FIELD TRIP to ICRISAT

On the 19 of October 2022, the students of B.Sc. (Statistics) and M.Sc.(Statistics) along with 2 lecturers went for a field trip to **ICRISAT**, Patancheru, Hyderabad. We arrived there by 11.45am. We went on a field trip to witness the exposure for students regarding agriculture held by ICRISAT.

The objective of the trip was to get to know about the various dimensions that we have in the ICRISAT in terms of their research and to get exposure on various subjects projected by them.

We were allotted with a guide who had explained in detail about the place and the research that is done there. During the tour, we jotted down some notes and listened to the host regarding various agricultural equipment in the field. The question-and-answer session went for an hour. We also managed to get a good amount of knowledge regarding soils, the landscape of the ICRISAT, agricultural experiments and so on.

Due to time constraints as there were many things to watch and to ask, we tried to get as much knowledge as possible.

We learned various things about agriculture in millets and their varieties. We also found out about career opportunities. The conductivity of the environment of the place was pleasant and which could help students to apply in future especially those who are interested in geodesy.

Our trip ended by 1 pm. It can be concluded that the trip was successful and we believe that our objective was achieved. We learned something new and beneficial for us. It is well recommended for students who are curious to learn new things and explore new methodologies. We are thankful to our principal and correspondent Rev. Bro. Vincent Reddy and our lecturers Ms. T.Manjusha and Mr.R.Kumar who accompanied us by picking out their valuable time.

Dear Ms. Dhawani,

Greetings and thanks for your interest in ICRISAT.

1. Your group of 50 students and 2 faculty members, a total of **52 members** is welcome to visit ICRISAT on **Wednesday, 19 October 2022, at 1000 hrs**, as requested. This visit is exposure to ICRISAT; there is no specific training program.
2. Please send the full list of students before arriving.
3. **COVID-19 protocol: Please ensure all the students are fully vaccinated. Wearing a mask throughout the visit is mandatory.**
4. The ICRISAT Centre is at Patancheru, 30 km North-West of Hyderabad, on the Mumbai highway.
5. We request you bring the group on the scheduled day and at the appointed time only.
6. Please ensure that escorting official doesn't bring children with them. Security at Main Gate will not allow children.
7. We don't charge any fee for the visit to ICRISAT.
8. At ICRISAT we don't have an accommodation facility for visiting groups of students and farmers.
9. Lunch: Vegetarian thali lunch will be arranged in our canteen on a direct payment basis, on prior request. This is charged at **Rs 150/ meal**. Payment is to be made directly in the canteen.

Please keep me informed regarding any changes in your plans in advance.

Thanks, and kind regards.

DEPARTMENT OF PSYCHOLOGY

FIELD TRIP TO IMH (ERRAGADDA)

DATE: 20th APRIL, 2023

TIME: 09:00 AM - 2:30 PM

VENUE: IMH ERRAGADDA

PARTICIPANTS: 18

REPORT ON

FIELD TRIP TO INSTITUTE OF MENTAL HEALTH - ERRAGADDA

OBJECTIVE The Department of Psychology conducted a field trip to IMH on 20 April, 2023. The field trip was conducted from 9.00 am to 2:30 pm. 18 Students of M.A Psychology of both senior and first year took an active part in the field trip.

The **objective** of the field trip was to give practical exposure to various psychological disturbances which they study as part of their curriculum

Field trip was taken place for the students of Post Graduation to make them understand and practically experience their role in the future. Trip was planned on 20/04/2023, with 18 students and faculty (2) from the Psychology department. Students were taken to IMH, Erragadda, hyd. Reached the institution by 09:am. After reaching the institution, clinical psychologist Venkata Subbaiah addressed students and given instructions about student's behaviour and safety measures while attending the patient, from there students were taken to outpatient wards, where students could interact with family members of patients, who are suffering with various mental illnesses like, Mood disorders, Schizophrenia, Anxiety and Depression. Students noted down the symptoms, severity and causes of the cases that they have observed.

There were nearly more than 600 patients in the institute both inpatient and outpatient. The students were also taken to in-patient open wards of both males and females where special cases like paranoid schizophrenia, bipolar disorders related people were admitted for inhouse treatment.

Outcome: The students learned many things about the treatment procedures, how important a clinical psychologist is for the institute, about causes of mental illnesses.

The students **feedback** would be positive, given the engaging content of the Field Trip. They likely appreciated the insights about the clinical methods to determine the illness, importance and scope of clinical psychologists, also types of treatments, interventions and assessments used.

Little Flower Degree & PG College UPPAL, Hyderabad Department of Mass Communication & Journalism

Date : 24/02/2023

Venue: Iskabaigudam, Nalgonda Dist.,

Time: 8:30 am to 6:30pm

Resource Person: Mr. Nobin Charly

Consolidated Report

The Department of Political Science along with Dept of Mass Communication and Dept of Psychology organised an educational field trip to Iskabaigudam village in Nalgonda district. The main purpose of this visit is to give the students of BA II and III years a practical live meeting of Gram Sabha meeting.

The trip started from the college at 8:30 am in a private bus, and it took nearly 2 and half hours to reach the destination. As soon as we reached the village, the son of Sarpanch met us and immediately took us to the gram sabha meeting. There the Upasarpanch Mrs. Israth and the Sarpanch Mrs. Govindamma spoke about the development programmes undertaken in the village, and how government funds are utilized for the upliftment of the village. They also spoke about the programs for poverty alleviation, social and economic development and empowerment of women, as it could be seen with both Sarpanch and upa sarpanch being women.

As the day progressed, the students indulged in swatch bharat program, like cleaning the village, planting saplings, watering the plants and interacting with the primary school students. The college students entertained them and gave gift to them. It was later followed by lunch, which was organized by the members of the Gram sabha members.

A video the entire events starting from the gram sabha meeting till the planting of saplings, was taken to be compiled into a documentary for the college, under Mr. Nobin, HOD, of mass communication and journalism. Later in the course of the day, a qualitative survey was taken by the students of psychology under the guidance of Mr. Ganesh Faculty of Psychology to understand the villagers satisfactory process.

After the lunch, it was time for the students to take a look around the village, and relax after a hard days work. They went to a farm house where oranges were grown and enjoyed. By 5:00 pm it was time to leave the village. Vote of thanks was proposed by Ms. Mounika from BA 3-yr followed by a faculty member Ms. Thane. The students started for home tired but satisfied that the day in the village was well spent.

Department of Mass Communication & Journalism

Date: 28-03- 23

Venue: Divyavani TV, Ramanthapur

Event: Industrial Visit

Consolidated Report

The Department of Mass Communication organized an educational field trip to Divyavani TV, Ramanthapur,

Hyderabad , District. The purpose of this field trip was to understand the working of the TV news channel and broadcasting.

The CEO of Divyavani TV Fr. Udumula Bala Showri invited the students and explained the working of a broadcasting firm.

Students got exposure to hands-on working of a channel. Students got to know about the working of PCR, Studio floor, MCR and Edit rooms. They were given exposure to sound mixing and lighting. Students left the campus at 9am and returned back at 12 pm. A vote of thanks was proposed by Mr. Nobin Charly HoD Dept of Mass Communication. BA Co-ordinator Ms Thane also accompanied the students and helped students with her valuable insights.

Dear Fr. Udumala Bala Showri,
CEO, Divyavani Social Communications
Hyderabad

Greetings from Little Flower Degree and PG College Uppal!

As per our telephonic conversation, the Department of Mass Communication and Journalism, LFD&PG, would like to visit your organization on 29, March 2023. We will be extremely grateful, if you could revert us back with a confirmation mail on the same. We appreciate your early response on this matter and would like the students to be benefited from this field visit. We are looking forward for the visit to your esteemed institution.

Warm regards,
Ms. P. Jayanthi Reddy,
Vice Principal,

LITTLE FLOWER DEGREE & PG COLLEGE

DEPARTMENT OF BIOTECHNOLOGY

FIELD VISIT: ATLANTIS PHYTOTECH -2023 EVENT REPORT

The Department of Biotechnology, Little Flower Degree & PG College organized a field trip for the Biotechnology students of Bsc Life Sciences to Atlantis Phytotech, Hyderabad on 17 April 2023. It was an informative and valuable experience for the students as they had the opportunity to observe and learn about cutting-edge research and technology in plant biology and biotechnology. They saw the firsthand different techniques used in plant breeding, genetic modification, and tissue culture, as well as gained insights into the commercial application of these technologies. Overall, the field trip provided students with a practical and hands-on experience, reinforcing their classroom learning and inspiring their curiosity for the subject matter.

TIBCON CAPACITORS FIELD TRIP REPORT

VENUE: TIBCON CAPACITORS

DATE:03/8/2022

CLASS:III MPCS,MPC,MECS

TIME: 9:00 TO 3:00

Department of Physics and Electronics has organized a field trip to "Tibrewala Electronics LTD, BHEL Ancillary Industrial Estate, Hyderabad "on 3/8/2022. Students of III MPCS, MPC, MECS accompanied by Ms. Nagalakshmi, Dept of Electronics and Ms. shajahan begum, Dept of Physics have attended the field trip.

Tibcon Capacitors produce various types of highly advanced capacitors with fully automatic machinery & mistake proofing systems at all manufacturing stages. These capacitors are highly reliable and of good quality with great performance. Tibcon capacitors is one of the leading manufacturers in India, the company make sure that their products are safe for both the people and the environment.

The Plant Engineer Mr. Manohar divided the students in to groups of 20 and showed the Plant. He explained about Construction of various types of capacitors Like Lighting capacitors, PFC capacitors, Oil Filled capacitors etc. He also explained about the various areas in which these capacitors are used.

Students were shown how capacitors are manufactured, assembled, tested, logo labelling and packaging are done. They gained the knowledge about various capacitors and their applications.
