REPORT ON INCUBATION CENTRE

College established an incubation centre to encourage students to come up with innovative ideas and share them in one platform. College focus on the entrepreneurial quality among the students so that in future periods students should be self-reliant. The main objective of the incubation centre is to create a culture where students transform ideas into viable businesses. Incubation centre provide a nurturing environment, offering resources, mentoring and networking opportunities crucial for student success.

Objectives:

1. Startups nurtured in incubation centers create employment opportunities, driving economic growth and fostering innovation.
2. bringing together diverse talent and fostering collaboration, incubation centers stimulate innovation within regional ecosystems.
3. cater to a wide range of industries, from technology and biotech to social enterprises, contributing to the development of various sectors.

Functions of incubation centre:

1. Incubation centers offer physical infrastructure such as office space, labs, and equipment, reducing initial overhead costs for startups.
2. Experienced mentors and advisors provide invaluable guidance on various aspects including business strategy, marketing, and fundraising.
3. Connections with industry experts, investors, and fellow entrepreneurs enable startups to build partnerships, secure funding, and access markets.
4. Workshops, seminars, and training programs equip entrepreneurs with essential skills and knowledge for business development.
5. Incubation centers often facilitate access to funding through investor networks, grants, or pitching events.
