**REPORT
INTRA-COLLEGIATE COMPETITION
“QUANTITATIVE INSIGHT CHALLENGE”**

The Department of Statistics conducted the Intra-Collegiate Competition “QUANTITATIVE INSIGHT CHALLENGE” on 10th October, 2023, at 12.40 p.m. related to the topic of different research datasets. The competition was conducted for both UG and PG students. The aim of the programme was to encourage students to analyse the data for the given Research dataset using MS-EXCEL in the field of statistics. 35 students from all streams enthusiastically participated in this event. Students learned the application of appropriate models for analysis by understanding the i/p.
