International Day of Girl Child

Rally and One Act Play- 11October,2021

Script of One Act play

A. Hey, how are you? It has been long since we have met.

B. I'm good. How are you?

A. I'm good. Hey, did you know that today is the International Day of Girl child?

B. Oh is it? What do we need to do then?

A. Nothing, except making sure that we will respect the women and treat them as our equals.

B.really? Hahaha

Do you think it is going to happen in a country like India?

A. Yes. If we all strive hard for that, we can make it happen within no time.

B. If you believe that, let me read out an advertisement by a man for a wife that shocked me.

A. What?

B. Here it is. Let me read it for you

I want a wife....

I would like to go back to school so that I can become economically independent, support myself, and, if need be, support those dependent upon me. I want a wife who will work and send me to school. And while I am going to school, I want a wife to take care of my children. I want a wife to keep track of the childrens' doctor and dentist appointments. And to keep track of mine, too. I want a wife to make sure my children eat properly and are kept clean. I want a wife who will wash childrens' clothes and keep them mended. I want a wife who is a good nurturant and attendant to my children, who arranges for their schooling, makes sure that they have an adequate social life with their peers, takes them to the park, the zoo, etc. I want a wife who takes care of the children when they are sick, a wife who arranges to be around when the children need special care, because, of course, I cannot miss classes at school. My the wife must arrange to lose time at work and not lose the job. It may mean a small cut in my wife's income from time to time, but I guess I can tolerate that. Needless to say, my wife will arrange and pay for the care of the children while my wife is working.

I want a wife who will take care of my physical needs. I want a wife who will keep my house clean. A wife who will pick up my children, a wife who will pick up even me. I want a wife who will keep my clothes

clean, ironed, mended, replaced when needed, and who will see to it that my personal things are kept in their proper place so that I can find what I need the minute I need it. I want a wife who is a good cook. I want a wife who will plan the menus, do the necessary grocery shopping, prepare the meals, serve them pleasantly, and then do the cleaning up while I do my studying. I want a wife who will care of me when I am sick and sympathise with my pain and loss of time from school. I want a wife to go along when our family takes a vacation so that someone can continue to care of me and my children when I need a rest and change of scene. I want a wife who will not bother me with rambling complaints about a wife's duties. I want a wife who will listen to me when I feel the need to explain a rather difficult point I have come across in my course studies. And I want a wife who will type my papers for me when I have written them. I want a wife who will take care of the details of my social life. When my wife and I are invited by my friends, I want a wife who will take care of the baby-sitting arrangements. When I invite people, I want a wife who will keep the house clean, will prepare a special meal, serve it to me and my friends, and not interrupt when I talk about things that interest me and my friends. I want a wife who will have arranged that the children are fed and ready for bed before my guests arrive so that the children do not bother us. If I find another person more suitable as a wife than the wife I already have, I want the liberty to replace my present wife with another one. Naturally, I will expect a fresh, new life; my wife will take the children and be solely responsible for them so that I am left free. When I am through with school and have a job, I want my wife to quit working and remain at home so that my wife can completely fulfil a wife's duties.

My God, who wouldn't want a wife?

This is what many people in India expect. And some of them feel that girls don't need any education as this is what they do.

Now tell me after listening to this, do you think we can change people's perspectives about women?

A. What you said is right but I don't think it's impossible. But I believe that whatever we have to do, must surely be done irrespective of how much change we can bring about.

B. I agree with you. We must treat women in the same way as we expect to be treated by others.

A. On this occasion, let's all take a decision. Let's take an oath

Department of English and Modern Language (English Lit) International Day of Girl Child

Rally and One Act Play- 11October,2021

Significance of the day

Warm wishes to all of you on this International Girl Child Day.

Today we are all here today to raise our voices against the gender-based challenges that girls face around the world, including child marriages, discrimination, violence and poor learning opportunities.

Every year on October 11, International Day of the Girl Child is celebrated to empower girls and amplify their voice. Today we need to acknowledge the importance, power and potential of adolescent girls by encouraging the opening up of more opportunities for them.

International Day of the Girl Child was first achieved by the Beijing Declaration in 1995 at the World Conference on Women in Beijing. It was the first-ever event to have identified the need for addressing issues faced by adolescent girls around the world.

International Day of the Girl Child began as a part of the non-government, international organisation plan. This campaign was designed to nurture girls, especially in developing countries, to promote their rights and bring them out of poverty. UNESCO is committed to celebrating this day to ensure that all girls have access to a quality education and a better and dignified life. But how many of us are really committed to ensuring this?

International Day of the Girl Child reminds us that it is our responsibility to give them the importance they deserve and work together for their happier lives.

Let us make this International Day of the Girl Child more meaningful by giving the girl child a safe world to live in.

On the occasion of International Day of the Girl Child, let us recognize the rights of girls and also the problems they face around the globe to give them a better life, a better future.

Let us all take an oath today to make this world become a safer and happier place for girl children to live happily.

REPORT ON GENDER SENSITIZATION (PPT PRESENTATION BY STUDENTS)-2022-23

The Gender Sensitization PPT Presentation showcased an array of thought-provoking topics, each shedding light on crucial aspects of gender-related issues. One presentation delved into the intricacies of gender stereotypes, emphasising that individual capabilities and interests transcend traditional societal norms. Another presentation tackled the pervasive issue of gender-based violence, advocating for the creation of safe spaces and robust support systems for survivors. Additionally, a compelling discussion unfolded around the portrayal of gender in media, highlighting the influential role media plays in shaping societal perceptions and calling for more diverse and authentic representations. Moreover, the presentations delved into the realm of education, advocating for equal opportunities and inclusive learning environments that accommodate marginalised genders. They also delved into the workplace dynamics, addressing the persistent challenges of gender discrimination and advocating for policies that ensure equal pay, career advancement opportunities, and a harassment-free workplace. Firstly, they significantly enhanced awareness and understanding of gender-related issues, challenging biases and fostering empathy among the audience. Secondly, they empowered students to become catalysts for change, encouraging them to advocate for gender equality and contribute actively to creating more inclusive communities. Lastly, these presentations sparked meaningful dialogues and engagements, paving the way for ongoing discussions and initiatives aimed at sustaining the momentum towards a more equitable and respectful society. The Gender Sensitization PPT Presentation by students was not just an academic exercise but a transformative experience that instilled a sense of responsibility and empowerment. It marked a crucial step towards fostering inclusivity, respect, and equality for all genders, with plans for continued efforts and initiatives to ensure a lasting impact on societal attitudes and norms.

REPORT ON GENDER SENSITIZATION (PPT PRESENTATION BY STUDENTS)-2021-22

The Gender Sensitization PPT Presentation covered a range of important topics related to gender, each shedding light on key issues. One presentation focused on gender stereotypes, emphasising that people's abilities and interests go beyond traditional societal expectations. Another addressed gender-based violence, advocating for safe spaces and strong support for survivors. Media's role in shaping gender perceptions was also discussed, urging for more diverse and authentic representations.

The presentations also touched on education, calling for equal opportunities and inclusive learning environments. In the workplace, they highlighted challenges like gender discrimination and pushed for policies ensuring fair pay and career growth, as well as a harassment-free atmosphere. These presentations not only raised awareness but also inspired empathy and challenged biases among the audience.

They empowered students to advocate for gender equality and contribute to inclusive communities. They sparked meaningful conversations and initiatives for sustained progress. Overall, the Gender Sensitization PPT was transformative, fostering responsibility and empowerment. It's a crucial step towards a more inclusive, respectful society, with plans for ongoing efforts to make a lasting impact on societal norms.

On the occasion of World Earth Day, LENVIN club Little Flower Degree and PG College, Uppal in collaboration with the Department of Microbiology organised a drawing competition on 22nd April 2022 to educate the students about the planet and to promote awareness about conservation and the future of Earth. Students from various streams came forward to participate in the activity. They assembled and drew their idea of our planet and the steps we as humans must take to avoid harm. The students were creative and used different ways of expressing their thoughts. They gave a motivating and thoughtful tagline to their drawings and got motivated to do their part for our planet. It was concluded by a small speech from every student about their experience and learning after the activity. We received positive responses in the feedback from the students. It was a successful activity that promoted awareness about the planet, its future,

Consolidated Report

Name of the Event:	Online Webinar
Topic:	"Importance of English for Competitive/Entrance Exams" (CAT/IELS/BANK/ICET)
Date/Time:	04-02-2022, 3PM
Venue:	Google Meet
Guest Speaker	Mr. J. Raghevender, TIME
Participants:	Students from Various Courses
Objective:	Understanding the importance of english language
Outcome:	Learn the importance of english language in competitive exams

The Department of English organised an online webinar on the topic "Importance of English for Competitive/Entrance Exams" (CAT/IELS/BANK/ICET) on 4th February, 2022 through an online platform - Google Meet. Ms. Lakshmi Andal was the host of the webinar. The webinar commenced with a prayer by Mr. Jaya Sheelan. The speaker Mr. J. Raghevender spoke about the importance of the English language in competitive exams. Students preparing for competitive exams must have English skills. About 20 to 30% of marks are allotted for the English Section in each competitive exam and entrance exam. Competitive exams are like UGC NET, SSC CGL, IBPS PO etc. and entrance exams are like CAT, MAT, CLAT, CET, etc. One-fourth of the total weightage on the written exam of first level is given to English. After that, Group Discussion and Interview level combined together make 80% score for English language.

He spoke about the two types of tests, generic and specific. Generic test is about the aptitude test where an assessment is used to determine a candidate's cognitive ability or personality and the specific test depends on what kind of job you want to be into.

He spoke about personality development and how you take part in the activities in the college or organise the events that give growth to our personality and make us a confident person.

He spoke about how important is English in competitive exams, he stated that Math's needs Intelligence, Physics necessitates Imagination, Chemistry necessitates Agility, Biology necessitates Memory, and GK & Current Affairs necessitate Awareness. Unfortunately, there is no word that we can attach with English to describe "what English requires," because mastering the English language necessitates a combination of variables.
