Gayatri and Ms. Radha, faculty of Sanskrit, and Ms. T. Naga Lakshmi, faculty of Electronics, emphasized the importance of Ratha Saptami. The program ended with lunch prepared by the faculty, which included the traditional cuisine.

HOLI

The Holi festival was celebrated on 13.03.25 in Karunya Court. It symbolizes the arrival of spring and celebrates the triumph of good over evil. The celebrations started at 3pm with prayer by Ms. Rubina. Mr. Prashanth explained the importance of celebrating the festival. The event featured vibrant colours, music, and dance, with all faculty actively engaging in the festivities. This event emphasized unity and harmony, with traditional Holi delicacies enhancing the sense of inclusivity.

FACULTY AWARDS

Annual Day was celebrated on 26th March 2025. The faculty were rewarded with cash prizes in the following categories.

1. PhD Registration
2. Paper Publication in Scopus
3. Progression in PhD
4. 100% Result
5. Completion of 10 years of service
6. Best Faculty

SKILL DEVELOPMENT COMMITTEE

Calligraphy Course

A successful 30-hour Calligraphy Certificate Course was conducted at Little Flower Degree College, Uppal, from February 3rd to 19th, 2025 by K. Vamsi Krishna, an amazing Calligraphy Artist. This skill development program, aimed at enhancing artistic abilities, saw impressive participation from students across all streams and years. The curriculum covered various calligraphy styles, emphasizing foundational strokes and letter formation. Students actively engaged in practical exercises, showing a strong desire to learn. The instructor's expertise and patient guidance fostered a creative and supportive environment. Students' dedication was evident in their high-quality final projects, showcasing newfound calligraphy proficiency. The meticulously structured syllabus and engaging teaching methods contributed to the program's success. Little Flower Degree College's commitment to holistic development is commendable. Their support in facilitating this enriching program demonstrates dedication to nurturing artistic talents and providing valuable skills. Positive participant feedback highlights the program's effectiveness and positive impact on personal and artistic growth. Students expressed immense satisfaction, citing the course's practical relevance and enjoyable learning experience. The college deserves praise for its continuous efforts in providing enriching skill-based programs. Students have expressed a desire for more advanced courses.

Students being taught Calligraphy in group and in person.

Fabric Painting Course

From February 17th to March 1st, 2025, Little Flower Degree College, Uppal, successfully concluded a vibrant 30-hour Fabric Painting Certificate Course. This program, designed to foster artistic expression, saw enthusiastic participation from students across all disciplines. The course offered a comprehensive introduction to various techniques. Students actively engaged in practical sessions, experimenting with colors and designs. The instructor i.e. Ms. P. Swapna, a wonderful Fashion Designer's expertise and guidance created a supportive environment, encouraging creative exploration. Students displayed remarkable creativity, producing unique fabric creations. The well-structured syllabus, combined with practical demonstrations and feedback, contributed to the program's success. Little Flower Degree College's commitment to diverse skill development is commendable. Their support reflects dedication to nurturing artistic talents. Positive feedback highlights the program's effectiveness in enhancing skills and promoting self-expression. Students expressed immense satisfaction, citing the enjoyable learning experience. Many requested advanced courses. The college is praised for the successful program.
