REPORT ON PROFESSIONAL DEVELOPMENT PROGRAMME ON INTELLECTUAL PROPERTY RIGHTS (IPR)

A Five Day PDP on 'Upcoming and Contemporary issues in Intellectual Property Rights' was organised by IPR Cell in collaboration with Little Flower Quality Assurance Cell (LFQAC) from 5th July, 2022 to 9th July, 2022. IPR is essential for better understanding, identifying, planning, commercialization, rendering and thus helps in preserving the inventions or creativity. To help the faculty understand what IPR actually is and how it can be integrated into their research work was the main objective in organising this programme.

As a part of the PDP, each day a topic related to IPR is delivered by eminent faculty across the industry. The topics discussed were

1. Awareness on IPR and related law
2. Role of IPR in Biodiversity
3. Role of IPR and entrepreneurship
4. IPR and Economic Development
5. AI and IPR

All the faculty members participated enthusiastically and gained basic knowledge of Intellectual Property Rights and entrepreneurship.

Day1: Mr. Ravi Chander, renowned lawyer enlightening the participants on IPR and related law

Day2: Professor Radhika Yadav, OU law college enlightening the faculty on the role of IPR in Biodiversity

NAME OF THE ACTIVITY: SEARCH STRATEGIES.

VENUE: Online & P11

DATE: 21-10-2022

TIME: 11:00 AM - 2:00 PM

REPORT:

The SEARCH STRATEGIES National Webinar was conducted for students and staff with the aim of enhancing their research skills and information literacy.

The webinar was taken up in giving information on various aspects of effective search strategies, including database navigation, keyword selection, advanced search techniques, and critical evaluation of sources. Interactive sessions, case studies.

Participants gained practical strategies for conducting efficient and effective research across various disciplines. Learning advanced search techniques and database navigation skills can streamline the research process, saving time and effort. The objective was to improve participants' ability to critically evaluate information sources and discern credible sources from unreliable ones.

The webinar aimed to create a platform for knowledge sharing and collaboration among students and staff from diverse academic backgrounds. Students learned how to formulate effective search queries, navigate databases, and locate relevant scholarly sources for their assignments and projects. The SEARCH STRATEGIES National Webinar proved to be a valuable learning experience for both students and staff, equipping them with practical skills and strategies essential for academic and professional success in an increasingly information-driven world. By enhancing research skills, promoting critical thinking, and fostering collaboration, the webinar contributed to the overall academic excellence and professional development of participants.
